Letter—from W. S. MARRIS, Esq., Deputy Secretary to the Government of India, Home Department (Education).

To—the Secretary to the Government of Madras, Educational Department.

Dated—Simla, the 12th June 1906.

No.—404.

I am directed to acknowledge the receipt of your letter No. 312, dated the 4th May 1906, regarding the introduction into the Madras Presidency of the Code of regulations for European schools.

2. In paragraph 4 of your letter the Government of India are asked to place at the disposal of the local Government at least Rs. 70,000 of the special grant of five lakhs to be allotted for technical and European education as the Governor in Council proposes to adopt in the case of deserving schools the more liberal rates of grants allowed by the new Code, and in paragraph 5 it is suggested that, if it is intended that the colleges for the education of Europeans, with high school classes attached, are to be brought within the provision of the new Code, they should be treated as high schools except as regards the courses of study and the number of school meetings.

3. In reply I am to say that the Government of India approve the suggestion referred to above. As regards the request made in paragraph 4, I am to invite attention to the Home Department letter No. 365, dated the 26th May 1906, which conveyed the Government of India's decision to allot the sum of Rs. 40,000 in aid of European and Eurasian education in the Madras Presidency with effect from the year 1906-1907.

Order—No. 455, Educational, dated 28th June 1906.

With reference to paragraph 12 of G.O., No. 220, Educational, dated 26th March 1906, the Director of Public Instruction is informed that the Government of India approve of the suggestion that the Colleges for Europeans should be treated as high schools for the purposes of the Code except as regards courses of studies and number of school meetings—matters which are regulated by the rules of affiliation to the University.

NOTES CONNECTED WITH G.O., No. 455, EDUCATIONAL,
DATED 28TH JUNE 1906.

[SUBJECT.—*The Code of Regulations for European Schools in this Presidency.*]

From the Government of India, dated 12th June 1906, No. 404.

In letter No. 312, Educational, dated 4th May 1906, the Government of India were informed that the Code of Regulations for European Schools in India and Burma forwarded by that Government was introduced in this Presidency with effect from 1st April 1906. In paragraph 4 of the same letter that Government was requested to place a sum of Rs. 70,000 at the disposal of this Government in order that the more liberal rates of grant allowed by the new Code might be adopted as soon as possible.

2. The Government of India have in their letter No. 365—72, dated 26th May 1906, decided to allot to the Madras Presidency a sum of Rs. 40,000, out of the annual recurring grant of Rs. 2,46,000 from Imperial funds in aid of European and Eurasian education in India with effect from the year 1906-1907. The Director of Public Instruction has already been informed of this decision and of the objects for which the grant is intended and has been requested to submit, as early as may be practicable, his proposals for the utilisation of the grant during the current year.

3. Another point to which the attention of the Government of India was drawn in the letter referred to above was the omission from the Code, of any explicit mention of Colleges. It was pointed out that "at present there are four such institutions in this Presidency for the education of Europeans, all of the 2nd grade with high school classes attached. Two of these institutions, however, owing to the large native element which they contain are unlikely to be brought under the European Code so that only two remain in which the Code will probably operate If they are to be brought within the purview of the new Code, he (the Governor in Council) would suggest that they should be treated as high schools except as regards the courses of study and the number of school meetings, matters which are regulated by the rules of affiliation to the University." The Government of India have approved of this suggestion. Advance copies of the letter have already been circulated to His Excellency the Governor and the Honourable Members.
