STATEMENT OF THE OBJECT, AND AN APPEAL IN BEHALF OF THE CIVIL ORPHAN ASYLUMS.

THE MADRAS CIVIL ORPHAN ASYLUMS were founded ninety-eight years ago for the gratuitous education, board and lodging of the orphans of Europeans and their descendants, who are not eligible for admission into the Military Asylums in the Presidency They have thus stood the test of time, and continue to retain public confidence.

It is no easy task to feed, clothe, and educate one hundred and fifty orphans. It is a still more difficult matter to successfully launch out in life these children, educated up to the Lower Secondary Standard, to make their way through the ever increasing crowd of better educated competitors.

The necessity, character and scope of the work done in these Institutions are well known to the general public in Madras, and the help received is practically confined to the residence in this city. But all orphans throughout the Presidency are eligible for admission. This fact, it may be assumed, is generally known throughout the Mofussil, from the application which are made from various stations for the admission of orphans; but the Directors regret that the claim *resulting from this fact*, upon persons residing in the Mofussil, for some contribution towards the support of these Institutions, does not appear to be so generally recognized.

These Institutions are managed, in an admirable manner by a particularly strong Directorate, who are elected by the subscribers.

The Bishop of the Diocese is the President, the Archdeacon is the Vice-president, and the rest of the Clergy of the Church of England are *ex-officio* Patrons of these Institutions. Though the religious instruction imparted here is in accordence with the tenets of the Church of England, destitute orphans of all denominations are admitted.

The Directors, therefore, earnestly request the Clergy in the Presidency and Mofussil, either to make regular periodical collections in their Churches in behalf of the Asylums, or else to circulate this appeal, together with the accompanying report, among the European and Eurasian residents at their stations, who are particularly invited to come forward and contribute, according to their means, towards the support of Institutions which provide such efficient relief for the destitute and distressed members of their own community.

REPORT

OF THE

Madras Civil Orphan Asylums

AND

St. MARY'S CHURCH CHARITY SCHOOL

FOR 1905.

The Directors have the pleasure to place before the subscribers and friends of these Institutions a brief report of the operations of the Asylums during the year 1905.

The system of teaching boys and girls together, known as the Mixed School system, originally adopted in 1902, was given a further trial, and from an educational point of view it is reported to have been advantageous, partly in husbanding "teaching power" and partly in encouraging a wholesome rivalry between boys and girls of similar standards of education. The two Schools, however, are in all matters of internal economy carried on in loyal adherence to No. 28 of the "Rules and Regulations", and subscribers may rest assured that no attempt will be made by the Directors to go beside this standing principle without their full concurrence. Except for the fact that, still experimentally, the boys and girls are associated in class work, the two Institutions are kept quite distinct, in consonance with the intentions of their founders.

6. 3 Civil Orphans were transferred to Wooley fund, 1 Civil Orphan and 2 Wooley Scholars went out to Service.

7. Of those admitted 25 were from Madras and 1 was from Bangalore.

In order to prevent parents and other relatives withdrawing children from the Institutions at their own caprice, stamped agreements have been introduced, whereby a penalty can be enforced on the withdrawal of a child contrary to the wishes of the Directors.

HEALTH.

8. There was an outbreak of measles and chicken pox early in the year which entailed very heavy work on the Medical Staff. Every possible precaution was taken for the safety of the children, and there were no casualties from these causes. One girl, Ellen Probert, a Military Orphan, died in the General Hospital from heart disease.

DIRECTORATE.

9. The following changes occurred on the Directorate:—

Mr. E. V. Beeby was elected in place of Capt. S. E. Carrapiett
Mr. A. Pilkington was nominated in place of Mr. H.J. Stanley
" J. M. Young " " Mr. A. S. Cowdell
" W. A Trotter " " Mr. J. R. Coombes
Lt. Col R. F. R. Formby " The Hon. Mr. Justice Boddam
Revd. C. N. Bazely " " Mr. S. P. D'Sylva

The Asylums suffered a severe loss in the death from cholera, during a terrible epidemic in the second half of the year, of Mr. S. P. D'Sylva, Honorary Auditor, a Director who had taken a very lively interest in the institutions and whose services were most cordia lly appreciated. The following Resolution was passed by the Directors at their first Meeting after the melancholy event, and touching references were made to Mr. D'Sylva's departure at St. George's Cathedral and at St. Thomas's Mount on the Sunday following his death:—

" The Directors desire to place on record their sorrow at the loss, by death, of their valued colleague Mr. S. P. D'Sylva, who

succumbed to an attack of cholera on Saturday, September 16th, 1905, and to express their deep sympathy with the widow and family of the deceased gentleman.

