Station Madras, *Dated the* 16th March 1906

From (Name) The Hon'ble Mr. A.G. Bourne, D.Sc., F.R.S.,

(Designation) Director of Public Instruction.

To The Secretary to the Government of Madras,
Educational Department.

Sir,

Referring to the correspondence ending with Memorandum No. 1233/C dated 21st February 1905 of the Public Works Department communicated with endorsement No. 122 Educational dated 28th February 1905 I have the honour to state that the acquisition of the site for the Government Girls' School, Karur authorized in G.O. No. 253 Educational dated 19th April 1904 had to be given up as the Executive Engineer Coimbatore Division reported that it was too small measuring only 96' x 52' against 117' x 63' the area of the main building proposed in the design prepared by the Consulting Architect. A fresh site has been selected and it is to this that the enclosed estimate amounting to Rs 4,950/- relates. I considered that there was not sufficient justification for this expenditure and I wrote to this effect to the Superintending Engineer. In reply he has forwarded a letter from the Executive

Engineer, Coimbatore Division in which that officer states that as the school has to be centrally situated the compensation must necessarily be high. I find from the valuation statement that seven houses situated on the proposed site have to be acquired and that the compensation including 15% additional allowance to be paid for them alone amounts to nearly Rs 1500/-. I see no alternative but to recommend that the estimate may be sanctioned.

I have the honour to be,
Sir,
Your most obedient servant,

T R Scott.

A very high price to pay for the land alone.

20.3.06.

The estimate is absurdly extravagant. The area to be acquired is stated as 22153 sq ft or .51 of an acre. The estimate would work out to nearly R10000 an acre, or the value of land in the centre of Madras. For Karur the price is absurd. ~~The~~ Some less central site sh. be selected
