Memo. 510 - d/ 10. 10-06.

Desp 10/10/6

From page 213(a) of the Quarterly Civil list corrected up to 1st July 1906 it appears that there are at present 6 Muhammadan Sub Assistant Inspectors of Schools of whom three are for Moplah schools. The ~~jurisdiction~~ ranges of the 3 remaining Sub assistants ~~are~~ a shown as the old Central, northern and southern Inspector's circles. As however two new Inspector's circles have now been formed the D. P. I. is requested to state whether [in view of the large ~~range~~ area comprised in [illegible] the charge of the [illegible] Inspector] it is not desirable to raise the total number of Muhammadan Sub Assistants to 8 so that each of the Inspector's circle (excepting the 6th circle ^which will have three) may have one Sub Assistant and if so how this can be arranged. Information should also be furnished regarding the number of Muhammadan schools in ~~each~~ charge of the Sub assistants in each of the old central, ~~south~~ northern and southern circles and the present First, Second, Third, ~~and~~ Fourth & Fifth Circles and the average number of schools in charge of an ordinary Sub ^Inspector assistant, as well as of a Sub Assistant Inspectress of girls schools.

Station Madras, *Dated the* 31st October 1906.

From (Name) The Hon'ble Mr. T.T. Logan, B.A.,

(Designation) Ag. Director of Public Instruction,

To The Secretary to the Government of Madras,
Educational Department.

Sir,

Page 1 supra.

With reference to Government Memorandum No. 510 of the 10th instant enquiring whether in view of the large areas comprised in the charges of the Muhammadan Sub assistants it is not desirable to raise the total number of Muhammadan Sub assistants to eight I have the honour to state that the matter was carefully considered by Mr. Bourne when the Sub assistant Inspectorate was recently strengthened by the addition of 62 officers sanctioned by the Secretary of State. Of these, one was meant for Muhammadan schools and the number of Muhammadan ranges was thus raised from 6 to 7. The 3 Muhammadan ranges previously known as the Northern, Central and Southern Circle ranges have been re-arranged into 4 ranges, viz, the Rajahmundry, Bellary, Madras and Trichinopoly ranges and an additional officer has been appointed to the charge of the Bellary range. Each of the

Inspectors' Circles I, II, III, and V has now a Muhammadan Sub assistant attached to it; and the VIth Circle has three such officers for the Mappilla schools. A separate Muhammadan Sub assistant for the IVth Circle is unnecessary as there are not many schools in it for Hindustani learning Muhammadans, the Muhammadan population there being mostly Lubbays speaking and learning only Tamil. The Hindustani schools of this Circle and a few others on the Nilgiris and in Bangalore have been entrusted to the charge of the Muhammadan Sub assistant, Trichinopoly range who is attached to the Vth Circle. The accompanying statement shows the number of Hindustani Primary schools in each district arranged according to the Inspectors' Circles and according to the old and new distribution of the ranges of the Muhammadan Sub assistants; and the following is a summary of it:-

Old distribution.	No. of schools.	New distribution.	No. of schools.
Northern Circle	181	Rajahmundry range	119
Central Circle	119	Bellary do	142
Southern Circle	180	Madras do	91
		Trichinopoly do	128
	480		480

2. It will be seen from the statement given above that a Muhammadan Sub assistant has now on an average to examine only 120 schools while according to the old distribution he had to examine 160. On an average an ordinary range Sub assistant has to examine 189 primary schools and a girls Sub assistant 115. It is true that the travelling work of the Muhammadan Sub assistants is heavy; but their inspection work is as shown above comparatively light and their correspondence work has been greatly reduced by relegating such of it as is of an administrative nature to the local Sub assistant Inspectors (vide copy of Proceedings Dis No. 3574 dated 23rd May 1906 enclosed). In these circumstances I do not think that there is any necessity at present for a further increase in the number of Muhammadan Sub assistants.

I have the honour to be,
Sir,
Your most obedient servant,

For Director of Public Instruction.

For Director of Public Instruction

Dis. No. 3574.

PROCEEDINGS OF THE DIRECTOR OF PUBLIC INSTRUCTION, dated 23rd May 1906.

Inspection and Examination of Muhammadan Schools.

The Sub-Assistant Inspectors of Muhammadan Schools have large areas to travel over and it appears desirable to reduce their office work and leave them as free as possible to promote the spread of Muhammadan education.

In supersession of any previous orders on the subject and except in the case of the Government Muhammadan Primary schools in Madras which will continue under the same control as now, the Director rules that the Sub-Assistant Inspectors of Muhammadan schools should hereafter confine their work to the inspection and examination of Muhammadan Primary schools in which Hindustani is the medium of instruction.

2. The other Muhammadan Primary schools where a South Indian Vernacular alone is taught as first language will be under the local Sub-Assistant Inspectors who will also be responsible for the administration of the Hindustani-Muhammadan schools in the same way as for other institutions under them whether in relation to the department or to the local boards, *i.e.*, in—

(1) the preparation and submission of the monthly returns and pay-bills of Board and Municipal schools,

(2) the preparation and submission of annual returns and budgets,

(3) leaves and appointments subject to the modification detailed below, and

(4) generally such other matters of administrative detail as they are competent to go into.

3. The local Sub-Assistant Inspectors will, however, consult the Muhammadan Sub-Assistant Inspectors concerned and be guided by their opinion in—

(1) making recommendations for appointments in Board and Municipal schools of a permanent nature and for acting arrangements of more than six months' standing,

(2) the submission of indents for school books, and

(3) such other matters as require the Muhammadan Sub-Assistant Inspectors' expert opinion.