The late Mr. D'Sylva had served on the Directorate of the Madras Civil Orphan Asylums for a long term of years, and had always shown a deep and practical interest in these Institutions. For some years he had served the Directorate in the capacity of Hony. Auditor where his business habits and his acquaintance with the Educational Codes were of the greatest value to the Institutions.

The Directors feel that it will be difficult to find a successor to a man so conspicuous for probity, uprightness and singleness of heart as the late lamented Mr. D'Sylva.

A copy of this Resolution to be communicated to the widow of the deceased and also to the Press."

The Institutions also suffered a loss in the resignation by Mr. J. R. Coombes, early in the year, of the appointment of Honorary Secretary, which he had most efficiently filled for the previous 7 years. He was succeeded by Mr. W. D. St. Leger, who had been Honorary Secretary for some years in the " 80's " of the last century and who continues to hold the appointment. Just at the close of the year Mrs. Puddephatt resigned the Lady Secretaryship after many years of most useful service. She has been succeeded by Mrs. Barry, who has entered on her duties *con amore*.

EDUCATION.

Teaching Staff.

10. In the Male Asylum there were happily no changes to record, but in the Female Asylum there was a lamentable spirit of restlessness apparent. Miss Edie having resigned, was succeeded as Head Mistress by Mrs. Campbell, who stayed only a few weeks. She was succeeded by Miss A. Cardis, but

after a short time she also resigned and was succeeded by Miss Michael. Among the Assistant Mistresses there were also several changes, Miss B. Cardis serving for only a brief period and then resigning, and among other resignations were those of Misses A. Martin, M. Abraham and E. Antonio. The Directors hope to be able to arrange for each teacher in future engaging to serve for at least a complete term, for it is obvious that a constant change of teachers is most injurious to the Asylums. With Miss Michael as Head Mistress, and with Misses C. Anderson, L. J. Tims, H. Webber, M. Turnbull and Martin as Assistants, the Female Asylum is now provided with a well qualified Staff, and it is hoped that there may be no changes for a long time to come.

SUBORDINATE STAFF.

Amongst the Subordinate Staff there were also changes, the most important being the engagement of Mr. W. H. Daniels as both School Sergeant and Gymnastic Instructor, in place of Sergeant Griffiths, whose services were dispensed with, and V. Venkatachella Chetty, the former Gymnastic Instructor, who fell a victim to cholera.

FINANCE.

11. The Receipts during the year amounted to Rs. 30,782 A comparative statement of the income from various sources for the years 1904 and 1905 is given below. There is a decline under all important heads, with the exception of Interest on Funded Capital, which was augmented by a sum of Rs. 4,300, part of the interest realised on the securities standing to the credit of No. 2 account (Transfer of Premises.)

The Directors regret to observe a continued decline in Subscriptions and Donations, and take this opportunity of appealing to the friends and well-wishers of the Institutions for more generous supports. It is only with the strictest economy that it is possible to make receipts cover expenditure.

TRANSFER OF PREMISES ACCOUNT.—The additions and alterations to the Military Female Asylum premises, to render them suitable for the accommodation of the boys and girls of these Institutions, were completed at a cost of Rs. 37,405-11-2, and a sum of Rs. 4,300, part of the interest on securities, was transferred to the general account to meet current expenses. The balance at the close of the year was Rs. 3,855-10-10 with the Bankers, Rs. 25,500 Cochin State Debentures, and Rs. 1,45,100 Govt. Paper. The Directors resolved to invest the latter amount in more profitable securities, and the matter is now engaging the attention of the Bankers. When the transactions have been completed, the account will be closed and the Securities placed to the credit of the general account.

