Text-books.

Ordering the publication in the *Fort St. George Gazette* of a list of approved — with a note that it contains the names of only such books as were actually in use in schools in 1906 and of such books as have been approved since the publication of the last consolidated list in December 1905.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper :—

Letter—from the Hon'ble Mr. T. T. LOGAN, B.A., Acting Director of Public Instruction.

To—the Secretary to Government, Educational Department.

Dated—Madras, the 7th January 1907.

No.—Ref. on Cur. No. 8978.

I have the honour to submit herewith, in proof, the consolidated list of approved text-books brought up to December 1906 for favour of approval and publication in the *Fort St. George Gazette*.

2. As the consolidated list last published was found to be unnecessarily bulky, Dr. Bourne thought that it might be curtailed by weeding out books that had gone out of use or out of print and accordingly called upon the Inspectors of Schools to report after close scrutiny which of the books on the list were still in use in schools. The list now submitted contains only the names of such of the books on the old list as were actually in use in schools and of those approved by the Text Book Committee since the publication of the last list.

3. At present a large number of books are sent to the Text Book Committee for consideration that, even if approved, have no chance of being used in schools and thus a deal of useless labour is thrown on the Committee. Dr. Bourne thought it desirable that this unnecessary call upon the time of the Committee should, if possible, be put a stop to and I agree with him. I accordingly propose issuing a notification in the following terms as paragraph 4 at the top of the consolidated list.

“ Authors and publishers of books are informed that in future the Director will ordinarily send on to the Text Book Committee only those books which managers or headmasters of recognized schools have expressed a desire to introduce into their schools.”

Order—No. 44, Educational, dated 24th January 1907.

It is observed that the list of approved text-books submitted by the Director of Public Instruction contains only the names of such books as were actually in use in schools in 1906 and of books approved since the publication of the last consolidated list in December 1905 and that approved text-books which are not actually in use or which are out of print have been excluded. Rule V of the rules for the Educational Department approved in G.O., No. 445, Educational, dated 10th September 1900, requires that the list of text-books should be published annually in a complete form. If the publication of a complete list every year is considered unnecessary, it appears desirable that a consolidated list should be published once in five years, supplemental lists being published annually in regard to books subsequently approved or removed from the list. The Director of Public Instruction is requested to state whether he sees any objection to this arrangement.

2. In the meantime, the list now submitted by the Director of Public Instruction will be published in the *Fort St. George Gazette*, with a note that it contains the names of only such books as were actually in use in schools in 1906, and of such books as have been approved since the publication of the last consolidated list in December 1905.

3. The Government are unable to approve of the insertion of the proposed additional paragraph at the head of the notification publishing the list of approved text-books to the effect that the Director of Public Instruction will ordinarily send on to the Text Book Committee only those text-books which managers or headmasters of recognised schools desire to introduce into their schools. It is, however, open to the Director of Public Instruction to exercise his discretion whether a particular book should or should not be sent to the Text Book Committee for consideration.

4. Under rule V of the rules for the Educational Department approved in G.O., No. 445, Educational, dated 10th September 1900, as modified by G.O., No. 650, Educational, dated 26th December 1903, this list should have been submitted in time for publication in the first issue of the *Fort St. George Gazette* in December 1906.

H. D. TAYLOR,
Ag. Secretary to Government.

To the Director of Public Instruction.
Gazette.

ANNEXURE.

A consolidated list of text-books approved by Government was published as a supplement to the *Fort St. George Gazette*, Part I-B, dated 19th December 1905. The following list contains only the names of such books as were actually in use in schools in 1906 and of books approved since the publication of the last consolidated list in December 1905.

2. Heads and Managers of Schools are informed that, where more books than one are approved for any department, they are at liberty to select any of the books so approved.

3. No books not authorized by Government shall be used in any recognized school.

NOTES CONNECTED WITH G.O., No. 44, EDUCATIONAL,
DATED 24TH JANUARY 1907.

[SUBJECT.—Submitting a list of approved Text-books for approval and publication
in the Fort St. George Gazette.]

From the Director of Public Instruction, dated 7th January 1906, No. 8978.

Previous papers.

G.O., No.	445, Educational, dated 10th September 1900.
„ Nos. 650, 651	„ „ 26th December 1903.
„ No. 829	„ „ 16th „ 1905.

The Director of Public Instruction submits, in proof, a consolidated list of approved Text-books brought up to December 1906 for approval and publication in the Fort St. George Gazette.

