Read—the following papers :—

I

Memorandum No. 440, dated 4th September 1906.

The Director of Public Instruction is requested to submit at an early date as accurate a forecast as possible of the additional expenditure which will be incurred by way of grant or subsidy to local bodies in aid of education under the new Grant-in-Aid Code and Educational Rules. Charges on the special grant of six lakhs including the extra expenditure above the normal of local bodies arising from the payment of capitation allowance to trained teachers in Board schools under Rule 83 of the Educational Rules and the loss to Local Boards caused by the permission given in Rule 84 to teachers of Elementary Board schools teaching up to the third standard, to appropriate the fees, should be omitted from this forecast.

(By Order.)

C. G. Mackay,
Ag. Asst. Secretary to Government.

II

Letter—from Hon'ble the Mr. T. T. Logan, B.A., Acting Director of Public Instruction.
To—the Secretary to Government, Educational Department.
Dated—Madras, the 3rd November 1906.
No.—Ref. on Cur. No. 6876.

With reference to Government Memorandum No. 440, Educational, dated 4th September 1906, calling for a forecast of the additional expenditure to be incurred by way of grant or subsidy to local bodies in aid of education under the new Grant-in-Aid Code and the Educational Rules, I have the honour to state that the figures are under preparation and that an approximate estimate of the expenditure will be furnished by the end of next week.

III

Letter—from the Hon'ble Mr. T. T. Logan, B.A., Acting Director of Public Instruction.
To—the Secretary to Government, Educational Department.
Dated—Madras, the 23rd November 1906.
No.—Ref. on Cur. No. 6876.

With reference to Government Memorandum No. 440, Educational, dated 4th September 1906, calling for a forecast of the additional expenditure to be incurred by way of grant or subsidy to local bodies in aid of education under the new Grant-in-Aid Code and Educational Rules, I have the honour to state that the publication of the list of Elementary schools for aid is in progress and until this is completed and grants are finally assigned the total amount required for payment of grants to these schools from or through Local and Municipal funds will not be known, and it is therefore not possible at present to make out an accurate estimate of the additional expenditure required by Government. A rough estimate based on the amount of grants paid to the schools last year from Provincial funds but which are now payable from Local or Municipal funds has however been made out and is submitted herewith in statements A and B.

2. Until a reclassification of the schools into Secondary and Elementary is effected under the Educational Rules all the present Upper and Lower Secondary schools and such of the Primary schools as are really parts or feeders to these schools will, for purposes of aid, be treated as Secondary, and all other Upper and Lower Primary schools as Elementary. The status of the Primary schools which are reported to be parts or feeders is under investigation with a view to decide which of them are to be treated as Secondary and which as Elementary.

Under the old Grant-in-Aid Code grants to girls' schools and for girls in whatever standards were payable from Provincial funds, but under the present Code grants to all Elementary schools whether for boys or for girls are payable from or through Local or Municipal funds. The amount of grants to schools for the current year will not materially exceed the payments made to them in the previous year and the present estimate has been made out on this basis.

3. Under the operation of the present Grant-in-Aid Code certain extra charges have been thrown on Local and Municipal funds, and they are in the case of Local funds—

A (1) Grants to fourth standards of Upper Primary boys' schools and for girls in Lower Primary boys' schools in non-municipal areas
B (2) Grants to Upper and Lower Primary girls' schools in non-municipal areas
} previously paid from Provincial funds.

and in the case of Municipal funds—

C (1) Grants for girls in Upper and Lower primary boys' schools in Municipalities
D (2) Grants to Upper and Lower Primary girls' schools in Municipalities.
} previously paid from Provincial funds.

E Under the present Code no Provincial grants are payable to Local fund and Municipal institutions, and the loss to local bodies on this account will have to be made good by a Provincial contribution.

The local bodies have on the other hand been relieved of certain charges which they have hitherto been paying, and they are, in the case of Local Fund Boards—

*F*¹ (1) Grants to third and lower standards of Upper and Lower Secondary schools in non-municipal areas previously paid from Local funds,

and in the case of Municipalities—

*F*² (2) Grants to seventh and lower standards of Colleges, Upper and Lower Secondary schools in Municipalities previously paid from Municipal funds

G They have also been relieved of the expenditure on account of payment of building and furniture grants to schools under private management and the allotments for the purpose made in their budgets will be saved to them.

