Madras.

31st July 1906.

Most Honoured and Respected Sir,

Although
a Government notification advertising
the award of some scholarships
was issued in the February number
of "the Educational Review" I have
had the good fortune to look
into it only just now. Before
proceeding to state my status
and qualifications, I beg leave
to draw your honour's attention
to a single feature in the education
of a young Hindu; it is simply
this, — that not unlike his mar-
riage his subject in the higher
University course here is also
mostly determined by his
guardian; and thus it not
unfrequently happens that a
student who has a strong
natural bent for some physical
and practical branch is obliged
to take up some unprofitable
subject through the pious
intercession of a guardian. Therefore

in this
P. J. O.

in this country the free will of the student having been given no free play it would be not quite fair to judge of the practical aptitude of the scholar by the branch he has taken up for the B. A. Degree. It is thus that I am a graduate of this University with Philosophy as my optional subject. And I beg to introduce myself as a student of the Law at present.

As for my status I beg to state that I am the only son of a landholder of the Tanjore District. My native village is Terelandur near Mayavaram, and I own lands and houses in some two or three other villages besides, near Kumbakonam.

My father, an old student under the great Porter and Gopal Row, was for some short period in the Government service and retiring before his pension

pension was due was the Manager of a certain rich estate at Benares. I am also a near relative of Rao Bahadur Mr. S. Swaminadha Aiyar, the Dy. Collector of Tanjore. Two of my near relatives are Sub-judges, — one Mr. Ramachandra Aiyar and the other Mr. Sami Aiyar. Another close relation of mine, is a professor in the Teachers College, Saidapet, Mr. A. Subrahmanya Aiyar by name.

I therefore claim to belong to a decent family and crave the patronage of the Government to be awarded the technical Scholarship. If my candidature should receive a favourable sanction I beg leave to take up "Tanning" for my subject; and if more than one subject can be mastered in the period allowed, may I be permitted to make
P. J. O.
