FINANCIAL DEPARTMENT.

The special grant of 3 lakhs was made by the Govt of India for expenditure in 1904-05 on any or all of the objects enumerated in H.E. the Governor's letter* of the 27th February 1904 to the address of H.E. the Viceroy. There were 9 items in H.E.'s letter the grants recommended for which totalled to Rs. 2,47,500 and a grant of 3 lakhs in round figures was asked for with the remark that the balance could be usefully spent in hastening the building of girls' schools and training schools for mistresses.

was unavoidable. Any allotment
that will be required for the

Educational seems to be mistaken
in supposing that the 3 lakhs grant
^{can be treated as}
~~forms~~ a special fund apart from our
ordinary Provl. revenues. It was granted for
India in expndt. in 1904-05 on ~~specific~~
~~particular~~ specified ~~classes~~ ^{classes} of
works & every endeavour was made to allot it
for those works. If it is remembered that
the original intention was ^{that} the grant of .50
lakh for the Lawrence Asylum buildings
should come out of the 3 lakhs grant
~~was not made~~ ^{was not made} ~~the object of the~~

It will be an ordinary
Charge for incomplete
works.
Cult

It will be seen that, so far as allotment was concerned, Financial placed at the disposal of the administrative Dept concerned with the objects of the grant a total sum of $50 + (3.00 - .18) 2.82 = 532$ lakhs or 32 lakh above the total of the special grant. Provincial funds have thus made nothing over the grant. It is probable that the allotments made by Financial last year were not fully utilized, but all ^{the sum} works left unfinished will, ~~as~~ like other incomplete works, form a charge on the P.W. grant this year, as incomplete works of the previous year. Educational, Doulton, placed before Govt. when the P.W. budget was framed last January claims for all its works & that Dept will have an opportunity of claiming provision for its incomplete works of last year when the final P.W. budget for 1905-06 is circulated

Submitted to the Hon. Member for information:
I raised the question of the balance of the
Special grant of 3 lakhs in order to see whether
Ed. P. was being deprived of any provision
which had been specifically made for
educational works.

2. It appears that the special grant
was intended to be utilised in 1904-5, and
that no portion of it was, except under
the orders of the Local Govt., earmarked for
Educational works. The unexpended and
unallotted balances have merged in the
Provincial
General balance, of the Province and are
but there is nothing to prevent financial from
~~at the disposal of~~ ^{it being} the
sanctioning re-appropriations from amount reserved
for the use of the Govt. for the
from time to time in the current year
~~for the current year.~~

3. I would wish however to raise a general
question as to the merging in the general Provincial
balance of special grants assigned for
special purposes. We have in the current
year special assignments

14 lakhs for Local Funds

6 lakhs for Primary Education

a prospective grant for University
education.

M

P

N

Of course if these grants are fully allotted and paid over to the credit of the Local Boards and University, there will be no Provincial balance - but if any portions remain unappropriated it is submitted that a corresponding sum should be allotted by Financial in the next year as funds are made available by resumption. Financial would not be a loser under this arrangement as its balance will be swollen by lapses. I do not however anticipate any difficulty in transferring the full amounts of the current year's grants to Local Funds. The difficulty would arise only in case of special assignments which would remain in the Provincial accounts without being paid over by way of contribution to local bodies, and a portion of which might be unexpended in the year. Financial will no doubt urge that each such case should be dealt with on its own merits, but I throw out the ^{general} suggestion for what it is worth, as I consider that assignments made by the Government of India to Provincial for special purposes should ^{not} be utilised eventually for general purposes owing to the fact that they have under Budget rules merged in the general balance.

improvement of University Education.

4. Please put up papers and a brief note stating how these special grants now stand.

C. M. S.
27-6-05.

The present position in regard to the distribution of the special grants is as follows:-

(a) Special grant of 14 lakhs:- Allotments aggregating 12.63 lakhs have already been made.

(b) Special grant of 6 lakhs (Primary Education)

The whole of the grant for the current year is to be spent on primary school buildings and the expenditure will be incurred through the agency of District boards. The D.P.I. has been asked to draw up a rough distribution of the total grant among the various districts.

(c) Grant of Rs. 70,000 to the Madras University in 1904-1905:-

An allotment of Rs. 5,000 was sanctioned in 1904-1905. The balance (Rs. 65,000) lapsed in the Provincial balance and a grant of Rs. 15,000 was made in June last from the budget grant for 1905-1906 under 22 EDUCATION. The further allotment of Rs. 50,000 will also come out of this budget grant but India is prepared to give an additional allotment if necessary.

