He seems a more likely candidate. He should be asked what particular branch he wants to take up & if he has studied chemistry. [illegible]

H. D. Taylor Esqre.,

Ag. Secretary to Government

Madras.

Sir,

Having learned from the Gazette, that State Technical Scholarships are given for Industrial Chemistry and Tanning I, a Muhammedan named, Saiyed Abdul Gaffoor Shah, beg to offer myself as a candidate for one of them.

I have passed the First Examination in Arts of the Madras University and having completed the B. A course in the Presidency College, passed in Vernacular and I mean

going up

P. T. O

going up this year for B.A. in the remaining branches. It is a year since I became the Head Master of St. Francis Assisi's English Middle School and wish to be so till the end of this year since I promised to the Manager of the Institution

My brother was the Manager of the tanneries under the supervision of Messrs: T. Stanes &Co, Coimbatore, and one of my other brothers was a partner in one of the tanneries there. My eldest brother's managership and the other brother's tannery were going on for a period of about ten years but owing to the visit of deadly plague all of us were forced to leave the quarter and became separated, the

P.T.O eldest

eldest brother becoming the manager of an oil Mill at Cochin and other brothers, merchants here and there. During the stay of ten years at Coimbatore I had the opportunity of visiting my brother's tannery and those under the supervision of my eldest brother. If necessary I am at liberty to describe the process that are undergone there in preparing leather. The leather is sent to England through the agents of Messrs: Arbuthnot Latham & Co, where I think it is sold by Messrs: Dysler Nalder & Co; Soon after I passed the Matriculation Exn in 1896 I completed my F. A. Course and then myself became a merchant and for

P. T. O

for sometime assisted my brother, the tanner in looking after his business and in keeping his accounts. Thus I have had the opportunity of gaining some knowledge in tanning.

If I am given a decent scholarship for my maintenance in England or in America, I shall take up as many subjects as the time allowed will enable me to master them with perfection and undergo training there.

I am my own guardian, and to some extent I help my relatives. It may be asked whether my relatives, those that are made mention of, will be willing to send me to

P. T. O.

me to any distant land. Why, if they are true relatives of mine, they must show their sincerity towards me by looking to my well-being and future prosperity which I hope will soon ensue my course. But if they do not look to my future, they are no more relatives of mine and they are very little to be cared for.

The Principal of the Presidency College has testified to my conduct and this certificate is in the Office of the Registrar and if necessary I shall produce a conduct certifica from the Manager of the Institution, Mr. Sebastian, L. C. Presentaçaõ B.L

I am 25 years old and keep up sound health though I am not stout.

P. T. O.

Hoping this application will be favourably disposed,

I beg to remain

Sir,

Your most obdt and humble servant

C. Saiyed Abdul Gaffoor Shah

To
Ag. Asst Secretary,
Educational Department
Madras.

Sir,

With reference to your memorandum No: 146 I have the honour to state that my branch of science for the B. A. degree Examination is Mental and Moral Science and that I have only an elementary knowledge of Chemistry acquired while I was in the Matriculation class in 1895-1896 and that part of Chemistry which an ordinary medical practitioner acquires by perusing medical books. The taste for medicine was due to my acquaintance with many European doctors such as Dr

Henry

Henry Evans and others and my careful watching of their methods of treatment. I do not then desire for a certificate from any one of them, nor do I know where they are at present, as it is more than 7 or 8 years since I became separated from them. I am to some extent a medical practitioner of many of the adjoining parishes whose vicar the vara, who resides here, may, if desired, give a certificate as to my ability in this branch of science.

If this private knowledge is very little to be considered I shall be happy to undergo a complete study of Chemistry

for

for a year, which I hope will be sufficient in any of the foreign countries provided a foreign scholarship is granted and the period be lengthened to three years.

I shall try my best to master the subject in due time since I am in a position to understand it. If necessary I shall read some Chemistry books of the B. A. degree Examination.

Hoping this will have a favourable consideration

I have the honour to be
Sir,
Your most obdt. servant

[Memo: No. 146 of 30-3-06]

From Saiyad Abdul Gaffoor Shah of 3. 3. 06.

Put up this applicants' previous petitio

He Seems a cut above the Common.

C. A. S.
5.4.06.

The applicant has passed the First in Arts Examination. He has completed the Course for the B. A. Degree examination and has secured a pass in the Vernacular branch of it. The optional Subject for his B. A. course was "Mental and Moral Science." His knowledge of

~~2.~~ 10 12

para. 8. cf. of Chemistry is confined to the study of the portion prescribed for the Matriculation Examination — Elements of Chemistry.

para. 2 cf. One of his brothers was the Manager of the tanneries of Messrs. T. Stanes and Co; Coimbatore

ibid while another owned a partnership in a tannery ~~of his own~~ [illegible]

So far so good
Ces

After passing his F. A. Examination, the applicant became a merchant himself and looked after the affairs of his second brother. He ~~therefore~~ states that ~~he, under these circumstances~~, in this capacity he possessed every facility of

para. 4. cf. making himself familiar with the details of tanning and goes so far as to

para. 3 cf. assert that he can fully describe the whole process.

para. 9. cf. If his knowledge of Chemistry is found to be too limited and far below the standard, he requests that the ~~may be~~ period of his term of study may be extended

para. 10. cf. to three years to enable him to undergo a special Course of training in Chemistry alone for a year. The ~~question of~~ granting

paras 9 & 10. cf. of such a concession is possible ~~was also considered~~.

M Vide para: 3 of G.O. 46. Edl d/ 23-1-1906.

Under these circumstances, it is for consideration whether the applicant is eligible for a Scholarship and if so, whether he will satisfy Government as to the

15

Sec.

The applicant is suitable in so far as he has practical knowledge of the industry — which few if any, applicants have had so far.

2. I think he may be told that Govt. ~~is~~ would be inclined to favour his application if he went thro' a course of industrial chemistry. For details as to ~~the~~ on what lines he should work he may be advised to consult Mr. Chatterton. As for his request that ~~his~~ the scholarship should be extended to 3 years, he may be told that this point cannot be considered now but would receive consideration if he is finally selected, & if after he proceeding to England, ~~the~~ the Sec. of State is of opinion that he shd. get a 3 years' course. It seems obvious that no definite promise can now be given.

CWS
6-4-08

He is only an F.A. but seems to have a good command of English.
CWS

The Hon Mr Forbes CSI

This man seems a possible candidate. If he passes his BA he might do very well. For orders whether he shall be told to apply again if he passes. But of course the B.A. & not being a sine qua non he might be selected now. He will probably pass & it might be best for him in the end if he passes.

HB 7.4.06

Have we had the suggestions for practical course in tanning

Separately copied & action taken. PTg

Mr. Chatterton has not yet replied to the reference made to him. I ordered a reminder to be sent a short time back. Please issue telegraphic reminder.

HB

17.6.06.

Submitted that the reference to Mr. Chatterton regarding "the standard of preliminary ~~knowledge~~ practical knowledge "to be acquired in this country in tanning and the various "branches of Industrial Chemistry and the institutions where "such knowledge is imparted" has not yet issued. The Secretary suggested it in his note of 10-2-06 on page 4 of the

Now that H.m. has passed orders regarding the qualifications of Candidates for the State Technical Scholarships there appears to be no necessity to keep this file open.

B. An order similar to G.o. No 323 Edl dt 8th May 1906 may be passed. Please see draft placed below.