General.

12. Many improvements have been made in the surroundings of the Asylums. In the Male Asylum gardening has been taken up with much spirit and with the happiest results. The boys have also now a fine parade ground, which serves for a playing field, and the girls have a croquet ground and badminton courts. However, there is scope for a more systematic playing of outdoor games. The Library has been much improved and the Museum has had a good many new objects of interest added to it, while simple rules for the use of these admirable adjuncts to the educational facilities of the Institutions have gone far to make them of more practical use to a larger number of the children. The swimming bath continues to be a source of pleasure and a large number of boys are skilled in swimming and diving. The Gymnasium, under the charge of a First Class (Secunderabad) Instructor resident on the premises, is of the greatest assistance in developing the boys physically, and the Senior classes especially have made excellent progress under their teacher. The Band has been under the tuition of Lance-Corporal Knight, of the Suffolks, who is a thoroughly competent and painstaking teacher, but owing to the exigencies of Military service, he was absent from Madras for a considerable period, and it is doubtful whether the employment of a

Musician from the Regiment Garrisoning Fort St. George is altogether as desirable as utilising the services of a permanent resident in Madras. This question will be settled when the Suffolks make their next move.

It is gratifying to be able to record that the children were given several treats and received many gifts of live stock, games, toys, etc., from friends interested in their welfare, besides which, many handsome donations were given for special purposes or for the general benefit of the Asylums.

CONCLUSION.

13. In bringing this brief Report to a close the Directors would urge on all who take an interest in the welfare of the poor and needy the special claims of the Madras Civil Orphan Asylums. Here are gathered together some 170 children whose relations are quite unable to bring them up except in squalor and poverty. In the Asylums they are well fed, decently clad, carefully taught, and trained to become useful Christian men and women. The more support the Asylums have the greater will be the sphere of usefulness. *Verbum Sap.*

Honorary Secretary.

APPENDIX A.

The Garrison Chaplain's Report.

General Remarks.

Under Rule 30, the Garrison Chaplain is in charge of the education, and the moral and school discipline of the children of the Civil Orphan Asylums.

A general review of the educational and other difficulties which have to be overcome, will perhaps be of use to those who succeed me in the office of Garrison Chaplain.

The first difficulty is that of the absolute lack of male teachers educated and trained in this country.

This is a difficulty which besets all male European Schools, and is one which is engaging the serious attention of the Madras Educational authorities. There are absolutely no European male teachers to be had, on the salaries which we can afford to pay.

This difficulty I have met by the engagement of English soldiers, who have been trained to teach in Army and other European Schools.

The advantage of having soldiers as masters is seen in the increased efficiency as to discipline and morale on the boys side. The boys being under strict military discipline, are smarter both at work and play. The next difficulty is that the teachers who have been educated in this country, even if they possess certificates of having been trained in a Normal School or College, are still in teaching power very much behind the average teacher in English Schools. The Lower Secondary or Middle School Examination, which is the highest general educational test which many teachers have attained, is barely equivalent to the fourth standard which English boys and girls pass at the age of 10.

Even the Matriculation of the Madras University is a very low standard from an educational point of view, being about on a level with the test passed by English boys at the age of 12½ on entering as cadets for the Royal Navy.

To meet this difficulty of want of Education on the part of the Teachers, I have instituted model lessons, and each teacher is expected to take a lesson in turn, which is criticized by myself and the other teachers. These classes are held every Saturday morning.

The third difficulty is again one which is common to all Indian Schools. The incubus of the Examination. There is no such thing as true Education in Madras. All learning is for the sake of passing certain tests, and not for its own sake. In consequence, Managers of Schools are code-bound to such an extent, that a vast amount of time has to be devoted to mere cram.

There was a gleam of hope for true education when the Lower Secondary Examination was abolished last year, but it has been re-instated under the new code, and the new Middle School Examination will be as bad as the Lower Secondary.

