Travancore

Sir,

I have the honour to forward this day

Applicant's name

the name of

Travancore. having

been long as

F.A. and has

not fulfil the

prescribed conditions

the

26-7-06

to your kind perusal an application which runs as follows:-

I see from the advertisement in the Travancore Govt. gazette that stipendiary students are sent up from here to Europe or America,

I am a matriculate of the Madras University and now a student in the F.A. class in H.H. The Maharajah's college.

I am a native of India as defined in section 6 of the Government of India act, 1870,

I have the consent of my father to proceed to Europe or America,

I could produce highly satisfactory certificates of good character, sufficient knowledge of English, & physical fitness to undergo the course of study which I have to follow, from respectable gentlemen.

The only thing that puzzles me is the rule that says that ~~these~~ candidates should have undergone the best technical education in the Presidency; for I have undergone no technical career, but I have obtained a knowledge of the subjects that I mean taking up by the advanced study of Chemistry & physics.

Please to reply per return post, if I am eligible, with all particulars.

Hoping that you will subject my application to your kind recommendation and secure me a favourable reply,

I am,

your most obedient servant,

R Ganapathy Iyer