4. In districts where there are separate supervisors appointed for Muhammadan schools, these officers will continue to submit their own diaries and monthly returns to the Sub Assistant Inspectors of Muhammadan schools and correspond with them on purely educational subjects connected with the schools under them; but in matters connected with their administration they will correspond with the local Sub-Assistants.

5. The Inspectors are requested to communicate to the local Sub-Assistant Inspectors copies of their reviews of reports on schools examined by the Muhammadan Sub-Assistant Inspectors.

D.O. from the Private Secretary to His Excellency the Governor, dated 7th October 1906

---

x x x

His Excellency would like to know whether the Director of Public Instruction will consider the possibility of increasing the Muhammadan Sub-Assistant Inspectors in the Presidency of whom at the present time there appear to be only six.

Sub-Assistant Inspectors, Muhammadan Schools.--

The present number is 6, of whom 3 are for Moplah schools.

Perhaps the number might be increased to 8, so that in addition to the West Coast range there would be one Sub-Assistant for each Inspector's range.

The question may be referred separately to D.P.I. who may be asked to furnish details as to the present ranges of the Sub-Assistant Inspectors and number of schools in each range at present, and as proposed to be reconstituted.

8-10-06

The draft memo. placed below is submitted for approval.

2. The Secretary apparently desires information to be called for regarding (the number of) Muhammadan schools.

Pages 209-213a.

Information regarding ranges of Muhammadan Sub Assistants (as well as of other Sub assistants) is given in the Quarterly Civil list.

3. Of the total sanctioned number of 126 Sub Assistants the Civil list shows that 125 have been employed up to date as follows:-

Pages 207-208
" 209-213
Page 213a

Girls' schools	7	(Excluding three Assistant Inspectresses)
Ordinary Boys' schools	111	
Muhammadan or Moplah Schools	6	
Sanskrit Schools	1	
	125	

It should thus be possible to raise the number of Muhammadan Sub Assistants by 2 without disturbing the arrangements regarding Girls' or ordinary Boys' Schools, but this is not enough.
8/10/06

The information required in this memo is preliminary to anything further being done.

Probably some add^l. sub Asst. over the sanctioned strength may be required. If they are found necessary I do not, I think, object, on the ground of expense. The present charges, other than on (II O) the West coast are far too large. Issue.

Memo. No 510 on page 1 of current + R^c. on 200 dt 17-3-06. M.

Till recently there were 6 Muhammadan Sub-Assistant Inspectors of Schools of whom 3 were for Moplah Schools in the old Western, present 6th (Inspector's) circle. The remaining 3 Sub-Assistants were for the old Northern, Central and Southern circles – present 1st, 2nd, 3rd, 4th & 5th Circles – and the remaining portion of the old Western circle, namely, the Coimbatore, the Nilgiri & Salem districts.

2. In Memo. No 510 dt 10th October 1906 the D.P.I. was asked to state whether the number of Muhammadan Sub-Assistant Inspectors, including the Moplah Sub-Assistants should not be raised to 5 so that each of the present first five circles may have a separate Sub-Assistant. The Director states that the number has been raised to 4 and the ranges re-distributed as follows:–

Old distribution.	No of schools.	Present distribution	No of schools
Northern Circle range	181	Rajahmundry range	119
Central " "	119	Bellary "	142
Southern " "	180	Madras "	91

4. While the Sub assistant Inspector of the old Northern Circle range was under the Inspector of the Northern Circle, the Sub-Assistant of the old Central Circle range was under the Inspector of the Northern and Central circles and the Sub-Assistant of the old Southern Circle range under the Inspectors of the Central, Southern and Western Circles. The Sub Assistants of the new Rajahmundry, Bellary and Madras ranges will be under the Inspectors of the new 1st, 2nd & 3rd Circles respectively, while the Sub-Assistant Inspector of the new Trichinopoly range will be under the Inspectors of the new 4th, 5th & 6th Circles. So far the new arrangement is an improvement on the old arrangement. The number of schools in many of the new ranges does not seem to be too ~~large~~ many for a single Sub Assistant. The Average number is 120 as compared with 115 in the case of the Sub-Assistants of girls ranges and 189 in ~~that~~ of Sub-Assistants of boys schools.

Para. 3 of Director's letter - page 3 of current.

Secy.

We may perhaps agree that an additional Muhammadan Sub. Inspector is not required. The Director has confined their work to the inspection of Muhammadan schools in which Hindustani is

~~taught~~ the medium of instruction and that arrangement leaves many of the Labbai schools of Madura & Tinnevelly to the local Sub-assistants. The Muhammadan Sub-assistant who inspects the schools of the IVth circle as well as those of the ~~Vth~~ does not seem to have too much to do relatively to others.

Of course it may be questioned if the Director was right in restricting the inspection by Muhammadan Sub assistants as he has done. He might have consulted Govt.

12-11-06

A Muhammadan school in which Tamil is the medium of instruction appears to be an anomaly - but the Lubbais are said to speak and learn only Tamil. If that is so no exception can be taken to placing schools for Lubbais under the ordinary Sub Asst. Inspectors.

As the number of Muhammadan Sub Assts. has been raised from 3 to 4, excluding those for the Moplah circles, and as they do not appear to be overworked no further addition to their numbers seems, for the present, to be necessary.
