With reference to paragraph 2 of his letter No. 4727, of the 27th June 1906, to the address of the Private Secretary to His Excellency the Governor, the Director of Public Instruction is informed that the District Medical and Sanitary Officers of Tanjore and Vizagapatam and the Surgeon of the First District, Madras, are *ex-officio* Superintendents of the Medical Schools at Tanjore, Vizagapatam and Rayapuram, respectively, and that appointments to the posts of Superintendents of these schools will, in future, be embodied in the minutes appointing the officers to the districts concerned. No separate Educational minutes will be necessary so long as the Medical officers referred to continue to be *ex-officio* Superintendents of the Medical schools.

NOTES CONNECTED WITH G.O., No. 554, EDUCATIONAL, DATED  
21st AUGUST 1906.

[SUBJECT.—Question of gazetting Educational appointments held by Medical officers.]

## PUBLIC DEPARTMENT.

Telephonic message from the Director of Public Instruction, to the Under Secretary to Government, Public Department, dated 20th July 1906.

Please see paragraph 2 of the Director's letter, Ref. on Cur. No. 4727, dated 27th June 1906. The Educational appointments of Major Leet-Palk and Captain C. Webster were notified in the *Fort St. George Gazette* of the 10th instant, but the appointment of Major E. H. Wright as Superintendent, Medical School, Tanjore, has not yet been sanctioned. Kindly say when the last appointment will appear in the Gazette.

The Director of Public Instruction objected to the inclusion of the appointment of Superintendent, Medical School, Tanjore, in the Public minute. It is now for the Educational Department to notify the appointment if considered necessary.

N.K.—21-7-06.

C. S. SIMPSON—21-7-06.

## EDUCATIONAL DEPARTMENT.

Submitted with a draft minute of appointment. The Director's letter did not pass through Educational.

P. T. THARYAN—21-7-06.

C. G. MACKAY—23-7-06.

But is a gazette appointment necessary in this case? I do not recollect any precedents. Was the late Colonel Hakim, I.M.S., ever gazetted? The superintendentship carries an allowance, but is not the District Medical and Sanitary Officer, A | Tanjore, under the rules of the school, *ex-officio* Superintendent?

H. D. TAYLOR—24-7-06.

It has not been usual to gazette the District Medical and Sanitary Officer, Tanjore, as Superintendent of the Medical School, but the school was till lately a Local Fund school. Now it is a Provincial school. The Superintendent of the Rayapuram school is gazetted as such.

P. T. THARYAN—24-7-06.

C. G. MACKAY—25-7-06.

Have you a copy of the rules of the Tanjore Medical School or the Government order fixing the allowances?—*vide* my query at A *supra*. Have gazette notifications issued in case of the Vizagapatam school where the District Medical and Sanitary Officer is also *ex-officio* Superintendent?

H. D. TAYLOR—26-7-06.

A copy of the rules of the Tanjore Medical School is not available. The Government order fixing the allowance of the Superintendent is put up—please see G.O., No. 458, Educational, dated 28th June 1906. An allowance of Rs. 150 per mensem is sanctioned therein to the District Medical and Sanitary Officer for discharging the duties of the Superintendent of the Tanjore Medical School.

2. The appointment of Lieut.-Colonel Pemberton, I.M.S., as District Medical and Sanitary Officer and Superintendent of the Medical School, Vizagapatam, in November 1905, was gazetted by the Public Department—please see page 972 of Part I of the *Fort St. George Gazette*, dated 21st November 1905.

T.K.A.—26-7-06.

G.O., No. 458, Educational, dated 28th June 1906, makes it clear that this appointment is not a separate appointment but is attached to the post of District Medical and Sanitary Officer in the same way as a jail or lunatic asylum allowance in the mufassal. A separate memorandum of appointment seems, therefore, unnecessary and the appointment may be combined in the general notification in Public as in the case of Colonel Pemberton's notification in *Fort St. George Gazette*, dated 21st November 1905. Educational need not trouble in future about a separate minute which may however issue in the present case.