2. Educational and L & M anticipate no difficulty in transferring the full amounts of the current years' grants to Local Funds.

2. It is submitted that this dept. could not give such ^a general undertaking. It is for the administrative departments to see that their budget allotments are utilized by heads of departments subordinate to them and it would be ^{an unworkable} ~~an impossible~~ arrangement if Financial had to keep a ^{running} ~~money~~ account with each ^{administrative} departments of special grants. At the same time where grants have been added by India for specific purposes it is only right that ^{the} ~~unspent~~ balances of these grants should be reallocated, ^{if possible.} But it is for the administrative department to make a claim for reallocation at the time the budget is drawn up and to support this claim with the necessary figures and facts to show that the amount will lapse at the end of the year current. For this purpose it should keep in close ^{touch} ~~which~~ with concerned its spending officers as regards expenditure past and probable, from ^{their} ~~the~~ grants.

3. To turn to the special grants in this year there seems little likelihood of any lapses from the 14 lakhs grant but the expenditure of the balance (.50 lakh) of the grant for University Education and of the 6 lakhs for Primary education are still undecided. The distribution of the 6 lakhs must of course take time. Educational will doubtless keep the D.P.I. reminded. As regards the grant for University education, there need ^{be} ~~no~~ hesitation in allotting the .50 lakh if the object of the allotment is settled as India have practically promised ^{an} ~~additional allotment~~ under 22 EDUCATION if the debit of the grant to this year's budget under that head causes an excess over the Budget Estimate.

Of course allotments made for special purposes unspent at the end of the year lapse and unless specially allotted in the Budget for the next year, merge in the general balances. It is for the department that wants the money to urge its claim when the Budget is being framed and take care it gets sums unspent at the end of the year allotted again in the new budget.

Educational Departt.

With reference to "A" it is practically impossible for Educational - in respect of buildings under construction by P.W.D. to say at the time when the Budget is framed whether there will be any lapses - as the spending is not under Educational - but under P.W.D. This was the case in respect of the special grant for Girls schools. We have now many buildings awaiting funds for their construction - but in spite of claims for additional allotments made when P.W.D. Budget was referred for remarks, Ed. Dept. did not come out very well.

As to spending of money which is under the control of Ed. Dept. we can foresee what may happen

and a lump contribution once made to Local will not lapse to Govt. even though it may not be actually expended on work. The unexpended balance will be paid over to the Local Board but will have to be watched by the Govt. concerned. Please note now in detail what provision is made by P.W.D. for Educational building for the current year and what works are in hand.

Rs. 207.01

The grant of six lakhs will, so far as the current year is concerned, be placed at the disposal of Local Boards as soon as the distribution list called for from the Director is received.

2. The following is a list of works provided for in the P.W.D. Budget for the current year:-

As no estimates are ready for other than sanctioned Budget works it is not possible to reappropriate from any balance that may be available. PWD has been asked to see that the estimates are pushed on with. PWD has also been asked to state for which item which (2) sites have been selected, and to furnish separate estimates for the acquisition of sites more urgently required for work likely to be included in next year's programme of construction. Any sum surrendered can then be utilised into the concurrence of PWD for the acquisition of those sites.

From the D.P.I. Re. no. 6719 d/ 8.11.05

The two things that we have to see at present are

- (1) Whether estimates have been sanctioned for the works referred to and if not in what stage the preparation of estimates is +
- (2) Whether sites have been acquired and if not what is being done in the matter.
- 3. Of the two works included under Class A - An

estimate for the Govt. girls school at Penunkonda has just been sanctioned - G.O. No. 1998 W. dt 19th October 1905. It is not stated whether a site has been acquired but apparently it has been, as orders have been issued to proceed with the work rapidly. The P.W.D. may be consulted on this point.

For the Govt. girls school at Tiruvannamalai an estimate for Rs 21,900 has been returned for revision - page [13] of the P.W. Budget for 1905-06. The P.W.D. may be asked whether it has been received back and whether a site has been acquired for the work.

3. In regard to Class B work -

- (1) No new buildings are now required for
- (2) Govt. Training school for mistresses at Calicut.
- (24) Govt. Training school at Badagara
- (4) The Director says that no estimates have yet been received by him for
- (5) Carpenters shed, Arts College, Rayachmundry.
- (31) Water supply to the Chemical Laboratory, College of Agriculture.
- (32) additions to Presidency College.
- (33) Madrasa-i-azam improvements
- (34) Law College improvements
- (35) Students hostel, Training school, Ongole
- (37) Alterations to Physical Laboratory, Presidency College.
- (38) Extension of the Compound wall, Teachers College.
