Territorial jurisdiction of the Inspectors of Schools.

Sanctioning the redistribution of the — as proposed by the Director of Public Instruction, and requesting him to report after a year how the scheme has worked and whether he desires to modify it in any way.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

Read—the following paper :—

Letter—from the Hon'ble Mr. A. G. Bourne, D.Sc., F.R.S., Director of Public Instruction.
To—the Secretary to Government, Educational Department.
Dated—Madras, the 23rd January 1906.
No.—Cur. No. 400.

Referring to G.O., No. 825, Educational, dated 15th December 1905, regarding the addition of two new appointments of Inspectors of Schools to the cadre of the Indian Educational Service and the appointments which have now been made, I have the honour to request that Government may be pleased to accord early sanction to the following redistribution of the territorial jurisdiction of the Inspectors :—

1st Circle.

Ganjám.
Vizagapatam.
Gódávari.
Kistna.

2nd Circle.

Bellary.
Kurnool.
Anantapur.
Cuddapah.
Nellore.
Guntúr.

3rd Circle.

Madras.
Chingleput.
North Arcot.
Tanjore.

4th Circle.

Madura.
Tinnevelly.

5th Circle.

Coimbatore.
Salem.
Trichinopoly.
South Arcot.

6th Circle.

Malabar.
South Canara.
The Nilgiris.

2. I recently gave considerable attention to the distribution of the Presidency into twelve divisions. This distribution was approved by Government in Gazette notification, dated 21st June 1904, and has since worked satisfactorily. This distribution has been taken as the basis for the formation of the new circles, each of which contains two divisions, except that to the 6th Circle I propose to assign the Nilgiri district now comprised in the Coimbatore division and to place the district under the direct charge of the Inspector of that circle. The fact that the 3rd Circle will consist of two areas which are not geographically contiguous will not, I think, lead to any complications or even extra travelling expenses. The distribution takes into account all the various factors rather than any one of them alone, such as the number of high schools. I wish to put an end to the prevalent idea that the special or even the main function of the Inspector is to attend to high schools and to hold him to a greater extent responsible for the general state of education in his circle. The Inspector of Schools, Central Circle, has charge of the schools in Bangalore. As the inclusion of the important district of Tanjore in the 3rd Circle will make the work of this officer comparatively heavy, it is necessary to afford him some relief and I propose, at the suggestion of the present incumbent, to do this by relieving him of the Bangalore schools and assigning them to the Inspector of the new 5th Circle, who may conveniently take them in connection with his work in the Salem district.

3. The head-quarters of the circles may be Waltair for the 1st Circle, Bellary for the 2nd, Madras for the 3rd, Madura for the 4th, Coimbatore for the 5th and Calicut for the 6th. The present head-quarters of the Northern Circle is Rajahmundry but I consider Waltair the more suitable station. The office at Rajahmundry is now held only in a very unsatisfactory rented building so that there is on that account no reason to retain Rajahmundry as head-quarters. The Southern Circle office at Tanjore is now held in a Government building, but as the Tanjore district will form a part of the 3rd Circle with head-quarters at Madras, the portions of the buildings now occupied by it may, with advantage, be utilized for the Government Training school and the Assistant and Sub-Assistant Inspectors' offices also located in them. The proposed head-quarters for the other circles call for no remarks.

4. On receipt of the orders of Government in regard to the circles, I shall submit proposals as to the postings, formation of the new offices and other necessary details without delay.

Order—No. 200, Educational, dated 17th March 1906.

The Director's proposals will be sanctioned.

2. After a year's trial he should report how the scheme has worked and whether he desires to modify it in any way.

(True Extract.)

H. D. Taylor,
Ag. Secretary to Government.

To the Director of Public Instruction.
,, Accountant-General.

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., No. 200, EDUCATIONAL, DATED 17TH MARCH 1906.

[SUBJECT.—*Re-distribution of the territorial jurisdiction of Inspectors of Schools.*]

From the Director of Public Instruction, dated 23rd January 1906, No. 400.