The above are all the items which I think ought to enter into the present calculation. The additional expenditure to be incurred from Provincial funds will roughly be—

A + B + E — (F¹+G), that is columns 2 + 3 + 4 — (5+6) in statement A in the case of Local Fund Boards, and C + D + E — (F²+G) that is, columns 2 + 3 + 4 — (5 + 6) in statement B in the case of Municipalities.

The subsidy that used to be paid under the old Code has not been taken into account in the present estimate. The amounts already sanctioned for the purpose in the Local fund budgets for 1906-1907 and those paid to the Municipalities in 1905-1906 are shown separately in column 8 of statements A and B.

Enclosures.

STATEMENT A.

In non-municipal areas in the district of	Provincial grants for teaching paid in 1905-1906 to		Credit taken in the budget for 1906-1907 on account of Provincial grants to Local fund schools.	Grants to third and lower standards of Upper and Lower Secondary schools in non-municipal areas paid from Local funds in 1905-1906.	Allotments for grants other than teaching (*i.e.*, for building and furniture grants) sanctioned in the Local fund budgets for 1906-1907.	Probable amount of extra expenditure thrown on Local funds [columns 2 + 3 + 4 — (5 + 6)].	Credit already taken on account of subsidy in the budgets for 1906-1907.

Order—No. 4, Educational, dated 4th January 1907.

Recorded.

(True Extract.)

H. D. Taylor,
Ag. Secretary to Government.

NOTES CONNECTED WITH G.O., No. 4, EDUCATIONAL, DATED 4th JANUARY 1907.

[Subject.—*Estimate of the expenditure by way of grant or subsidy to Local bodies in aid of education under the new Grant-in-aid Code and Educational Rules.*]

From the Director of Public Instruction, dated 3rd November 1906, *No.* 6376.

To lie over pending receipt of the further communication promised.

P. T. Thariyan—7-11-06.

C. G. Mackay—8-11-06.

The information now furnished by the Director of Public Instruction was called for in connection with the letter from the Government of India requesting that the lapses from the 8 lakhs grant may be spent on educational objects. The letter is now under consideration in the Financial Department. The memorandum calling for the information is put up with that file. In the Educational note in that file ways and means were suggested for spending the lapses (*i.e.*, by increasing the Public Works allotment for educational buildings for a few years) and it does not appear that the information now furnished by the Director of Public Instruction is required for the disposal of the letter from the Government of India.

2. Moreover, the additional expenditure to be incurred by way of grant or subsidy to local bodies in aid of education under the new Grant-in-aid Code and Educational Rules will be a recurring expenditure and it will not be safe to charge any portion of it to the lapses from the 8 lakhs grant which are only temporary.

C. G. Mackay.

The object of the reference was to see whether there were likely to be further lapses in future.

H. D. Taylor—8-12-06.

3. The Director says that it is not possible to make out an accurate estimate of the additional expenditure thrown on Local Boards and Municipal Councils under the new Code and Rules until the publication of the list of elementary schools for aid is completed and the total amount required for payment to these schools is known. He gives however rough estimates according to which Local funds will have to find Rs. 3,09,950 and Municipal funds Rs. 46,670 extra. In the case of Local funds the amount has been arrived at by adding together the following grants paid from Provincial funds under the old Code but payable from Local funds under the new Code :—

	Rs.
(1) Grants to fourth standards of Upper Primary boys' schools and for girls in Lower Primary boys' schools	1,23,540
(2) Grants to Upper Primary and Lower Primary girls' schools ..	46,950
(3) The following grant paid from Provincial funds under the old Code but which will not be payable from those funds under the new Code, namely, grants to Local Fund schools ..	1,54,600
	3,25,090
and deducting from the total the following grants paid from Local funds under the old Code but payable from Provincial funds under the new Code—	
(4) Grants to third and lower standards of Upper and Lower Secondary schools in non-Municipal areas in 1905-1906 ..	7,540
(5) Grants for objects other than teaching, *i.e.*, building and furniture grants	7,600
Net ..	3,09,950

In the case of Municipal funds the amount has been similarly arrived at as follows :—

	RS.
(1) Grants for girls in Upper and Lower Primary boys' schools—payable from Municipal funds under the new Code ..	16,990
(2) Grants to Upper and Lower Primary girls' schools—payable from Municipal funds under the new Code	49,390
(3) Grants to Municipal schools—not payable from Provincial funds under the new Code	28,710
	95,090
Deduct—	
(4) Grants to the seventh and lower standards of Colleges and Upper and Lower Secondary schools in Municipalities paid from Municipal funds under the old Code but payable from Provincial funds under the new Code	43,430
(5) Building and furniture grants now payable from Provincial Funds	4,990
Net ..	46,670

4. In both these cases it is submitted that payments can be met from the amounts saved to Provincial funds. What was hitherto paid as grants will have to be paid in future as subsidy and Provincial will have to find no additional amount for payment to Local and Municipal funds to enable those funds to meet their new obligations.

