C.M.S. Sarah Tucker College, Palamcottah.

Sanctioning, subject to certain conditions, a maximum grant of Rs. 3,500 towards the cost of constructing a special hostel in connection with the —.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

Read—the following papers:—

I

Letter—from the Hon'ble Mr. A. G. Bourne, D.Sc., F.R.S., Director of Public Instruction.
To—the Secretary to Government, Educational Department.
Dated—Madras, the 14th May 1906.
No.—Ref. on Cur. No. 2834.

I have the honour to submit the enclosed plan with estimate, amounting to Rs. 10,820, for the construction of a special hostel in connection with the C.M.S. Sarah Tucker College, Palamcottah, and to recommend that a third grant of Rs. 3,610 be sanctioned.

2. The necessity for the proposed hostel is explained by the manager as follows:—

"For some time past a need has been felt for better and more individual hostel accommodation for a limited number of students whose social position requires it and who are able to pay for it than can be provided at the low rate of fees paid by the majority of the girls in the common rooms of the college and institution".

3. The proposed hostel is intended to accommodate 30 students, a matron and lady Professor who will be the resident Superintendent.

4. The strength of the institution is 71—8 in the college and 63 in the school department. The management contribute a large sum towards the maintenance of this institution and it seems deserving of every encouragement.

5. Out of the allotment for building grant in the current year's budget estimate payment of Rs. 2,018 has been authorized up to date.

II

Note by the Chief Engineer, Public Works Department, dated 25th June 1906.

The estimate for constructing a special hostel in connection with the C.M.S. Sarah Tucker College at Palamcottah in the Tinnevelly district is recommended for sanction with the following remarks.

The slope of the verandah roof should be $\frac{1}{4}$ pitch, that shown on the plan ($\frac{1}{6}$) is too flat for flat and pan tiles.

It would be better to build the walls throughout with brick in chunam and not partly with mud and partly with chunam.

It would be preferable to use some good jungle wood for the roof instead of palmyrahs.

The rate for verandah circular columns is very low. They should be estimated at Re. 1 per foot including bond stones, plaster, etc.

The scantlings of the roof timbers should be altered as follows:—

		IN. IN.		IN. IN.
Principal rafters	from	4½ × 6	to	4 × 5½
Tie beams	,,	4½ × 6	to	4 × 6
Struts	,,	4½ × 5	to	4 × 4
Ridge beam	,,	1½ × 7	to	3 × 7
Front verandah— Bressummer	,,	5 × 7	to	4 × 5½
Inner verandah— Bressummer	,,	4¾ × 6¾	to	3½ × 4½
Latrine— Joists	,,	3 × 5	to	3 × 6¾

J. P. Davidson,
Chief Engineer.

Order—No. 583, Educational, dated 5th September 1906.

The Government are pleased to sanction a maximum grant of Rs. 3,500 towards the cost of constructing a special hostel in connection with the C.M.S. Sarah Tucker College, Palamcottah, subject to the following conditions:—

(1) that the manager of the institution in carrying out the work adopts the suggestions of the Chief Engineer in his note read above;

(2) that the work is completed before the 30th September 1907;

(3) that a certificate of the actual expenditure incurred on the work is submitted before the 30th November 1907;

(4) that the amount expended on the work does not fall short of Rs. 10,820 as actually verified;

(5) that all other conditions prescribed in the Grant-in-aid Code have been duly complied with.

2. On the above conditions being fulfilled the grant will be paid as funds become available.