To broaden and widen the minds of the children, and to give them as good an education as possible, with a staff limited both as to numbers and attainments; I in January 1902 amalgamated the boys and girls schools, and made them for educational purposes one large mixed school.

This system has now been working for three years, with the most hopeful results. The last report of the Inspector of European Schools being most encouraging.

There is one slight drawback, which can easily be removed if this system of combined education is to continue.

The retention of the name "Head Mistress" of the head of the girls school, was inevitable under the old code, but it has led to slight difficulties.

It is extremely hard to expect of a young girl, not only high educational qualifications and teaching power, but also that wisdom in dealing with girls, and the experience in household management, which are required in the head of a boarding school containing about 100 girls.

The teaching staff should of course take their turns in supervision out of school, but the Head of the girls side should be a woman of mature age who could be relieved of all teaching work, and who would in consequence be able to devote her whole time to the general supervision of her own school.

If a "Superintendent" were appointed, she would be entirely independent of the Head Master in all matters of education, and not be as at present in a subordinate position to him during school hours.

Under the new code which comes into force on April 1, there will be no difficulty in appointing a superintendent of this description.

I trust that before the Directors resolve to go back to the old system of two entirely separate schools, they will very carefully consider this matter, and also take the advice of Mr. J. H. Stone and Mr. P. P. Braithewaite who have had opportunities of testing the efficiency of the school under its new conditions.

Public Examinations.

The abolition of the Lower Secondary Examination, and the conduct of the Primary Examination by the Inspecting Officer leave very little to be said about results.

The whole of Form III 5 boys and 2 girls and the whole of class IV, 17 boys and 16 girls were examined by Mr. Braithwaite.

The following is the Inspecting Officer's Report

Inspection held in November 28th and 29th 1905.

Inspection Results.

On the whole the classes are more advanced than in other Schools, I have frequently seen Second Forms which were not as well advanced as Standard IV of the C.O.A. The Infants particularly are well advanced.

Gymnastics and drill deserve a word of praise. The boys are bursting with health and move smartly at the word of command.

General Impression of Inspecting Officer.

Tone and discipline good.

There have been too frequent changes of staff in the C.O.A. Even now there is room for much improvement in the teaching. But the organization of the Institution seems to produce good results and there can be no doubt that the strict military discipline is the very best thing for Eurasian boys. They are not allowed to "loaf" when off duty they are engaged in boxing running and swimming.

Great efforts are made to keep the staff up to date in educational matters and criticism lessons are frequently held.

(Signed) P. P. BRAITHWAITE,

Madras 30—12—05. *Acting Inspector of European and Training Schools.*

School Examinations.

These are now held twice in each year, in May and December, and the results are permanently recorded in a book which is open to the inspection of the Directorate at any time.

The results of both examinations were quite satisfactory, and showed a decided advance upon the efficiency of past years.

13

Religious Education.

This year the religious knowledge of the children was tested by the Revd. W. G. Barry, Chaplain of South Georgetown and the Revd. H. Pegg, Incumbent of Christ Church, both of whom expressed themselves as satisfied with the results.

The following is Mr. Pegg's Report.

I Examined several divisions of the School in Religous knowledge on December 11th 1905. The answering in each division was on the whole excellent and shewed marks of thorough teaching. The Memoritor and Catechism left nothing to be desired in the matter of accuracy and readiness, the scholars being able to take up the portion at any point and proceed with fluency.

In Bible knowledge the Old Testament was generally better known than the new. The system of teaching the whole Bible in a year seems on the whole excellent, but in the upper classes it might be desirable to require a more *connected* knowledge of the historical incidents of Scripture, and especially of the parables of our Lord. With the splendid ground-work gained in the lower classes this ought not to be difficult of accomplishment.

(Signed) HERBERT PEGG

Diocesan Prayer Book Examination.

In the Intermediate Grade our two best candidates A. Mackenzie and Irene Nelson were in hospital and unable to appear; otherwise we should have had two more prizes: as it was Eileen Lee obtained the 9th prize of 5 Rupees, and 4 others received Pass certificates. There was one failure. In the Elementary Grade we took the 5th, 11th and 16th prizes and three certificates of merit. These results are extremely good and reflect great credit on the Head Master who taught the Elementary Class.

