EDUCATIONAL DEPARTMENT.

Read—the following paper : —

Letter—from the Hon'ble Mr. T. T. Logan, B.A., Acting Director of Public Instruction.
To—the Secretary to Government, Educational Department.
Dated—the 15th November 1906.
No.—Ref. on Cur. No. 8203.

I have the honour to request that you will be so good as to obtain the sanction of Government for instituting at the Teachers' College, Saidapet, during the ensuing Christmas vacation, a course of lectures similar to those delivered during the last two years. The classes which will commence work on Monday the 24th December 1906 and end on Saturday the 12th January 1907 will as usual be primarily for the benefit of the teachers in Government training schools for masters; but they will also be open to teachers in Government training schools for mistresses and in aided training schools and to the Sub-Assistant Inspectors.

2. In regard to the nature of the subjects on which lectures will be delivered and the manner in which the assembled teachers and others will be engaged, Mr. Stone writes as follows :—

"The sketch syllabus has been drawn up with special reference to the requirements of the Preliminary Examination for Teachers' Certificates, Elementary grade, and of Inspecting officers whose business it now is to arrange courses of instruction in elementary schools of a kind to fit the scholars for their position in life.

(1) *Teaching method with special reference to common defects in it in South Indian schools.*	A. Mayhew, Esq., Inspector of Schools, III Circle.

Demonstration of and instructions in kindergarten games by teachers of the Qlcott schools.

(2) *English Phonetics* with a view to the improvement of the English pronunciation of teachers.	J. A. Yates, Esq., Inspector of Schools, I Circle.
(3) *Surveying* and *Mapping* with a simple form of plane table, with a view to elementary teachers being taught the elements of surveying for its practical utility and of mapping with a view to a better understanding of maps.	An instructor to be selected in consultation with Colonel Love, R.E., Principal, College of Engineering.
(4) *Practical Mathematics* with a view to the Experimental Geometry and Arithmetic in the syllabus for the Preliminary Examination, Elementary grade.	Inspector of Training Schools with the assistance of Mathematical graduates employed in training schools.
(5) *Human Physiology* and *School Hygiene* with a view to the Human Physiology and School Hygiene in the syllabus for the Preliminary Examination, Elementary grade.	M.R.Ry. K. P. Ukkandan Unni Nair, M.A.

"It is not of course intended that all who attend the class should attend every course.

"In addition to these courses, I propose to hold organized conferences on teaching method for which the staffs of the training schools have been asked to submit proposals for papers to be read by them bearing particularly on the correlation of school subjects, the adaptation of methods to Indian circumstances and the provision of home-made teaching appliances of all kinds. I have received a sufficient number of offers of papers and demonstrations to make it likely that these conferences will be of great value in concentrating the experience gained in the various schools and in

stimulating that inventiveness and adaptation of teaching to existing conditions that the new codes demand from teachers and inspecting officers. Besides the officers already mentioned, I hope to obtain the help of other competent gentlemen in conducting these conferences."

3. The Inspector proposes to give M.R.Ry. Ukkandan Unni Nair and to the gentleman selected to teach surveying and mapping, remuneration at the rate of Rs. 10 per hour, in all probably from Rs. 150 to Rs. 200. If in view of the large number that should attend this course it is found necessary to provide the instructor in surveying with an assistant, this assistant will be remunerated at Rs. 5 per hour.

4. The whole arrangement will be under the personal supervision of Mr. Stone.

5. The necessary provision exists in the current year's budget.

Order—No. 786, Educational, dated 3rd December 1906.

The proposals of the Director of Public Instruction are sanctioned.
