Indian Industrial Conference.

To

The Chief Secretary,
The Government of Madras,
MADRAS.

Sir,

I have the honour to submit herewith for favour of being laid before H.E. the Governor of Madras in Council four copies of the Resolutions passed at the Indian Industrial Conference held at Benares on the 30th of December last. The Conference was the first of its kind held in India and was the outcome of the increasing desire of educated Indians and Anglo-Indian well-wishers of the country to take counsel and devise some practical methods for **concerted** action in all parts of the country for the development of Indian industries.In the years 1891 and 1892 Indian Conferences were held at Poona under the presidentship of Captain Beauclerk of Hyderabad (Deccan) and Mr:David Gostling of Bombay; but they were in fact Western India Conferences. The present was the first all India Conference to which representatives from all parts of the country were invited and in which gentlemen from all the provinces took part.

The Conference was presided over by Mr:Romesh Chunder Dutt,I.C.S.,C.I.E.(at one time officiating

Commissioner

Commissioner of Orissa and at present Amatya to H.H. the Gaekwar of Baroda). A number of papers dealing with different economical and industrial questions were laid before it. Owing to want of time they could not all be read. But the main lines of some of them were summarised by the writers who were present.

A full report of the proceedings of the Conference including the papers laid before it will shortly be issued and copies of the same will be submitted to the Government of **Madras** In the meantime under the directions of the Conference I beg to submit copies of the Resolutions which were passed at its sitting.

The Conference hopes that the Government of **Madras** will be pleased to accord a sympathetic consideration to the prayers contained in the Resolutions and will see their way to afford increased facilities for technical and industrial education in the Presidency of **Madras** for which no provision exists at present.

[illegible]

Extract submitted for communication to Fund (Books).

[I beg further to request that the Government of **Madras** will give to the Central Office of the Industrial Conference free of charge a copy of the **Fort St. George Gazette** and of their publications bearing on or connected with economic and industrial matters.]

I have the honour to be
Sir,
Your most obedient servant,
R. N. Mudholkar

Resolutions of the First Indian Industrial Conference

held at Benares on the 30th December 1905.

I

Resolved that this Conference urges the Government of India and all Provincial Governments and administrations, as also the people of India according to their powers and opportunities,—

(1) To found Technical Schools in all large centres for the industrial education on an adequate scale of the Indian people,

(2) To encourage and help Indian manufactures,

(3) And to foster and extend the use of such manufactures in India in preference to foreign goods.

Proposed by the Honourable Munshi Madho Lal (Benares).

Seconded by Mr. A Chowdhri (Calcutta).

Supported by Mr. N. Subbarao (Rajahmundry)

II

Resolved that this Conference urges all Provincial Governments and administrations as well as the proprietors and managers of private schools and colleges to add commercial classes, and industrial classes like those of weaving, dyeing, carpentry, &c., to the existing educational institutions where practicable.

Proposed by Mr. G. Subramania Iyer (Madras).

Seconded by Mr. Ali Mahomed Bhimji (Bombay).

III

Resolved that this Conference specially invites the attention of Indian capitalists to the great importance of introducing the use of improved hand looms among the weavers of India, and recommends the establishment of weaving schools, where boys may learn the use of such looms, with a view to their more extended use among the towns and villages of all Provinces in India.

Proposed by Mr. Prabhas C. Mitra (Calcutta).

Seconded by Mr. Babulal Govika (Aligarh).

Supported by Mr. Fazlal Hassain (Aligarh).

IV

Resolved that this Conference urges Indian capitalists to establish at their own cost schools for spinning, dyeing, pottery, carpentry, and the manufacture of ironware and brassware, in order to afford facilities to boys of all castes and classes to learn such useful industries as a means of their livelihood.

Proposed by Rai Bahadur Lala Baij Nath (Allahabad).

Seconded by Pandit Rambhaj Dutt Chowdhri (Lahore).

Supported by Mr. L. R. Das (Calcutta).

V

Resolved that where it is possible to raise large funds for industrial education, this Conference recommends the placing of such funds in the hands of trustees with a view to the establishment of Technological Colleges on the most modern methods adopted in Europe, America and Japan for the training of large numbers of students in the various industries which are profitable in India.

Proposed by Sir Bhalchandra Krishna, Kt. (Bombay).

Seconded by Rai Saheb Lala Girdhari Lal (Delhi).

Supported by Mr. Lukhbir Singh (Muzaffarnagar).

VI

Resolved that Provincial Committees be established in Bengal, Bombay, Madras, the United Provinces, the Punjab, and the Central Provinces and Berar consisting of the members named below for giving effect to the above recommendations, generally encouraging industries and making an industrial survey in their several provinces and compiling useful facts and suggestions for submission to the next Industrial Conference in December 1906. In order to carry out these views each Committee is requested to raise suitable funds, appoint trustees, frame rules for the conduct of business and lay their accounts before the next Industrial Conference.

Resolved that the following gentlemen be the members of the Provincial Committees for the year 1906, with power to add to their number:—
