GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following papers :—

I

G.O., No. 583, Educational, dated 5th September 1906.

ABSTRACT.—Sanctioning, subject to certain conditions, a maximum grant of Rs. 3,500 towards the cost of constructing a special hostel in connection with the C. M. S. Sarah Tucker College, Palamcottah.

II

Letter—from the Hon'ble Mr. T. T. LOGAN, B.A., Acting Director of Public Instruction.

To—the Secretary to Government, Educational Department.

Dated—Madras, the 19th December 1906.

No.—Ref. on Cur. No. 2834.

With reference to G.O., No. 583, Educational, dated 5th September 1906, sanctioning a grant of Rs. 3,500 towards the cost of constructing a hostel in connection with the C. M. S. Sarah Tucker College, Palamcottah, the manager requests that sanction may be accorded for postponing the completion of the work till the end of the official year 1907–1908, and for using palmyrahs for the roof instead of jungle wood as suggested by the Chief Engineer in his note attached to the Government Order.

2. The inability to complete the work before the 30th September 1907, the date fixed by Government, is due to the financial difficulties in which the mission is involved owing to the failure of Messrs. Arbuthnot & Co. The request may, I think, be granted.

The manager states that the substitution of jungle wood for palmyrahs will necessitate an additional expenditure of Rs. 1,000 for which no provision has been made in the approved estimate; that good jungle wood is not available within many miles of the district; that it has with great difficulty to be brought down from Quilon or Trivandrum; and that palmyrahs are commonly used in the district for roofing purposes and are found suitable. I am not in a position to test these statements but I do not imagine that the manager would make them without good reason.

Order—No. 28, Educational, dated 16th January 1907.

In the circumstances stated, the Government are pleased to sanction the extension of the period fixed in G.O., No. 583, Educational, dated 5th September 1906, for the completion of the work of constructing a special hostel in connection with the C. M. S. Sarah Tucker College, Palamcottah, from the 30th September 1907 to the 31st March 1908. A certificate of the actual expenditure incurred on the work should be submitted before the 15th May 1908.

2. The Government will not object to the substitution of palmyra rafters for jungle wood for the roof.

(True Extract.)

H. D. TAYLOR,
Ag. Secretary to Government.

To the Director of Public Instruction,
Accountant-General.

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., No. 28, EDUCATIONAL,
DATED 16TH JANUARY 1907.

[SUBJECT.—Extension of the time fixed for the completion of the work of constructing a hostel in connection with the C.M.S. Sarah Tucker College, Palamcottah.]

From the Director of Public Instruction, dated 19th December 1906, No. 2834.

Previous paper.

G.O., No. 583, Educational, dated 5th September 1906.

In G.O., No. 583, Educational, dated 5th September 1906, a grant of Rs. 3,500 was sanctioned towards the cost of constructing a special hostel in connection with the C.M.S. Sarah Tucker College, Palamcottah, subject to certain conditions one of which was that the work should be completed before the 30th September 1907. The manager now prays that the period fixed

Submitted that we may agree.

C. G. MACKAY—22-12-06.

No objection, but the grant will not then become payable till 1908–1909.

H. D. TAYLOR.

In the circumstances, extension may be granted. The manager also requests permission to use palmyras for the roof instead of jungle wood. On this point the Public Works Department may perhaps be consulted *u.o.* The Chief Engineer has already stated that "it would be preferable to use some good jungle wood for the roof instead of palmyras"—*vide* his note on page 2 of G.O., No. 583, Educational, dated 5th September 1906.

P.K.M.—21-12-06.

P. T. THARYAN—21-12-06.

C. G. MACKAY—22-12-06.

Public Works Department may be asked whether there is any objection to the use of palmyra instead of jungle wood. The Chief Engineer in his previous note merely expressed a preference for jungle wood. I would adhere to it.

H. D. TAYLOR—24-12-06.

To the Public Works Department.

PUBLIC WORKS DEPARTMENT.

Submitted.

P.K.S.—2-1-07.

There is no doubt that good jungle wood is better for house timbers than palmyras which are very apt to decay rapidly: however, palmyras are very largely used for inferior work. If the question of cost is a very serious one, palmyra might be used; but there is always the probability of a considerable expenditure on repairs. In the long run, good jungle wood would be more satisfactory.

A. G. ROMILLY—2-1-07.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

Orders are solicited as to whether, with reference to the Public Works Department note *supra* that good jungle wood would be cheaper and more satisfactory in the long run, the manager of the institution may be informed that Government cannot approve of the substitution of palmyras for jungle wood for the roof..

P.K.M.—5-1-07.

From paragraph 2 of the Director's letter, it is observed that the manager states that the substitution of good jungle wood for palmyras will necessitate an additional expenditure of Rs. 1,000, that good jungle wood is not available within many miles

There is the railway now.

C. G. MACKAY.

of the district and that it has with great difficulty to be brought from Quilon or Trivandrum. But as the Government,

in G.O., No. 583, Educational, dated 5th September 1906, sanctioned a maximum grant of Rs. 3,500 on the distinct condition that the manager should, in carrying out the work, adopt the suggestions of the Chief Engineer in his note, dated 25th June 1906, it is for consideration whether Government may not insist on this condition being fulfilled.

K RANGASWAMI AIYANGAR—5-1-07.

For orders.

2. It hardly seems necessary to go the length of insisting on jungle wood. We may indicate that it is preferable.

C. G. MACKAY—7-1-07.

We need not insist on jungle wood. The actual expenditure in any case must come up to Rs. 10,820 to entitle to the full grant of Rs. 3,500.

H. D. TAYLOR—8-1-07.

G. S. F[ORBES]—9-1-07.

From (Name) The Hon'ble Mr. T.T. Logan, B.A.,

(Designation) Ag: Director of Public Instruction

Madras.

To The Secretary to the Government of Madras,
Educational Department.

Sir,

With reference to G.O. No. 583 Educational R dated 5th September 1906 sanctioning a grant of Rs 3,500/- towards the cost of constructing a hostel in connection with the C.M.S. Sarah Tucker College, Palamcottah, the manager requests that sanction may be accorded for postponing the completion of the work till the end of the official year 1907-1908, and for using palmyrahs for the roof instead of jungle wood as suggested by the Chief Engineer in his note attached to the G.O.

2 The inability to complete the work before the 30th September 1907 the date fixed by Government is due to the financial difficulties in which the Mission is involved owing to the failure of Messrs. Arbuthnot & Co. . The request may, I think, be granted.

The manager states that the substitution

2 38
of jungle wood for palmyrahs will necessitate an additional expenditure of Rs 1000/- for which no provision has been made in the approved estimate; that good jungle wood is not available within many miles of the district; that it has with great difficulty to be brought down from Quilon or Trivandrum; and that palmyrahs are commonly used in the district for roofing purposes and are found suitable. I am not in a position to test these statements but I do not imagine that the manager would make them without good reason.

I have the honour to be,

Sir,

Your most obedient servant,

Euniasalemas