Excluding the Inspector of European and Training Schools, there are at present four Inspectors of Schools in the Madras Presidency. In future there will be six such Inspectors. The existing jurisdiction was fixed in G.O., No. 267, Educational, dated 10th May 1899. The present and proposed jurisdiction with the number and strength of colleges and schools therein is as follows—pages 3 to 7 and 64 of volume II of the Public Instruction Report for 1904–1905 :—

Pages 3 to 7 of volume II, of Public Instruction Report for 1904–1905.

* Will have charge of schools in Bangalore also. † Will have charge of schools in Coorg also.

‡ Now included in the Coimbatore division. In future it will be directly under the Inspector, Sixth circle.

2. There is a certain amount of inequality in the proposed circles—for instance, the work to be done in the second and sixth circles is lighter than that in the other circles, but this exists even now and it may not be easy to do away altogether with such inequality. The only objections to the Director's present proposal appear to be—

(1) that the areas comprised in the third circle are not geographically contiguous,

Vide map in volume I of the Public Instruction Report.

(2) that although Trichinopoly and South Arcot are contiguous the railway route from the one district to the other passes through Tanjore,

(3) that although the Nilgiris is contiguous to Malabar the ordinary route from Malabar to the Nilgiris is through Coimbatore.

The Director has however considered all the *pros* and *cons* of his proposal—*vide* paragraph 2 of his letter.

3. For orders whether the proposals may be accepted.

P. T. THARYAN—30-1-06.

Submitted that the Director of Public Instruction's proposed circles may be accepted. It is not possible to get rid of the inequality in work, and the fact of non-contiguity of districts does not seem very important.

C. A. SOUTER—31-1-06.

H. D. TAYLOR—1-2-06.

I had a talk with Dr. Bourne about this file when he was here last week. Unfortunately the file was mislaid at the time and I could not discuss the matter on the figures. He explained however his proposal to place Tanjore in the Madras circle by the advantage of having the same Inspector who examines the great colleges in Madras to examine those in the Tanjore district, which came next in importance and so apply comparative treatment. He contemplates being thus able also to select the Inspector (rarely more than one in the service) best qualified for the inspection of arts colleges.

2. Looking now however at the figures compiled in the office, it is plain that the new Madras circle will be inordinately heavy. I think this might be remedied by transferring *Nellore* and *North Arcot*, the latter going to the Ceded districts and the former to the Madras circle. As it is, the Ceded districts circle is except in territorial area comparatively light.

3. Send the file u.o. *as it is* to Director of Public Instruction for his views on this suggestion; or has he any other to make to lighten Madras? If not, we must give the distribution a year's trial.

G. S. F[ORBES]—1-3-06.

To the Director of Public Instruction.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION.

With reference to the Honourable Member's note, I spoke of important high schools especially those attached to colleges and not of the colleges themselves. The Inspector does little to the latter; in the past, they have not been properly inspected; the University will now look after them.

2. There is a specific objection to the transposal of Nellore and North Arcot, viz., Guntúr and Nellore are under one Assistant Inspector and Madras, Chingleput and North Arcot under another, so that with the existing *divisions* (a "division" is the area of an Assistant Inspector's jurisdiction), the proposal would bring each of two Assistant Inspectors under two masters. To alter the divisions would in this case increase the language difficulty, a purely Telugu man now does for one of the two, while a bilinguist (knowing both Tamil and Telugu thoroughly) is necessary for the other.

3. I have still a few Sub-Assistant Inspectorships in the sanctioned scale and I propose to allot another to Madras itself which will help to a considerable extent.

4. The third (Madras) Circle is not quite as heavy as it looks. As I have said above the colleges will give little work to the Inspector? The figures include European schools of which there are many in Madras and which come under the Inspector of European Schools while the travelling is for the most part easy and expeditious.

5. I discussed the proposed circle with Mr. Mayhew going into some detail as to the individual schools and making out a rough programme and he expressed his willingness to try.