C. G. MACKAY—7-12-06.

	RS.
Local	3,09,950
Municipal	+ 46,670

H. D. TAYLOR

Submitted that the payment to Municipal funds will appear under 22. EDUCATION.

P. T. THARYAN.

5. The Director's letter may be shown to Financial and recorded. A sum of Rs. 3,09,950 has now to be transferred from 22. EDUCATION—GRANTS-IN-AID—to ADJUSTING HEADS in the budget for 1907-1908.

P. T. THARYAN—1-12-06.

C. G. MACKAY—7-12-06.

H. D. TAYLOR—8-12-06.

To the Financial Department for perusal or remarks.

FINANCIAL DEPARTMENT.

The necessary action is being taken in regard to the transfer of Rs. 3,09,950 from the head "22. EDUCATION—GRANTS-IN-AID" to "ADJUSTING HEADS" in the budget for 1907-1908. The file may, it is submitted, be returned to the Educational Department after perusal.

V.G.K.—17-12-06.

Put up please spare copy of current and note on the original 8 lakh discussion.

C. M. SCHMIDT—18-12-06.

A copy of Home Department letter No. 512, dated 11th July 1906, and of the notes is submitted.

V.G.K.—19-12-06.

This case may be returned to Educational.

C. M. SCHMIDT—21-12-06.

Return.

H. BRADLEY—26-12-06.

To the Educational Department.

Station Madras, *Dated the* 13th November 1906

From (Name) The Hon'ble Mr. T.T. Logan, B.A.

(Designation) Ag: Director of Public Instruction

Madras

To The Secretary to the Government of Madras,
Educational Department.

Sir,

With reference to Government Memo. No. 440, Educational, dated 4th September 1906, calling for a forecast of the additional expenditure to be incurred by way of grant or subsidy to local bodies in aid of education under the new Grant-in-aid Code and Educational Rules, I have the honour to state that the publication of the list of Elementary schools for aid is in progress and until this is completed and grants are finally assigned the total amount required for payment of grants to these schools from or through local and municipal funds will not be known, and it is therefore not possible at present to make out an accurate

estimate

estimate of the additional expenditure required by Government. A rough estimate based on the amount of grants paid to the schools last year from provincial funds but which are now payable from local or municipal funds has however been made out and is submitted herewith in statements A and B.

2 Until a reclassification of the schools into Secondary and Elementary is effected under the Educational Rules all the present upper and lower secondary schools and such of the primary schools as are really parts or feeders to these schools will, for purposes of aid, be treated as Secondary , and all other upper and lower primary schools as Elementary. The status of the primary schools which are reported to be parts or feeders is under investigation with a view to decide which of them are to be treated as Secondary and which as Elementary.

Under the old Grant-in-Aid Code grants to girls' schools and for girls in whatever standards were payable from provincial funds, but under the present Code grants to all Elementary schools whether for boys or for girls are payable from or through local or Municipal funds. The amount of grants to schools for the current year will not materially exceed the payments made to them in the previous year and the present estimate has been made out on this basis.

3 Under the operation of the present Grant-in-Aid Code certain extra charges have been thrown on local and Municipal funds, and they are in the case of local funds

1	Grants to Fourth Standards of upper Primary boys' schools and for girls in Lower Primary boys' schools in non-municipal areas	previously paid from provincial funds
A		
2	grants to Upper and Lower Primary girls' schools in non-municipal areas	
B		

and in the case of Municipal funds-

1	grants for girls in upper and lower primary boys' schools in municipalities.	previously paid from provincial funds
C		
2	grants to upper and lower primary girls' schools in municipalities.	
D		

Under the present Code no provincial grants are payable to Local fund and Municipal institutions, and the loss to local bodies on this account will have to be made good by a provincial contribution. E

The local bodies have on the other hand been relieved of certain charges which they have hitherto been paying , and they are, in the case of local fund boards-

1 grants to third and lower standards of upper and lower secondary schools in non-municipal areas previously paid from local funds, F 1

and in the case of municipalities, -

2 grants to seventh and lower standards of colleges upper and lower secondary schools in municipalities previously paid from municipal funds F 2

They have also been relieved of the expenditure on account of payment of building and furniture grants to schools under private management and the allotments for the purpose made in their budgets will be saved to them. G

The above are all the items which I think ought to enter into the present calculation . The additional expenditure to be incurred from provincial funds will roughly be-

A + B + E − (F 1 + G), that is columns 2 + 3 + 4 − (5+6) in statement A in the case of Local fund boards, and

C + D + E − (F 2 + G) that is columns 2+ 3 + 4 − (5+6) in statement B in the case of municipalities.

