Building grant.

Sanctioning, subject to certain conditions, a grant of Rs. 10,462 towards the cost of extending the building occupied by the Wesley College, Royapettah.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following papers :—

I

Letter—from the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., Director of Public Instruction.
To—the Secretary to Government, Educational Department.
Dated—Madras, the 15th November 1905.
No.—Ref. on Cur. No. 7666.

I have the honour to submit the enclosed plan with estimate amounting to Rs. 29,299 for extending the buildings occupied by the Wesley College, Royapettah, Madras, and to recommend that, under rule 118 of the Grant-in-Aid Code, a third grant of Rs. 9,766 may be sanctioned.

2. The accommodation provided is insufficient for the present strength. Two classes are now held in a temporary thatched shed and several classes have to be taken together in the large hall. The proposed additional accommodation is necessary if the strength of the institution is to continue at its present figure, viz., 661.

3. The items of work which it is now proposed to carry out are—

(1) the addition of a second storey to the southern side.
(2) the construction of a room over the entrance to the quadrangle.
(3) the addition of verandahs to the existing class rooms on the ground floor on the east, south and west side of the present building and also to the proposed upper storey.

This will give an extra floor space of 4,250 feet. It is proposed to locate the college classes in the new upstairs rooms.

4. During the last official year the expenditure on account of this institution amounted to Rs. 20,098-7-5 against a receipt of Rs. 16,041-1-9 including the sum of Rs. 3,600 which was paid as salary grant from Provincial funds.

5. Out of the allotment for building grants in the current year's budget estimate, payment of Rs. 8,053 has been authorized up to date.

II

Memorandum No. 6878-C., dated 9th December 1905.

The accompanying plan and estimate for extending the buildings occupied by the Wesleyan Mission College, Royapettah, are forwarded to the Consulting Architect to Government with the request that he will be good enough to inspect and report whether the foundations and walls of the existing building are capable of carrying an upper storey. The nature of the surface soil and sub-soil should also be stated.

(By Order.)

S. B. MURRAY,
Under Secretary to Govt., P.W.D.

To the Consulting Architect to Government,
with plan and estimate to be returned.

III

Letter—from G. S. T. HARRIS, Esq., Consulting Architect to Government.
To—the Secretary to Government, Public Works Department.
Dated—Chepauk, the 5th March 1906.
No.—4949.

With reference to your memorandum No. 6878-C., dated 9th December 1905, regarding the construction of an upper storey over the existing building occupied by the Wesleyan Mission College, I have the honour to state that I have inspected the building which is of pucka masonry with a five-feet foundation. The old building was constructed in 1885 and the mortar has set fairly well in the joints. The surface soil is made-earth and the sub-soil consists of clay mixed with sand. I recommend the construction of an upper storey with the following suggestions :—

(1) The cracked walls of the room marked I in the report accompanying the estimate should be dismantled down to the doors and strong masonry arches constructed over the openings.

(2) The existing terrace being more than one foot thick may be reduced to about 7 or 8 inches for floors.

(3) Rolled steel girders should be substituted for the existing teakwood beams which are sagging and by calculation found weak.

IV

Note by the Chief Engineer, Public Works Department.

The estimate for extending the Wesleyan Mission College at Royapettah, Madras, is returned with the following remarks.

The pillars of the new verandahs should be made half a brick longer to reduce the pressure at base level.

The scantlings of the roof timbers should be altered as follows :—

Ground floor.		
Staircase—		
Joists	from 3½″ × 8½″	to 4″ × 8½″
Landing joists	,, 3″ × 5″	to 3″ × 7″
Verandah joists	,, 3″ × 5″	to 3″ × 5¼″
Upper storey.		
Central room—		
C. rafters	from 3″ × 4″	to 2½″ × 4½″
Valley rafters	,, 3″ × 6″	to 4″ × 6″
Verandahs—		
Bressummers	,, 6″ × 6″	to 6″ × 7¾″
Side and end rooms—		
C. rafters	,, 3″ × 4″	to 2½″ × 4½″

The Consulting Architect, who inspected the building, recommends the construction of the upper storey, with the following suggestions, viz.—

(1) The cracked walls of the room marked I, in the plan accompanying the estimate, should be dismantled down to the door level, and strong masonry arches constructed over the openings.

(2) The existing terrace, being more than 1 foot thick, should be reduced to about 7 or 8 inches, for floors.

(3) Rolled steel girders should be substituted for the existing teak beams which are sagging and by calculation found weak. The steel girders should be 18″ × 7″ × 75 lb. per foot.

A revised estimate should be prepared with reference to the alterations recommended above.

J. P. DAVIDSON,
Chief Engineer, P.W.D.

14th March 1906.

V

Order, Mis. No. 213, Educational, dated 20th March 1906.

The Chief Engineer's note read above will be communicated to the Director of Public Instruction with the request that he will call on the authorities of the Wesleyan Mission College, Royapettah, to have the estimate for extending the building occupied by the college revised in accordance therewith and resubmitted to Government. When resubmitting the plan and estimate the Director should countersign them in token of his approval.

(True Extract.)

H. D. TAYLOR,
Ag. Secretary to Government.

To the Director of Public Instruction, with a copy of Chief Engineer's note, dated 14th March 1906, and with plan and estimate.

VI

Letter—from the Rev. C. POLLARD, M.A., Manager, Wesley College.
To—the Director of Public Instruction.
Dated—Royapettah, the 5th April 1906.

I have the honour to acknowledge the receipt of your letter, Cur. No. 7666 of 1905, dated 28th March 1906.

