Informing the Director of Public Instruction that the Government of India have sanctioned a recurring annual grant of Rs. 40,000 in aid of --, specifying the objects on which the amount is intended to be spent, and requesting the Director to submit proposals for the utilisation of this grant during the year 1906-1907.

GOVERNMENT OF MADRAS.
EDUCATIONAL DEPARTMENT.

READ—the following paper :—

Letter—from W. S. MARRIS, Esq., Deputy Secretary to the Government of India,
Home Department (Education).
To—the Secretary to the Government of Madras, Educational Department.
Dated—Simla, the 26th May 1906.
Nos.—365-72.

I am directed to state, for the information of the Governor in Council, that the Government of India have decided, with the approval of the Secretary of State, to make an annual recurring grant of Rs. 2,46,000 from Imperial funds in aid of European and Eurasian education in India with effect from the year 1906-1907. After due consideration of the needs of the various provinces in this most important matter, the proportionate share of the grant which they have decided to allot to the Madras Presidency is Rs. 40,000.

The amounts will be adjusted by an addition in each case to the fixed assignment under the Provincial Settlement.

2. As regards the application of these grants the Government of India are inclined to think that expenditure would be most profitably incurred on the following objects :—

- (i) an improvement of the pay and prospects of teachers,
- (ii) an enhancement of the grants made in aid of the equipment and maintenance of the schools, and
- (iii) the provision of scholarships on a more generous scale.

I am to commend these heads of expenditure in the order mentioned to the favourable consideration of the Governor in Council.

Order—No. 417, Educational, dated 15th June 1906.

The Director of Public Instruction is informed that the Government of India have sanctioned a recurring grant of Rs. 40,000 in aid of European and Eurasian education. This amount is primarily intended for the following objects :—

- (i) an improvement of the pay and prospects of teachers,
- (ii) an enhancement of the grants made in aid of the equipment and maintenance of schools, and
- (iii) the provision of scholarships on a more generous scale.

2. The Director is requested to submit to Government, as early as may be practicable, his proposals for the utilisation of this grant during the current year.

NOTES CONNECTED WITH G.O., No. 417, EDUCATIONAL,
DATED 15TH JUNE 1906.

[SUBJECT.—Assignment of Rs. 40,000 from Imperial funds in aid of European and Eurasian Education.]

From the Government of India (Home Department), No. 365, dated 26th May 1906.

In his letter No. 8449, dated 19th January 1906, printed with G.O., No. 220, Educational, dated 26th March 1906, the Director of Public Instruction pointed out that the "ordinary" grants calculated at the rates prescribed in article 37 of the Code for European schools would in the majority of cases be considerably in excess of the salary and fixed grants formerly paid, and, as the indiscriminate raising of the latter was under existing conditions undesirable, he recommended that, for the present, aid should be given not under article 37 but in the shape of fixed grants under article 39, so that he might then fix the grant for each school on the basis of the grant formerly paid with suitable additions wherever necessary to produce a corresponding increase of efficiency. This recommendation was accepted in paragraph 2 of G.O., No. 220, Educational, dated 26th March 1906, and a note to the effect that the system of aid in the shape of ordinary grants based on attendance will not come into force in this Presidency for the present was added under articles 26 and 37 of the Code when it was issued by this Government.

2. The extra amount required for payment of "ordinary" grants at the Code rates was roughly calculated by the Director at Rs. 70,000 exclusive of amounts required for payment of building, furniture, boarding and other grants—*vide* his demi-official on pages 17 and 18 of the notes with G.O., No. 220, Educational, dated 26th March 1906. A provision of Rs. 20,000 has been made in the budget for additional grants (in the shape of additions to the salary and fixed grants hitherto paid) on the introduction of the new Code, but the Director thought that he could distribute Rs. 50,000 over and above this amount—*vide* the last sentence of the demi-official referred to.

3. The Code was brought into force with effect from the 1st April 1906, but in order that this Government might be enabled to adopt the liberal rates provided therein, the Government in their letter No. 312, Educational, dated 4th May 1906, asked the Government of India for a special assignment of Rs. 70,000 out of the amount set apart by that Government for expenditure on European education. The Government of India have now given Rs. 40,000 and have suggested that it should be applied for the purposes of—

- (1) an improvement of the pay and prospects of teachers,
- (2) an enhancement of the grants made in aid of the equipment and maintenance of schools, and
- (3) the provision of scholarships on a more generous scale.

4. Advance copies of the letter have been circulated to His Excellency the Governor and the Honourable Members. The file may now be shown to the Financial department and the draft placed below issued.
