G.O., No. 768, 27th November 1906.

Purchase of chemicals and apparatus.

Forwarding to the Government of India a copy of the report received from the Director of Public Instruction on the working of the system of direct — required by bacteriological and pathological laboratories from the manufacturers or agents in England.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

Read—the following papers:—

I

Letter—from J. C. Fergusson, Esq., Under Secretary to the Government of India, Home Department (Sanitary).
To—the Chief Secretary to the Government of Madras.
Dated—Simla, the 10th September 1906.
No.—1616.

I am directed to refer to paragraph 3 of the Home Department letter No. 127, dated the 31st January 1902, and to request that, with the permission of the Governor in Council, the officers in charge of bacteriological and pathological laboratories in Madras who obtain chemicals and scientific apparatus direct from the manufacturers or from agents in England may be requested to furnish the report asked for in the Government of India's circular letter No. 8-245-4, dated the 22nd August 1906, as regards their actual experience of the system of direct indent.

II

Memorandum No. 478, Educational, dated 29th September 1906.

In the despatch from the Secretary of State to the Government of India, No. 177 (Revenue), dated 22nd November 1901, communicated with G.O., No. 71, Educational, dated 11th February 1902, sanction was accorded to the proposal that chemicals and apparatus required by bacteriological or pathological laboratories in India should be obtained direct from the manufacturers or agents in England and not through the Stores department of the India Office, within the limits of the funds annually allotted for this purpose to each laboratory. The Director of Public Instruction is requested to submit a report on his actual experience of the system of direct indent thus introduced. It should also be explained whether any inconvenience has been felt owing to want of expert inspection in England and to delays due to correspondence with supplying firms.

H. D. Taylor,
Ag. Secretary to Government.

To the Director of Public Instruction.
Copy to the Surgeon-General.

III

Letter—from the Hon'ble Mr. T. T. Logan, b.a., Acting Director of Public Instruction, Madras.
To—the Secretary to Government, Educational Department.
Dated—the 16th November 1906.
No.—Dis. 7827.

With reference to Memorandum No. 478, Educational, dated 29th September 1906, I have the honour to state that the permission accorded in G.O., No. 71, Educational, dated 11th February 1902, to obtain chemicals and apparatus required by bacteriological and pathological laboratories direct from the manufacturers or agents in England has been used only by the Medical College. I am informed by the Principal that the system has proved to be very satisfactory. The Professors of the College report that no inconvenience has resulted from want of expert inspection in England or from delays due to correspondence with the firms with whom orders are placed, but on the other hand appliances are obtained under this system, much quicker than heretofore which is a very great advantage.

Order—No. 768, Educational, dated 27th November 1906.

The report received from the Director of Public Instruction will be forwarded to the Government of India.

(True Extract.)

H. D. Taylor,
Ag. Secretary to Government.

No. 769.

From

H. D. TAYLOR, Esq., I.C.S.,
Acting Secretary to the Government of Madras,
Educational Department.

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
HOME DEPARTMENT.

Dated Fort St. George, the 27th November 1906.

SIR,

With reference to Mr. Fergusson's letter No. 1616, Sanitary, dated 10th September 1906, I am directed to forward, for the information of the Government of India, a copy of the report received from the Director of Public Instruction, No. 7827, dated 16th November 1906, on the working of the system of the direct purchase of chemicals and apparatus required for bacteriological and pathological laboratories from the manufacturers or agents in England. The plan has been tried only in the Medical College and not as yet at the King Institute.

I have the honour to be,
Sir,
Your most obedient servant,

H. D. TAYLOR,
Ag. Secretary to Government.

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., Nos. 768, 769, EDUCATIONAL, DATED 27TH NOVEMBER 1906.

[SUBJECT.—*The system of direct indent for chemicals and apparatus.*]

From the Government of India (Home Department), dated 10th September 1906, No. 1616.

PUBLIC DEPARTMENT.

The system of direct purchase from manufacturers in England, referred to in the Government of India's letter, does not obtain in the Medical Department (*vide* the orders passed in G.O., Nos. 154, 155, Public, dated 20th February 1904 and G.O., No. 487, Public, dated 2nd June 1904). The current may, it is submitted, be transferred to the Educational Department for disposal.

C. S. SIMPSON—22-9-06.

A. GALLETTI—24-9-06.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

The Government of India in their letter No. 127, dated 31st January 1902, printed with G.O., No. 71, Educational, dated 11th February 1902, forwarded for the information of this Government copy of certain correspondence with the Secretary of State in which the Secretary of State approved of chemicals and apparatus required by Bacteriological and Pathological laboratories being obtained direct from the manufacturers or agents in England within the limits of the funds annually allotted for the purpose to each laboratory instead of through the Stores Department of the India Office.

2. The Government of India now request that officers in charge of the Bacteriological and Pathological laboratories in Madras who obtain chemicals and scientific apparatus direct from the manufacturers or agents in England may be requested to furnish that Government with the report asked for in their Circular No. 8—245—4, dated 22nd August 1906, as regards their actual experience of the system of direct indent. The circular of the Government of India referred to above has been received in the Revenue Department. That department has referred it to the Board of Revenue for report.

3. The draft placed below is submitted for approval.

P.R.—27-9-06.

Local and Municipal may be consulted whether any chemicals and apparatus are obtained direct from manufacturers for the use of the King Institute. If any are, a similar memorandum may, with the concurrence of Local and Municipal, go to the

C. G. MACKAY.

Issue.

2. Then send to Local and Municipal *u.o.*

[Memorandum No. 478, dated 29th September 1906.]

The memorandum has issued. The file may now go to Local and Municipal.

P. T. Tharyan—29-9-06.

C. G. Mackay—1-10-06.

To the Local and Municipal Department.

Local and Municipal Department.

The ruling of the Secretary of State that chemicals and apparatus required for Bacteriological and Pathological laboratories should be obtained direct from the manufacturers or agents in England and not through the Stores Department of the India Office not having been communicated to the Sanitary Commissioner, the stores required for the Bacteriological section of the King Institute are being obtained through the India Office—for instance please see G.O., No. 79 L., dated 25th January 1905.

2. It is therefore submitted that there appears to be no need to issue a memorandum to the Sanitary Commissioner asking him to report on the working of the system under which chemicals and apparatus are obtained direct from the manufacturers or agents.