2. I have adopted the suggestions made by the Chief Engineer and by the Consulting Architect to Government, and my architect has revised the estimates accordingly. The alterations are all made in red ink. The architect writes "the estimate is raised from Rs. 29,299 to Rs. 31,387". I have therefore the honour to apply for a third grant on this increased amount, that is, for a grant of Rs. 10,129.

3. I have also the honour to make the following suggestions with regard to the fixing of the period within which Government require the work to be completed. From the nature of the work it will be seen that it will be difficult to carry on the ordinary work of the school at the same time as the main part of the building operations. To cause as little disarrangement and inconvenience in the ordinary working of the school I venture to request that the time allotted cover at least two school vacations. The usual vacations are from May 15th to July 1st and from December 1st to January 8th or thereabouts. My request is that if this grant be not sanctioned before May 1st of this year, I be allowed till August 1907 for the completion of the work.

If this grant be sanctioned before May 1st, 1906, I should endeavour to put in all the foundation work and as much work as could be done on the ground floor level before the re-opening of school on July 1st. From July 1st to October 31st the contractor would be collecting material and getting all necessary timber work ready so that the second half of the work might be begun about November 1st and if possible completed by January 31st, 1907.

If this grant be not sanctioned before May 1st, 1906, it will be very inconvenient to begin work before November 1st, 1906. During November and December it would be possible to put in foundation work and then the long vacation of 1907, say, May, June and July, would be required to finish the work.

4. I return herewith the plans and estimates.

VII

Ref. on Cur. No. 7666/1905, dated 18th April 1906.

Submitted to Government with reference to G.O., No. 213, Educational, dated 20th March 1906.

2. The plans and estimates are enclosed.

A. G. BOURNE, D.SC., F.R.S.,
Director of Public Instruction.

4

Order—No. 354, Educational, dated 21st May 1906.

The Government are pleased to sanction a maximum grant of Rs. 10,462 towards the cost of extending the building occupied by the Wesley College, Royapettah, subject to the following conditions:—

(1) that the manager of the institution carries out the work in accordance with the estimate as now revised;

(2) that the work is completed before the 1st August 1907;

(3) that a certificate of the actual expenditure incurred on the work is submitted before the 31st August 1907;

(4) that the amount expended on the work does not fall short of Rs. 31,387 as actually verified;

(5) that all other conditions prescribed in the Grant-in-aid Code have been duly complied with.

2. On the above conditions being fulfilled the grant will be paid as funds become available.

(True Extract.)

A. BUTTERWORTH,
Ag. Secretary to Government.

To the Director of Public Instruction, with plans and estimates returned.
,, Accountant-General.

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., No. 354, EDUCATIONAL, DATED 21ST MAY 1906.

[SUBJECT.—*Grant-in-aid towards the extension of the building occupied by the Wesley College, Royapettah.*]

From the Director of Public Instruction, dated 15th November 1905, No. 7666.

Submitted that the plan and estimate received from the Director may, in the first instance, be forwarded u.o. to the Public Works Department for scrutiny before the question of grant is considered. The plan and estimate have not been countersigned by the Director, but the countersignature may be postponed till they are approved by the Public Works Department.

To the Public Works Department.

Public Works Department.

From the Consulting Architect to Government, dated 5th *March* 1906, *No.* 4949.

Submitted.

The Consulting Architect recommends the construction of an upper storey subject to certain conditions.

P. K. Subba Aiyar—12-3-06.

I think the new work may be approved, subject to the Consulting Architect's suggestions and the remarks in the Technical section's note.*

S. B. Murray—12-3-06.

Yes, the work may be approved as suggested. Perhaps the best plan will be to return the estimate and plans to Educational with a note by the Chief Engineer unless they are to be formally sanctioned in Public Works Department. The Director of Public Instruction's countersignature has still to be obtained. If necessary, the file may go back to Educational with the above remark.

J. P. Davidson—13-3-06.

The file may be returned to Educational with the accompanying note.

S. B. Murray—14-3-06.
J. P. Davidson—14-3-06.

To the Educational Department with note by the Chief Engineer.

Educational Department.

The plan and estimate for extension to the building of the Wesleyan Mission College, Royapettah, may now be returned to the Director of Public Instruction with the request that he will call on the authorities of the college to have the estimate revised in accordance with the remarks of the Chief Engineer and resubmitted to Government. The draft placed below is submitted for approval.

N.L.R.—17-3-06.
P. T. Tharyan—17-3-06.

C. A. Souter—18-3-06.

[G.O., No. 213, Educational, dated 20th March 1906.]

From the Director of Public Instruction, dated 18*th April* 1906, *No.* 7666.

The Director of Public Instruction submits, with reference to G.O., No. 213, Educational, dated 20th March 1906, revised plans and estimates for extending the building occupied by the Wesley College, Royapettah. The Manager of the Wesley College has revised the estimates in accordance with the suggestions made by the Chief Engineer and by the Consulting Architect to Government. The alterations are all made in red ink. The revised estimate amounts to Rs. 31,387. The Manager applies for a third grant on this increased amount, that is, for a grant of Rs. 10,462. [In the Manager's letter one-third grant is put down as Rs. 10,129, which is incorrect.] The Director of Public Instruction has countersigned the plans and estimates.

2. In regard to the fixing of the period within which Government require the work to be completed, the Manager prays that, if this grant be not sanctioned before May 1st of this year, he may be allowed time till August 1907 for the completion of the work. If the grant be sanctioned before the 1st of May next, the Manager undertakes to complete the work before the 31st of January 1907.

---

* Not printed.

---

3. Submitted that the plans and estimate may now be forwarded to the Public Works Department u.o. to ascertain whether the suggestion made by the Chief Engineer and the Consulting Architect have been fully carried out and whether the estimate may now be accepted. **A**