6. If we consider the kind of work which has hitherto been done by Inspectors he gets rid of ten weeks' work in the Ceded Districts and four weeks' work in Bangalore while Tanjore which he takes in exchange has hitherto meant only three or four weeks' work to the Inspector of the Southern Circle. This is a more practical way of looking at the problem than the inspection of any figures as to number of schools and pupils. The Inspector of this Circle will have more work in centres of education and less in rural tracts than the others; it is the latter work which takes up so much time.

7. Finally I want Mr. Mayhew for the Madras schools but I also particularly want him to take a turn at the Tanjore schools which have been for many years past entirely under a native Inspector.

I cannot guarantee the suitable working of my proposal but would urge its trial.

8. I may add here that I want to bring the new arrangement into force from the date of Mr. Stone's return (19th April); this sets free Mr. Braithwaite, and Mr. Yates will be available.

A. G. BOURNE—7-3-06.

EDUCATIONAL DEPARTMENT.

Submitted.

C. A. SOUTER—8-3-06.

H. D. TAYLOR—9-3-06.

I am quite willing to accept the Director of Public Instruction's recommendations. The distribution of circles will be sanctioned. After a year's trial, the Director of Public Instruction should report how the scheme has worked and whether he desires to modify it in any way.

G. S. F[ORBES]—9-3-06.

Draft.

H. D. TAYLOR—12-3-06.

The draft placed below is submitted for approval. If approved, Financial may be asked to accept it.

P. T. THARYAN—12-3-06.

C. A. SOUTER—12-3-06.

To the Financial department.

FINANCIAL DEPARTMENT.

The present proposals are consequent on the addition of two new appointments of Inspectors to the cadre of the Indian Educational Service sanctioned by the Secretary of State.* The redistribution of the territorial jurisdiction of the Inspectors of schools involves changes in the head-quarters,† of the six Inspectors' Circles.‡

Messrs. Braithwaite (Vice-Principal of the Teachers' College, Saidapet) and Yates (Principal, Pachaiyappa's College) have been selected for the two new Inspectorships.§ It appears that they will take charge of the new posts from or after the 19th April 1906.

2. In the civil budget estimate for 1906–1907 under the head 22-B. EDUCATION—Inspection, the following allotments have been provided ‖ on account of the two new Inspectors :—

	RS.
Two Inspectors (500—50—1,000)	12,000
Exchange compensation allowance	750
Lump provision for establishment (Rs. 3,000), travelling allowance (Rs. 3,000) and contingencies (Rs. 2,000)	8,000
Total ..	20,750

From the foregoing budget allotments for a full year, there may be savings to the extent of about one and-a-half months' provision, viz., Rs. ($\frac{20,750}{12} \times 1\frac{1}{2} =$) 2,594, seeing that the two new officers have yet to be posted to their appointments as Inspectors.

S.D.M.—14-3-06.

The draft may be accepted.

C. M. SCHMIDT—15-3-06.
H. BRADLEY—16-3-06.

A. Referring to G.O. No. 825 Educational, dated 15th December 1905 regarding the addition of two new appointments of Inspectors of Schools to the cadre of the Indian Educational Service and the appointments which have now been made, I have the honour to request that Government may be pleased to accord early sanction to the following redistribution of the territorial jurisdiction of the Inspectors.

Ganjam. Vizagapatam. Godavari. Kistna.	1st Circle.

Bellary.	2nd Circle.
Kurnool.	
Anantapur.	
Cuddapah.	
Nellore.	
Guntur.	
Madras.	3rd Circle.
Chingleput.	
North Arcot.	
Tanjore.	
Madura.	4th Circle.
Tinnevelly.	
Coimbatore.	5th Circle.
Salem.	
Trichinopoly.	
South Arcot.	
Malabar.	6th Circle.
South Canara.	
Nilgiris.	

