GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

Read—the following paper :—

Letter—from G. B. H. Fell, Esq., Deputy Secretary to the Government of India, Home Department (Education).
To—the Secretary to the Government of Madras, Educational Department.
Dated—Simla, the 3rd November 1906.
No.—855.

In compliance with the request made in your telegram No. 52, dated the 24th October 1906, I am directed to forward a copy of the Home Department letter No. 581, dated the 9th August 1906, inquiring whether the Government of India may expect to receive any proposals from the Government of Madras for the award of State technical scholarships.

Enclosure.

Letter—from W. S. Marris, Esq., Deputy Secretary to the Government of India, Home Department.
To—the Secretary to the Government of Madras, Educational Department.
Dated—the 9th August 1906.
No.—581.

From the Proceedings of the Government of Madras in the Educational Department for January 1906, the Government of India observe that at the beginning of the present year the Governor in Council invited applications for State technical scholarships from candidates desirous of prosecuting the scientific study of industrial chemistry and the tanning industry. I am to inquire whether, as the result of this action, the Government of India may expect to receive any proposals for the award of scholarships in the two selected industries.

Order—No. 758, Educational, dated 23rd November 1906.

The following letter will be addressed to the Government of India.

(True Extract.)

H. D. Taylor,
Ag. Secretary to Government.

No. 759.

From

H. D. TAYLOR, Esq., I.C.S.,
Acting Secretary to the Government of Madras,
Educational Department,

To

The SECRETARY to the GOVERNMENT of INDIA,
Home Department.

Dated Fort St. George, the 23rd November 1906.

Sir,

In reply to Mr. Marris' letter No. 581, dated the 9th August 1906, a copy of which was received with Mr. Fell's letter No. 855, Education, of the 3rd instant, I am directed to state that for want of suitable candidates who have had the requisite practical training the Government have as yet no nomination to make for the State technical scholarships, either in connection with the study of industrial chemistry or the tanning industry. I am also desired to forward a copy of the Proceedings of this Government, No. 630, Educational, dated 26th September 1906, issuing a further notice in regard to these scholarships and embodying the conditions in regard to previous practical training which the Governor in Council thinks it desirable that candidates for these scholarships should undergo before proceeding to Europe. The prescribed course is intended for candidates who have not had the qualifying practical training or apprenticeship before applying for a scholarship. Only one application has been received from a candidate who satisfies the educational conditions, and he has still to undergo the practical course before his application can be finally considered.

I have the honour to be,
Sir,
Your most obedient servant,

H. D. TAYLOR,
Ag. Secretary to Government.

NOTES CONNECTED WITH G.O., Nos. 758, 759, EDUCATIONAL, DATED 23RD NOVEMBER 1906.

[SUBJECT.—*State Technical Scholarships.*]

From the Government of India, dated 2nd *November* 1906, *No.* 855.

In their letter No. 581, dated 9th August 1906, the Government of India state that they observe that, at the beginning of the present year, this Government invited applications for State technical scholarships from candidates desirous of prosecuting the scientific study of industrial chemistry and the tanning industry, and enquire whether, as the result of this action, they may expect to receive any proposals for the award of scholarships in the two selected industries.

2. There have been many applications for the scholarships, but none of them have been entertained. Only two applications have been registered—*vide* G.O., No. 323, Educational, dated 8th May 1906, and G.O., No. 391, Educational, dated 4th June 1906—those of Mr. W. Parsons and Saiyid Abdul Gafur Shah. But neither of these applicants is a graduate and so they have little chance of getting a scholarship.

You have omitted one case—Ramunni Panikkar, a graduate in Chemistry.
H. D. TAYLOR.

3. Orders are solicited as to the terms in which a reply should be furnished to the Government of India.

T.K.—13-11-06.

The Government of India may be informed that we have not been able as yet to secure a suitable candidate and that there is no chance of a recommendation being made this year.

P. T. THARYAN—13-11-06.

Submitted that we may reply so.

C. G. MACKAY—14-11-06.

But office have not put up the case of Panikkar (Ramunni Panikkar, I think, quite distinct from Gopala Panikkar) who is a graduate in Chemistry, and who has been promised a scholarship on completion of the practical course. Put up the papers in his case please, with draft for approval.

H. D. TAYLOR—15-11-06.

G.O., No. 677, Educational, dated 19th October 1906, regarding Ramunni Panikkar is put up.

2. It is respectfully submitted that before making up the file on the 13th I went through all the indexes up to September 1906 and as regards October I looked into the table of contents for that month. October index was not available and the table of contents for that month was an incomplete one containing no entry as regards G.O., No. 677; hence its omission. As I was on long leave before the 2nd of this month, I knew nothing of its existence.

3. A draft is submitted below for approval.

T.K.—16-11-06.

The draft is submitted.

2. Submitted that G.O., No. 677, Educational, dated 19th October 1906, should have been added to the file by me, but as Ramunni Panikkar has still to apply after undergoing 18 months' practical training, I did not add any reference to his case in the note.

P. T. THARYAN—16-11-06.

C. G. MACKAY—17-11-06.

I thought that that was the reason for the omission and so did not refer to it.

C. G. MACKAY.

The matter should have been noticed.

H. D. TAYLOR—19-11-06.

For approval.

G.O., No. 630, Educational, dated 26th September 1906, omits all reference to one point raised by the Hon'ble P. S. Sivasami Aiyar, item II of paragraph 2 of his letter on page 1 of K.W. that Government Order, viz., the payment of a stipend to students who may be prepared to undergo the practical course.

2. Should not some such stipend be allowed, and should not a student who is admitted to stipend be promised a scholarship if he goes through the practical course satisfactorily?

3. As the period of training is ordinarily 18 months we shall have to obtain India's sanction to the grant of a scholarship in such case some 20 months or so in advance.

H. D. TAYLOR—19-11-06.

I don't think we can give preliminary stipends, though the question may be raised separately. There is no use inviting paupers because the scholarship in England will not be sufficient to support a student and he should have some private means. However the question may be raised separately.

Of course there is nothing to prevent the making of a nomination at once if a candidate has had a practical course already. Our "prescribed" course is only for those who have not had this. If this is not clear in the Government Order it may be made so after issue of the draft letter which is approved.

G. S. F[ORBES]—21-11-06.

Issue.

The question of stipends during training should be taken up separately.

H. D. TAYLOR—22-11-06.