Minute approved and may be gazetted.

H. D. TAYLOR—27-7-06.

Sent to Gazette.

P.K.M.—27-7-06.

This may now go to Public. If that department agrees appointment to the posts of Superintendent, Medical School, Tanjore and Vizagapatam, may be embodied in future in the general notification relating to the posting of District Medical and Sanitary Officer. No separate minute seems necessary. The District Medical and Sanitary Officer is *ex-officio* Superintendent, and the salary attached to the post of Superintendent attaches to the District Medical and Sanitary Officer automatically.

H. D. TAYLOR—27-7-06.

To the Public Department.

#### PUBLIC DEPARTMENT.

There is no objection in Public to the proposal in Local and Municipal. The appointment of Major E. H. Wright, I.M.S., as Superintendent of the Medical School, Tanjore, was omitted from the notification appointing him to be District Medical and Sanitary Officer, Tanjore, because the Director of Public Instruction stated that the former appointment was out of place in the minute submitted by the Surgeon-General.

#### EDUCATIONAL DEPARTMENT.

Please draft explaining the circumstances to the Director of Public Instruction.

H. D. TAYLOR—1-8-06.

The draft placed below is submitted for approval.

2. In the draft, the Superintendent of the Rayapuram Medical School has also been included *subject to approval*. The *Vile G.O.*, No. 34, Educational, dated 18th January 1904; also paragraph 3 of letter to India, No. 357, Educational, dated 14th June 1902. The Surgeon of the 1st District, Madras, is *ex-officio* Superintendent of the Rayapuram Medical School and the same rule which applies to Tanjore and Vizagapatam applies to him also.

3. It is also respectfully submitted that a similar rule applies to the Professors of the Medical College. For instance, the Superintendent of the Maternity Hospital is Professor of Midwifery; the Superintendent of the Ophthalmic Hospital is Professor of Ophthalmology. All the Professors have collateral medical appointments and the Medical and Educational appointments are now separately gazetted, the former in Part I and the latter in Part I-B of the Gazette. The Director may, on receipt of the present order, raise the question whether the Medical and Educational appointments should, in future, be combined in the case of these also, but in this case paragraph 5 (1) of G.O., No. 19, Public, dated 9th January 1894, on page 4 of G.O., No. 507, Public, dated 9th July 1906, will require slight alteration.

For instance, Major Tucker's appointment as acting Third Physician, General Hospital, on page 804 of Part I. and as Professor of Pathology, Medical College, on page 461 of Part I-B of the Gazette of the 31st July 1906.

Proposition statement on page 11 of G.O., No. 371, Educational, dated 2nd July 1901; also preface to the Civil Medical List. Paragraphs 3 to 9 of G.O., No. 135, Public, dated 7th February 1900, printed with G.O., No. 371, Educational, dated 2nd July 1901, pages 3 to 5.

P. T. THARYAN—1-8-06.

C. G. MACKAY—2-8-06.

H. D. TAYLOR—2-8-06.

To the Private Secretary to His Excellency the Governor.

*Demi-official from H. D. Taylor, Esq., I.C.S., Acting Secretary to Government, Educational Department, to the Private Secretary to His Excellency the Governor, dated 7th August 1906.*

This file relates to the form in which the appointments of Superintendent of the various Medical schools should be gazetted. The posts of Superintendent, Medical Schools, Rayapuram, Vizagapatam and Tanjore, are attached as collateral appointments, to the posts of Surgeon, 1st District, and District Medical Sanitary Officer, Vizagapatam and Tanjore, respectively. Incidentally the file raises the same question in respect of collateral appointments in the Medical College held by Medical officers on duty in Madras. At present though the one appointment carries with it the duties and pay attached to the collateral appointments, it is customary to prepare separate minutes in Public and Educational respectively.

2. This seems to be an unnecessary waste of labour, and demi-official references from heads of departments. It is not apparently open to the Director of Public Instruction to recommend for the Educational appointment any Medical officer other than the one appointed in Public to the executive office to which the collateral Educational appointment is attached. It would seem, therefore, that in such cases a single minute for both appointments to issue in the Public Department would suffice. But in that case, some alteration would be necessary in the arrangements approved in paragraph 5 (1) of G.O., No. 507, Public, dated 9th July 1906.