2. I recently gave considerable attention to the distribution of the Presidency into 12 Divisions. This distribution was approved by Government in Gazette Notification dated 21st June 1904 and has since worked satisfactorily. This distribution has been taken as the basis for the formation of the new circles, each of which contains two divisions, except that, to the 6th Circle I propose to assign the Nilgiri District now comprised in the Coimbatore Division and to place the District under the direct charge of the Inspector of that Circle. The fact that the 3rd Circle will consist of two areas which are not geographically contiguous will not, I think, lead to any complications or even extra travelling expenses. The distribution takes into account all the various factors rather than any one of them alone.--such

as the number of High Schools. I wish to put an end to the prevalent idea that the special or even the main function of the Inspector is to attend to high schools and to hold him to a greater extent responsible for the general state of education in his Circle. The Inspector of Schools, Central Circle, has charge of the schools in Bangalore. As the inclusion of the important district of Tanjore in the 3rd Circle will make the work of this officer comparatively heavy it is necessary to afford him some relief and I propose, at the suggestion of the present incumbent, to do this by relieving him of the Bangalore schools and assigning them to the Inspector the new 5th Circle who may conveniently take them in connection with his work in the Salem District.

3. The Headquarters of the circles may be Waltair for the 1st Circle, Bellary for the 2nd, Madras for the 3rd, Madura for the 4th, Coimbatore for the 5th and Calicut for the 6th. The present Headquarters of the Northern Circle is Rajahmundry but I consider Waltair the more suitable station. The office at Rajahmundry is now held only in a very unsatisfactory rented building so that there is on that account no reason to retain Rajahmundry as Headquarters. The Southern Circle office at Tanjore is now held in a Government building, but as the Tanjore district will form a part of the 3rd Circle with Headquarters at Madras, the portions of the buildings now occupied by it may, with advantage, be utilized for the Government Training School and the Assistant and Sub Assistant Inspectors' offices also located in them. The proposed headquarters for the other circles call for no remarks.

4. On receipt of the orders of Government in regard to the circles I shall submit proposals as to the postings, formation of the new offices and other necessary details without delay.

I have the honour to be,

Sir,

Your most obedient servant,

A. G. Bourne

Director of Public Instruction.

* Will have charge of Schools in Bangalore also.

+ Will have charge of Schools in Coorg also → No these remain with the Inspector Training Schools

A.G.d 7.3.6

2. There is a certain amount of inequality in the proposed circles – for instance the work to be done in the 2nd and 6th circles is lighter than that in the other circles but this exists even now (and it may not be easy to do away altogether with such inequality). The only objections to the Director's present proposal ~~are~~ appear to be (1) that the areas comprised in the 3rd Circle are not geographically contiguous,

vide map in vol. I of the Public Instruction report put up.

(2) that although Trichinopoly & South Arcot are contiguous the Railway route from the one district to the other passes through Tanjore.

(3) that although the Nilgiris is contiguous ~~but~~ to Malabar the ordinary route from Malabar to the Nilgiris is through Coimbatore.

The Director has however considered all the pros & cons of his proposal – vide para. 2 of his letter.

3. For orders whether the proposals may be accepted.

B.H.
30/1/06

Sec.

Submitted that the D.P.I.'s proposed circles may be accepted. It is not possible to get rid of the inequality in work, & the fact of non-contiguity of districts does not seem very important.

I had a talk with Dr. Bourne about this file when he was here last week. Unfortunately the file was mislaid at the time & I did not discuss the matter on the figures. He explained however his proposal to ~~attach~~ place Tanjore in the Madras Circle by the advantage of having the same Inspector who examines the great Colleges in Madras to ~~supervise~~ examine those in the Tanjore dist., which come next in importance so apply comparative treatment. He contemplates being thus able also to select the Inspector (rarely more than one ~~of~~ in the service) best qualified for the inspection of Arts Colleges.

Looking now however at the figs compiled in the Office it is plain that the new Madras Circle will be inordinately heavy. I think

this might be remedied by
transferring Nellore & N Arcot
the latter going to the Ceded
dists. & the former to the
Madras Circle. As it is
the Ceded dists. circle is
except in territorial
area comparatively light

Send the file u.o. as it
is, to D.P.I. for his views on
this suggestion; or has he
any other to make to
lighten Madras? If not
we must give the distribution
a years trial

HW
5.3.6

U.O. No. 22 dt 7-3-6.