Teaching Staff.

There have been a great many changes in the teaching staff, several have left to get married, while others have left at short notice to take up other work.

The Classes at present are taught as follows :—

Form III. }	taught by	Mr. Bartlett, Head Master.
,, II. }		
,, I.,,	,,	Miss Michael, Head Mistress of girls.
Class IV.	,,	Mr. Stooke.
,, III.	,,	Miss Turnbull.
,, II.	,,	Miss Tims.
,, I.	,,	Miss Webber.
Infants	,,	Miss Anderson.

It will be noticed that we are still short of a teacher for Form II. Another Male teacher is required as the staff of the boys school is at present much overworked.

In bidding farewell to an Institution for which I have worked for so long I can only hope that it will continue to prosper under its new conditions in its new home.

C. H. MALDEN,
Garrison Chaplain.

APPENDIX B.

MEDICAL OFFICER'S REPORT.

I. **General Health.**

Not as good as in 1904 owing to the prevalence of Measles, Chicken-pox and Itch.

There were 414 admissions into Hospital, the numbers for the two previous years being 256 in 1903 and 159 in 1904.

The diseases treated were Fevers 90, Measles 85, Skin diseases 76, Chicken-pox 70, Digestive disorders 31, Local injuries 12, Diseases of the Eye 10, all other complaints 40.

II **Deaths.**

One, from Endocarditis following on Rheumatism. The death took place in the General Hospital.

III. **Diets.**

There were two changes. As the children did not appreciate liver, beef was supplied instead. Fish was temporarily stopped on account of the prevalence of Cholera.

Excepting the butter the articles supplied were good

IV. **Conservancy and Bathing.** EFFICIENT.

V. **Epidemics.**

Eighty-five (85) cases of Measles and seventy (70) cases of Chicken-pox occurred in epidemic form.

VI. **Hospital Buildings.**

The main building has had the wards whitewashed and the wood-work repainted. A door has been placed in the wall dividing the front ground-floor verandah. The Contagious Sheds were repaired and retarred. The construction of a Contagious Shed for girls is under consideration. Water has been laid on within the Hospital enclosure.

VII. COST OF MEDICINES. Rs. 166-7-1.

VIII. NURSE.

Mrs. E. Arnold. She is both willing and attentive and has done her work well.

IX. STAFF.

Civil Apothecary F. W. Harris has been in sub-charge. He has taken a very great interest in the institution and worked to my entire satisfaction.

X. GENERAL REMARKS.

The Directors have supplied the Hospital with new cots and new bedding to replace the previously unserviceable stock.

Thirteen in-patients were sent to the General Hospital for special observation and treatment. Of these two were cases of Appendicitis, one a serious punctured wound of the abdomen, five of fevers, of which three were of the type prevailing so much in Georgetown, one was a serious fracture of the elbow joint needing diagnosis by the X-rays one of Rheumatism, one of Abscess, one of disease of the lower jaw, and one of suspected tubercle of the lung. The percentage of cases so being 3·14.

The average daily stay in Hospital was 10·64. This large average was due to prolonged detention in Measles, Chicken-pox, and Itch cases.

The children have improved in health and appearance, probably owing to the favorable situation and surroundings of the present premises.

C. No. 760 From the Hon. Secretary C.O.A No. 307, dated 4-5-1906.

SUBJECT.

Application for the usual grant of Rs1200 in aid of the Civil orphan Asylums, Madras.

The usual draft order sanctioning the payment of the grant is placed below for approval.

2. Under para. 1 of the Scheme for the management of the properties formerly vested in the Directors of the late Madras Military Female Orphan Asylums on page 9 of G.O. no 212 Edl dt 5th April 1904 the land & buildings belonging to ~~that~~ Asylum were transferred to the Civil orphan Asylums on condition that the latter shall maintain 30 additional girls - but from para. 5 - page 4 - of the report for 1905 it appears that there only 21 additional girls at the beginning & only 15 at the end of the year. Should not the attention of the Directors be drawn to this apparent breach of trust?
