No.—74.

With reference to your Proceedings, R.C. No. 267 of 1903, dated 30th December 1905, I have the honour to inform you that the Town High School Association has been obliged to abandon for the present the proposal to extend the premises of the school according to the plans and estimates settled by the Chief Engineer to Government, and they have been forced to this decision on two grounds. In the first place, it necessitates the demolition of the existing roof throughout and it will take not less than four months to put up a new roof; in the meantime, it will be impossible to house the school elsewhere as no suitable accommodation could be had. In the second place, the cost of carrying out the extension is beyond the present resources of the school, and if it be carried out in entirety, it will launch us in debt.
