GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

Read—the following paper :—

Letter—from the Hon'ble Mr. A. G. Bourne, D.Sc., F.R.S., Director of Public Instruction.
To—the Secretary to Government, Educational Department.
Dated—Madras, the 3rd May 1906.
No.—Cur. No. 3412.

Cases have been brought to my notice of schools continuing to exist after recognition has been refused to them and under the wording of the present rules, although such was undoubtedly not intended, these pupils can be promoted to recognized schools without any hindrance. For instance an unrecognized school consists of Forms I, II and III. Under the present rules a pupil may be admitted into Form IV of a recognized school thus putting the unrecognized classes upon exactly the same footing as if they were recognized. This evil has been hitherto little, if at all, felt; pupils were not likely to support these unrecognized classes as attendance therein did not qualify them to appear for the Lower Secondary Examination and Managers did not find it worth while to maintain such classes. Now it has become very important in the interests of discipline to check the practice of maintaining such classes.

Further I am informed that in practice it sometimes happens that pupils make use of unrecognized schools in such a way as to secure in recognized schools promotion for which they would not otherwise be eligible. A pupil studying in the 1st Form of a recognized school fails at the end of the year to receive promotion, he leaves the school, joins an unrecognized school for a short period, is placed in the 2nd Form and on leaving the school receives a certificate to the effect that he has been studying in that form. Armed with this certificate he joins a recognized school and on the strength of it is placed in the 2nd Form and thus receives promotion which he would not have obtained if he had remained in the original recognized school. The Headmaster is not bound to pay any attention to the certificate from the unrecognized school but in practice he often does.

I have the honour to propose therefore that the following rule may be approved to take the place of Rule 39 of the Madras Educational Rules. A new edition of the rules will be required very shortly and is in preparation but this is a matter of such importance that it would be well to introduce the new rule at once. It will be observed that I have in the interests of the pupils provided that the rule shall not have retrospective effect. This proviso may disappear in the new edition.

Enclosure.

NOTIFICATION.

Madras Educational Rules.

The following rule has received the approval of His Excellency the Governor in Council and will be substituted for rule 39 of the 4th edition of these rules.

"39. The Headmaster of a school into which a pupil is admitted shall place him in the class or form for which he is found to be fit, subject to the conditions—

(1) that if the pupil produces a certificate from a recognized school he shall not be placed in a class or form higher than that shown in the leaving certificate as the class or form in which he studied at the time of leaving, or, if he has completed the course in that class or form and is shown as qualified for promotion, than the next higher class or form ;

(2) that if the pupil does not produce a leaving certificate from a recognized school, he shall not be placed in a class higher than the fourth class ; provided that if he produces satisfactory evidence that he has received suitable instruction but has not attended any school subsequently to the end of the first term of 1906 he may be placed in a higher class or form with the previous sanction of the Inspector."

Order—No. 338, Educational, dated 12th May 1906.

The Director's proposal is approved subject to the omission of the word "previous" at the end of the second part of the rule.

2. The following notification will be published in the *Fort St. George Gazette* :—

NOTIFICATION.

For article 39 of the Educational Rules, fourth edition, the following article shall be substituted :—

39. The Headmaster of a school into which a pupil is admitted shall place him in the class or form for which he is found to be fit, subject to the conditions—

(1) that if the pupil produces a certificate from a recognized school he shall not be placed in a class or form higher than that shown in the leaving certificate as the class or form in which he studied at the time of leaving, or, if he has completed the course in that class or form and is shown as qualified for promotion, than the next higher class or form ;

(2) that if the pupil does not produce a leaving certificate from a recognized school he shall not be placed in a class higher than the fourth class : provided that if he produces satisfactory evidence that he has received suitable instruction but has not attended any school subsequently to the end of the first term of 1906 he may be placed in a higher class or form with the sanction of the Inspector.

NOTES CONNECTED WITH G.O., No. 338, EDUCATIONAL, DATED 12TH MAY 1906.

[SUBJECT.—*The Director's proposal to substitute a new article for article* 39 *of the Educational Rules.*]

From the Director of Public Instruction, dated 3rd *May* 1906, *No.* 3412.

Article 39 of the Educational Rules is as follows :—

> " 39. The headmaster of the school into which a pupil is admitted shall not place the " pupil in a higher class or form during the term in which he is so admitted than the one he " would have been in, if he had remained in the school he has left."

2. This article is the same as article 24 of Chapter II in the third edition of the Educational Rules. When the rules were revised in 1905 no change was made in this article—paragraph 20 of the notes with G.O., No. 217, Educational, dated 4th April 1905 (article 39 was originally numbered as 38).

3. The Director now brings to notice that there are at present cases of schools continuing to exist after recognition has been refused and that as article 39 now stands there will be no hindrance to pupils of these schools being promoted to higher classes in recognized schools. For instance a pupil from the III form of an unrecognized school may be promoted to the IV form of a recognized school, thus placing the unrecognized school upon exactly the same footing as that of a recognized school.

4. To prevent this the Director proposes to substitute the following article for the existing article :—

> " 39. The headmaster of a school into which a pupil is admitted shall place him in the " class or form for which he is found to be fit subject to the conditions—
>
> " (1) that if the pupil produces a certificate from a recognized school he shall not be " placed in a class or form higher than that shown in the leaving certificate as the class or form " in which he studied at the time of leaving, or, if he has completed the course in that class or " form and is shown as qualified for promotion, than the next higher class or form ;
>
> " (2) that if the pupil does not produce a leaving certificate from a recognized school he " shall not be placed in a class higher than the fourth class : provided that if he produces satis- " factory evidence that he has received suitable instruction but has not attended any school " subsequently to the end of the first term of 1906 he may be placed in a higher class or form " with the previous sanction of the Inspector."

5. It is submitted that the Director's proposal may be approved and the draft placed below issued. It is for consideration however whether the word " previous " in the last line of the proposed new article should be retained. Admissions take place almost entirely at the beginning of a term : pupils seeking admission go to a school when it re-opens and if they have to wait till the Inspector's sanction is received they will lose some days' teaching. The Inspector's sanction (whether previous or subsequent) appears to be sufficient.

The proposed amendment may be accepted, omitting the word "previous" for reasons given by the office.
