No. 2

Spare copies

Ref on Cur No. 10029/04

Station Madras, Dated the 16th May 1906.

From (Name) The Hon'ble Mr. A.G. Bourne, D.Sc., F.R.S.,

(Designation) Director of Public Instruction

To The Secretary to the Government of Madras,
Educational Department.

Sir,

In para 2 of my letter Ref on Cur No. 6555
dated 31st October 1905 I recommended to Government that the
training schools at Malapuram and Anantapur should be provided
with buildings of the type adopted for the schools at Guntur
and Nellore but with smaller rooms, and Government in passing
orders on this letter said that these schools should be provided
with buildings of a cheaper type. The Superintending Engineer,
Third Circle, has prepared the design herewith submitted for
reference and return. This design appeared to me a suitable
modification of Mr. Stone's original plan and I have been
awaiting estimates. The Superintending Engineer now invites
my attention to the enclosed copy of office note No. 6850/C dated
8th December 1905 of Government, Public Works Department, and
asks for instructions as to whether in the face of this note an

Page 3080 no

November 1905. H

estimate in accordance with this design should be prepared.
Mr. Davidson's note does not expressly refer to training schools;
and it is possible that the designs referred to were those for
girls' schools. In any case I have the honour to request
that you will be so good as to obtain the necessary permission
for my instructing the Superintending Engineer to have an
estimate drawn up in accordance with this design.

I have the honour to be,

Sir,

Your most obedient servant,

W. H. Davidson

For Director of Public Instruction.

W. H. Davidson
15-5-06.

Copy of an office Note from J.P. Davidson Esquire, Chief
Engineer and Secretary to Government, Public Works Department
No. 6850/C dated 8th December 1905 to the Consulting Architect
to Government, Madras.

With reference to the designs for school buildings
prepared by you at the request of Mr. Stone, Inspector of
European and Training Schools, please inform the officers to
whom you have forwarded copies of the designs that they are
not to be considered standard ones or any more estimates
prepared thereon; they should be returned to your office. Please
also do not supply copies of the designs to any other officers
in future.

SUBJECT.

The design to be adopted for the proposed Training School at Anantapur.

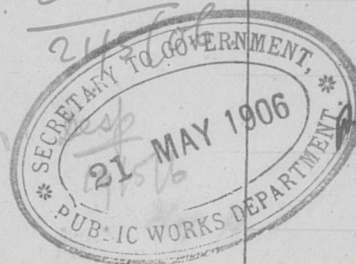

Page 39 element

A file recently came from P.W.D. in which they proposed to tell the Superintending Engineer that the instructions contained in office note no 6850.C. dt 8th December 1905 do not supersede 8th no 735 dt 11th November 1905. We may ask them to show us the file again or let us have a copy of the orders or memos. which may by this time have issued.