2. The first question for consideration in this case is whether the list now submitted by the Director of Public Instruction may be approved. The Hon'ble Mr. Logan observes that as the previous list was unnecessarily bulky, Dr. Bourne thought that it might be curtailed by weeding out books that “had gone out of use or out of print” and that the present list contains only the names of such of the books on the old list as are “actually in use in schools and of those approved by the Text-Book Committee since the publication of the last list” in December 1905—*vide* G.O., No. 829, Educational, dated 16th December 1905. The omission from the list of books approved by the Text-Book Committee will lead managers of schools to believe that their choice lies only among the books shown in this new list and will thus restrict their freedom of choice. This, however, does not appear to be in accordance with rule 1 (a) of the rules for the Text-Book Committee printed with G.O., No. 445, Educational, dated 10th September 1900, under which “the list in each subject and

There is no reason to fear undue restriction—the list evidences considerable freedom of choice.

C. G. MACKAY.

“for each class or form should be as varied and complete as possible, so that managers of schools might have a wide field in which to exercise the freedom of choice vested in them.”

3. If, however, it is considered unnecessary or inconvenient to publish a bulky list every year, a consolidated list of all text-books approved by the Text-Book Committee may, it is submitted, be published once in five years, books approved * subsequently being published annually in a supplemental list till the publication of the next consolidated list.

* or removed from the list.

That might be arranged I submit.

C. G. MACKAY.

Yes. It is a simple arrangement.

H. D. TAYLOR.

4. The second question for consideration is whether authors and publishers of books should be allowed as hitherto to send their books direct to the Director of Public Instruction for submission to the Text-Book Committee.

5. In paragraph 3 of his letter, the Director states that at present a large number of books are sent to the Text-Book Committee for consideration, which, even if approved, have no chance of being used in schools and that a deal of useless labour is thus thrown on the Committee. The Director considers that this unnecessary call upon the time of the Text-Book Committee should, if possible, be put a stop to and accordingly proposes to issue a notification in the following terms as paragraph 4 at the top of the consolidated list:—

“Authors and publishers of books are informed that in future the Director will ordinarily send on to the Text-Book Committee only those books which managers or headmasters of recognised schools have expressed a desire to introduce into their schools.”

6. The probable effect of such a rule will be to make authors and publishers apply to managers of schools to have their books referred to the Text-Books Committee and may not result, in reducing the number of the books sent to the Text-Book Committee to any appreciable extent, as anticipated by the Director of Public Instruction. Authors or publishers may perhaps not find it difficult to influence managers of schools to apply to the Director of Public Instruction to have their books referred to the Text-Book Committee.

I think this undesirable. Inducement may be held out to managers to recommend inferior books in preference to books which, though they may possess superior merit are not “pushed” by the authors through the influence of managers.

H. D. TAYLOR—18-1-07.

7. Under rule V of the rules for the Educational department, printed with G.O., No. 445, Educational, dated 10th September 1900, as modified by G.O., Nos. 650, 651, Educational, dated 26th December 1903, this list has to be published in the first issue of the *Fort St. George Gazette* in December. For this purpose, the list should have been submitted at least in the last week of November 1906.

P.R.—16-1-07.

K. RANGASWAMI AIYANGAR—16-1-07.

The list as submitted containing only books which were actually in use and those approved by the Committee since the publication of the last list may be published in the Gazette. But what the list contains may be explained in the heading.

H. D. TAYLOR. | 2. A consolidated list may be published once in five years.

3. To save the Committee, which, it has to be noted, works gratuitously, from having to examine books which have no chance of being used in schools even if approved, the Director of Public Instruction's suggestion to insert paragraph 4 in the notification, may be approved.

Just point out the rule.

H. D. TAYLOR. | 4. The delay in sending up the list may be noticed.

C. G. MACKAY—17-1-07.

The Text-Book Committee, I take it, has no final power or authority, but is merely an advisory Committee to the Director of Public Instruction. I do not think that paragraph 4 of the notification is desirable. It may lead to inferior books being pushed, through the influence of managers, to the detriment of books possessing superior merit. The Director of Public Instruction may decide whether to send on text-books to the Committee or not.

2. I see no objection to the publication of a consolidated list once in five years as suggested, with errata and addenda slips annually.

To The Secretary to the Government of Madras,
Educational Department.

Sir,

I have the honour to submit herewith, in proof, the consolidated list of approved text books brought up to December 1906 for favour of approval and publication in the Fort Saint George Gazette.

2 As the consolidated list last published was found to be unnecessarily bulky, Dr. Bourne thought that it might be curtailed by weeding out books that had gone out of use or out of print and accordingly called upon the Inspectors of Schools to report after close scrutiny which of the books on the list were still in use in schools. The list now submitted contains only the names of such of the books on the old list as were actually in use in schools and of those approved by the Text Book Committee since the publication of the last list.

Dr. Bourne thought it desirable that this unnecessary call upon the time of the Committee should if possible be put a stop to and I agree with him. I accordingly propose issuing a notification in the following terms as para 4 at the top of the consolidated list.

"Authors and publishers of books " are informed that in future the Director will ordinarily send on to the Text Book Committee only those books which managers or Headmasters of recognized schools have expressed a desire to introduce into their schools."
