Memorandum NO 3219C.3
17.5.06

With reference to the Endorsement from the Suptg. Engineer, II Circle, NO 2350 of 14 April 1906 submitting for sanction an application for the permanent exemption of V. Raghavayya from the Examination rules in view to his being promoted to Lock Superintendent, 1st grade, on Rs 15 per mensem in the Kistna Eastern Division, the undersigned has the honour to point out that the reasons given in the letter of the Sr. Engineer Kistna Eastern Division NO 355.E. of 2nd April 1906 in support of the application do not in themselves form any special ground for exemption. The Suptg. Engineer is requested to be so good as to report ^{whether} ~~what~~ efforts were made to secure a passed man and failed.

V. Bagharayya, Lock Superintendent.

Forwards the 8 x Engineer's letter for exempting
— from Examination Rules with strong
recommendation.

No. 185W

To The Chief Engineer
The Secretary to the Government of Madras,

Letter from E.W.P. Walsh Esquire, Offg. Executive Engineer
Kistna Eastern Division, to the Superintending Engineer, II
Circle, dated 5th June 1906, No. 165-S.E.

With reference to your endorsement No. 102-K.E. dated
23-5-1906, I have the honour to inform you that no steps were
taken to secure a passed candidate, as one of the Lock Super-
intendents in the Division had been exempted from Examination
Rules to hold an appointment of Rs. 20 and could have been

JBC

promoted in the vacancy. But as Lock Superintendent V. Raghavayya is by far the best Lock Superintendent and is much smarter and more intelligent than any of the other Lock Superintendents in the Division, he was specially selected for the promotion.

This Lock Superintendent has 20 years service. He has passed the late Middle school examination and is thoroughly conversant with his work which requires Technical ability rather than General Educational Qualifications. He cannot rise beyond Rs.15/- and his exemption from examination rules so as to draw the extra Rs.3/- is therefore strongly recommended.

I would also point out that at the time the vacancy occurred, there were also 2 vacancies of Superintendents on Rs.10/- and that no applications were received for any of the latter posts from passed candidates. Great difficulty is always felt in filling up these posts by passed men as the pay of the highest grade is Rs.15/- only.

Copy forwarded to the Chief Engineer, Public Works Department with reference to his No.3219-C dated 17th May 1906. Nothing has been done to secure a passed man. V. Raghavayya, is an excellent Lock Superintendent far above the average in usefulness and intelligence and he is at the most important Lock in the Delta where there is much regulation to be done and where a man of superior intelligence is required. In recognition of his previous good services, I recommend that he should be exempted from examination rules to enable him to draw Rs.15/-. If the grounds advanced are not considered justifiable, it is requested that the Lock Superintendent may be given a personal allowance of Rs.3/.

SUBJECT.

Exemption from the examination rules

It is proposed to promote V. Raghavayya, 2nd grade Lock Supt. on Rs.12, to 1st grade Lock Supt. on Rs.15. He has put in 20 years service in the P.W.D., both as a clerk & as a Lock Supt. The Assistant Engineer of the Krishna Eastern Division reports that V. Raghavayya is thoroughly conversant with his work and that he deserves promotion being much smarter & more intelligent than any other Lock Supt. in that Division. Order is directed as above & the permanent exemption applied for may be granted.

CR# 6531. From the S. E. II Circle, No. 185 W 9. 6. 06
For the Secretary

The Suptg. Engineer reports that no
steps were taken to secure a passed candidate,
because there is already a Rock Superintendent
in the Division who has been exempted from
the Examination rules to hold appointments
up to \$20 per mensem and who could have
been appointed to the vacancy. But as this
man was comparatively much inferior in smart-
ness and intelligence to the unpassed candidate
whose permanent exemption is now sought
the latter has been promoted.

With this explanation, it is for consideration
whether the exemption applied for will
be recommended to Government.

Feb
14. 6. 06

This argument does not seem very
strong. No steps were taken to get
a passed man, because there was al-
ready an unpassed man in the Division.

The only point in favour of
exempting this man is his educational
utility and long service. Whether Govt
will accept this in the face of the fact
that no attempt has been made to get a
better man is a question.

22/6/06

page 576
C7.

I should ask for a letter from S.D. 2nd
circle - The man has 20 years full service
to his credit; he at present draws Rs 12. and
it is proposed to give him a full carry; Rs 15.
Rs 15 would be a very magnificent salary for
a man who has done 20 years service -
This is the highest pay he can get during his
service - he is technically qualified for his
work - The enclosed paragraph ^{of the letter} ~~is~~ on the
other part of the candidate's work which is a
great number of those appoint-ment;
which is not unreasonable when the highest
limit of pay by Rs 15 ^{is considered} - I submit it would
be hard on this particular man with 20
years full service not to give him his thorough
work earned in ^{4 Rs 3.} ~~clear~~ pay and it would
not really serve for a test - I think in some
particular cases, the award given
with the work & would merely use the
appoint-ment as a stepping stone to some
thing better - The application & the first instance
went to Educational without knowledge,
as can be seen from the page 2
I think now that the full facts of the case have
been reported that Exemption might be
given on the two grounds, (1) as a reward
for long full service & (2) because it is
clearly in the interest of full work men who

11 5 10
Know their work in these appointments,
rather than make them a Government
posting place for some young panel candidate,
who would certainly not be content with
his 15/-

W. M. C. M. C. M. C.

16/6/06

I can't agree: surely a
man who can read &
write & be in more
valuable to the State
877

The arguments generally go to show that the
post of Lock Supt. should be exempted from
the general educational qualifications.

The exemption may be granted
in this case - but it seems rather
anomalous that a man, now acting
as Lock Supt. and who has been
exempted for posts up to R 20/-, is
not deemed fit to hold a R 15/-
appointment. The previous exemption
must have been precise or very
slender grounds.
