I

Letter—from Diwan Bahadur V. KRISHNAMA CHARIAR, Registrar of Books, Madras.
To—the Director of Public Instruction.
Dated—the 15th November 1906.
No.—532.

I have the honour to send on, for orders of Government, the final proof of the Catalogue of Books registered in this Presidency during the third quarter of 1906.

2. It is interesting to note that the number of works presented for registration during the quarter is a record figure being 373 not reached during these forty years in which the Registration Act XXV of 1867 has been in force. Of this grand total, 271 are classed as "Books" and 102 as "Periodicals."

3. Distributing the registered collection according to languages, English is found to have contributed 110 works including diglot editions, Italian 2, Tamil 102, Telugu 80, Malayalam 5, Kanarese 16, Konkani 1, Kodagu 1, Uriya 10, Hindustani 1, Lushai 2 and Sanskrit 43 comprising those printed in Telugu, Grantha and Nāgari characters.

4. A little more than 20 per cent. of the entire number catalogued consist of works designed for educational purposes, showing a falling off from the preceding quarter's return.

5. Under the head of copyright registration, a decided and an unprecedented improvement is manifest, the total number of copyright entries made in the accompanying catalogue being 116 including six Government publications registered free of charge. The proprietors of the undermentioned five works delivered for registration in previous quarters have also secured their copyright during the period under report; and there is reason to hope that the rate of increase will be progressive in future years, seeing that not a day passes without an application for this class of optional registration :—