3. As the question relates primarily to procedure in the matter of appointments, I send the file to you in the first instance for His Excellency's orders. It has not yet been circulated to the Hon'ble Mr. Forbes.

*Demi-official from A. Y. G. Campbell, Esq., I.C.S., Private Secretary to His Excellency the Governor, to the Secretary to Government, Educational Department, dated 14th August 1906.*

Your demi-official of the 7th instant regarding the appointments of Superintendents of various Medical schools and appointments in the Medical College, Madras, was considered in Council last week. The decision arrived at was that proposals made by the Surgeon-General regarding the appointments of Medical officers, who are *ex-officio* Superintendents of the Medical schools, should be sent through the

Director of Public Instruction, but that a separate minute of appointment in the Educational Department is unnecessary so long as the Medical officers are *ex-officio* Superintendents of the Medical schools. (On the other hand, the appointments in the Medical College should not be regarded as necessarily held *ex-officio* by Medical officers who now hold them. Consequently, in their case it is desirable to continue the present practice of submitting two minutes—one in the Medical Department and the other in the Educational Department.

*To the Public Department for acceptance.*

PUBLIC DEPARTMENT.

The draft may be accepted in the Public Department.

2. The Educational Department note at page 2 of the notes and the demi-official to the Private Secretary to His Excellency the Governor above were written without reference to Public, and without knowledge of the following papers:—

Paragraph 4 of letter to the Government of India, No. 173, Public, dated 24th February 1904.

Paragraph 6 of letter to the Government of India, No. 375, Public, dated 23rd May 1905.

Paragraph 4 of letter to the Government of India, No. 481, Public, dated 5th July 1905.

In all these letters, the Government expressed the opinion that professorships in the Medical College should not necessarily be attached to particular Medical appointments.

Attention is invited to the Hon'ble Mr. Stokes' side-note at page 19 of the K.W. G.O., Nos. 172, 173, Public, dated 24th February 1904, in which he remarked that it might happen that some one other than the Superintendent, Ophthalmic Hospital, should hold the Professorship of Ophthalmology.

My dear Campbell

The file relates to the  
 for which the appointment of  
 Supt. of the various Medical Schools  
 is to be gazetted. The posts of Supt.  
 Medical Schools Bangalore, Vizagapata-  
 -Tanjore are attached, a collateral  
 appointment, to the post of Secy. to  
 Govt. of Vizagapata -Tanjore  
 respectively.

Incidentally the file raises the  
 same question in regard of  
 collateral appointments to the Medical  
 College held by Medical Officer in  
 charge - Madras.

At present though the one  
 appointment comes with it the  
 duties & pay attached to the collateral  
 appointment, it is customary to  
 prepare separate forms in  
 Public and S.D. respectively.

It seems to be an unnecessary  
 waste of labour, and S.D. references  
 for each of appointments. It is not  
 apparently open to the S.D. to  
 recommend for the educational appointments  
 Medical Officer other than the one appointed

GOVERNMENT HOUSE.  
Ootacamund,

August 14, 1906.

My dear Taylor,

Your D.O. of the 7th instant regarding the appointments of Superintendents of various Medical Schools and appointments in the Medical College, Madras, was considered in Council last week. The decision arrived at was that proposals made by the Surgeon General regarding the appointments of Medical Officers, who are ex officio Superintendents of the Medical Schools, should be sent through the Director of Public Instruction but that a separate Minute of appointment

appointment in the Educational Department is unnecessary so long as the Medical Officers are ex officio Superintendents of the Medical Schools. On the other hand, the appointments in the Medical College should not be regarded as necessarily held ex officio by Medical Officers who now hold them. Consequently, in their case it is desirable to continue the present practice of submitting two Minutes- one in the Medical Department and the other in the Educational Department.

Yours sincerely,