With reference to the H M's note I spoke of important High Schools especially those attached to Colleges and not of the Colleges themselves - The Inspector does little to the latter, in the past, they have not been properly inspected, the University will now look after them.

There is a specific objection to the transposal of Nellore and N. Arcot viz. Guntur & Nellore are under one Assistant Inspector and Madras, Chingleput and N. Arcot under another so that with the existing divisions (a "division" is the area of an Asst. Inspector's jurisdiction) the proposal would bring each of two Assistant Inspectors under two masters. To alter the divisions would in this case increase the language difficulty, a purely Telugu man who does for one of the two while a bilinguist (knowing both Tamil and Telugu thoroughly) is necessary for the other X.

I have still a few sub assistant inspectorships in the sanctioned

Scale and I propose to allot another to Madras itself which will keep to a considerable extent

The IIIrd (Madras) Circle is not quite as heavy as it looks. As I have said above the Colleges will give little work to the Inspector, the figures include European Schools of which there are many in Madras and which come under the Inspector of European Schools while the travelling is for the most part easy and expeditious.

I discussed the proposed circle with Mr Mayhew going into some detail as to the individual Schools and making out a rough programme and he expressed his willingness to try.

If we consider the kind of work which has hitherto been done by Inspectors we get rid of 10 weeks' work in the Ceded Districts and 4 weeks' work in Bangalore while Tanjore which he takes in exchange has hitherto meant only 3 or 4 weeks' work to the Inspector of the Southern Circle

ASSISTT SECY TO GOVT EDL & LEG

This is a more practical ~~[illegible]~~ way of looking at the problem than the inspection of any figures as to number of schools and pupils.

The Inspector of this circle will have more work in centres of education and less in rural tracts than the others. it is the latter work which takes up so much time.

Finally I want Mr Mayhew for the Madras Schools but I also particularly want him to take a turn at the Tanjore Schools which have been for many years past entirely under a Native Inspector.

I cannot guarantee the suitable working of my proposal but would urge its trial.

I may add here that I want ~~[illegible]~~ to bring the new arrangement into force from the date of Mr Stone's return (19th April) this sets free Mr Braithwaite and Mr Gates will be available

The present proposals are consequent on the addition of two new appointments of Inspectors to the cadre of the Indian Educational Service, ~~[illegible]~~ sanctioned by the Secretary of State.※ The redistribution of the territorial jurisdiction of the Inspectors of Schools ~~[illegible]~~ involves changes in the 'head quarters'§ of the six Inspectors' circles†

Messrs. Braithwaite (vice Principal of the Teachers' College, Saidapet) and Yates (Principal, Pachaiyappa's College) have been ~~appointed to~~ selected for the two new Inspectorships.@ It appears that they will take charge of the new posts from or after the 19' april 06.

2. In the CBE for 1906-07 under the head 22. B. Education - Inspection, the following allotments have been provided※ on account of the two new Inspectors: —

		Rs
Page 125	Two Inspectors - (500 - 50 - 1000) . . .	12,000
	Exchange Compensation allowance . . -	750
Page 126	Lump provision for Establishment (Rs 3000), Travelling allowance (Rs 3000) & Contingencies (Rs 2000)	8,000
	Total	20,750

※ Despatch 141, Public, (Educational), 27.10.05, page 3 of G.O 825 Edl, 15.12.05 A

† Para 3 of the Director's letter, Cur 400, 23.1.06, page 3 of Ct file

§ The term defined in art 55 of the C.S.R.

@ A G.O 825, Edl, 15.12.05 (Para-1)
H " 27, Edl, 18.1.06 (para 1)
Last para of the Director's ro note, 7.3.06, page 9 supra

※ This will be found discussed on pages 3 to 6 of budget Notes 1906-07 under 22 Education
N

15 12

From the foregoing ~~provision~~ budget allotments for a full year, there may be savings to the extent of about one & a half months' provision, viz Rs ($\frac{20750}{12} \times 1\frac{1}{2} =$) 2594 owing that the two new officers have yet to ~~join~~ be posted to their appointments as Inspectors.

The draft may be accepted.