The subsidy that used to be paid under the old Code has not been taken into account in the present estimate.

The amounts already sanctioned for the purpose in the Local fund budgets for 1906-1907 and those paid to the municipalities in 1905-1906 are shown separately in column 8 of statements Aand B.

I have the honour to be,

S i r ,

Your most obedient servant,

For Director of Public Instruction.

C. No. 1928 From the D.P.I. No. 6876, dated 23-11-1906.

SUBJECT.

Additional expenditure to be incurred by way of grant or subsidy to local bodies in aid of Education under the new Grant-in-aid Code & Educational Rules.

Pvn Please print memo. No. 440 D 4-9-06. here

Copy of the memo. since put up flag. Z

Ord. 17-2-06.

The information now furnished by the D.P.I. was called for in connection with the letter from the Govt. of India requesting that the lapses from the 8 lakhs grant may be spent on Educational objects. The letter is now under consideration in the Financial Departt. The memorandum calling for the information is putup with that file. In the Educational note in that file ways & means were suggested for spending the lapses (by increasing the Dy. allotment for Edl. buildings from new grants) and it does not appear that the information now furnished by the D.P.I. is required for the disposal of the letter from the Govt. of India.

2. Moreover the additional expenditure (if any) to be incurred by way of grant or subsidy to local bodies in aid of education under the new Grant-in-aid Code & Educational rules will be a recurring expenditure and it will not be safe to charge any portion of it to the lapses from the 8 lakhs grant which are only temporary.

He omit the reference were to see whether there were likely to be further lapses in future 10/2 8-2-06

3. The Director says that it is not possible at present to make out an accurate estimate of the additional expenditure to be thrown on Local Boards and Muni. Councils under the new Code & Rules until the publication of the list of Elementary Schools for aid is over in which classes completed and the total amount required for payment to these schools is known. He gives however a rough estimate according to which Local Funds will have to find Rs 309,950

and Munl Funds Rs 46670 extra. In the case of Local Funds the amount has been arrived at by adding together the following grants paid from Provincial Funds under the old code but payable ~~in future~~ from Local Funds under the new code

(1) Grants to Fourth Standards of Upper primary boys' schools and for Girls in Low primary boys' schools — Rs 123,540

(2) Grants to Upper primary & Lower primary Girls' schools — " 46,950

and (3) the following grant paid from Provincial Funds under the old code but which will not be payable from these funds under the new code —

namely, Grants to Local Fund schools — " 154,600

— " 325,090

and deducting from the total the following grants paid from Local Funds under the old code but payable from Provincial Funds under the new code

(4) Grants to third & lower Standards of Upper & Lower Secondary schools in non-Munl areas in 1905-06 — " 7,540

+ (5) Grants for objects other than teaching - i.e. ~~+~~ building & furniture grants — " 7,600

net — " 3,09,950

In the case of munl Funds the amount has been similarly arrived at as follows :—

(1) Grants for Girls in Upper Lower primary boys' schools — payable from Munl Funds under the new code — Rs 16,990

(2) Do to Upper & Lower primary Girls' schools — do — " 29,390

(3) Do to Munl schools — not payable from Provl Funds under the new code — " 28,710

95,090

Deduct (4) Grants to the seventh & lower Standards of Colleges — "

and Upper & Lower Secondary Schools in Municipalities as paid from Munl Funds under the old code but payable from Provincial Funds under the new code.

+ (5) Building & furniture Grants now payable from Provincial Funds — 43,430

8,990

net 46,670

~~Please state total~~ ~~these amounts~~.

7/12/06

Local M.L.
R 309950 + R 46670 ? ?

submitted that the payment to mmd Funds will appear under 22- Education.

PJ

4. In both these cases it is submitted that payments can be met from the amounts saved to Provincial Funds - What was hitherto paid as grants will have to be paid in future as subsidy and Provincial will have to find no additional amount for payment to Local & mmd Funds to enable these funds to meet their new obligations.

5. The Director's letter may be shown to Financial and recorded - A sum of Rs 3,09,950 has now to be transferred from ~~the budget under~~ 22- Education - Grants in aid to Adjusting Heads in the budget for 1907-08.
