G.O., No. 396, Financial, dated 18th June 1906.

ABSTRACT.—Transferring the lump provision of 6 lakhs for primary education in the budget estimate for 1906–1907 under the head 22. EDUCATION—Provincial, to the Local section in order to enable Presidents of District Boards to incur expenditure on primary education.

Letter—from the Hon'ble Mr. T. T. LOGAN, B.A., Acting Director of Public Instruction.

To—the Secretary to Government, Educational department.

Dated—Madras, the 4th January 1907.

No.—Cur. No. 34.

Teaching grants payable from Provincial funds under the new Grant-in-aid Code have been allotted to various classes of schools on the basis of the grants which they were previously receiving under the old Code. After providing for the amount required for teaching grants to colleges and schools for the current year as well as for the arrears for March 1906 in the case of such of them as were in receipt of salary

* Rs. 1,64,600 for grants and contributions on account of board schools, etc.	grants, a sum of Rs. 1,65,000 is set free from the allotments under "Grants-in-aid" in the current year's budget and it may be transferred to "Adjusting heads" towards payment of contribution to Local Fund boards on account of grants to elementary schools. There is already a sum of Rs. 3,72,000* under "Adjusting heads"
" 2,07,400 for subsidy.	
<u>3,72,000</u>	

in the sanctioned budget and the total available is thus Rs. 5,37,000. The distribution of the allotments for elementary schools among the several districts, based more or less on the payments made last year, is shown in columns 1 to 3 in the accompanying statement A. If this distribution is approved, the total amount of contribution required is Rs. 4,28,730 towards payment of grants to elementary schools.

2. As regards payment of contribution on account of Board schools, etc., I beg to state that the total amount provided for the purpose in the sanctioned budget is Rs. 1,64,600. This is capable of reduction based on the actuals of last year, and I would therefore suggest a revised distribution among the several district boards as shown in column 6 of the statement which brings down the total to Rs. 1,46,540, excluding the amount of building and result grants sanctioned to the schools specified therein.

3. If the above proposals are approved the total amount of contribution required is—

	RS.
(1) Towards payment of grants to elementary schools	4,28,730
(2) Towards grants and contributions to Board schools, etc. ..	1,48,270
Total ..	<u>5,77,000</u>

The amount available being Rs. 5,37,000 only as shown already, I have the honour to request that the additional amount required, viz. (Rs. 5,77,000—Rs. 5,37,000), Rs. 40,000, may be sanctioned from any savings and that payment to the District Boards concerned of the amounts mentioned in column 9 of the statement may also be authorized at the same time so that the inspecting officers may proceed with the final assignment of grants to the schools as soon as possible.

Anantapur	10,000
The Nilgiris	2,000
Cuddapah	10,000
	<u>65,358</u>

In this connection I may mention that in G.O., No. 738, Educational, dated 14th November 1906, lump grants in aid of primary education have already been assigned from the 6 lakhs grant to the District Boards noted in the margin, and it is a question for consideration whether in view of this fact the contribution now proposed may not be reduced in their case.

4. With regard to the municipalities, I submit a similar statement B. The lower secondary schools and such of the primary schools as are parts or feeders to other secondary schools having been treated as secondary for purposes of aid for the current year, the municipalities have, under the new Code, been relieved of the payment of grants to them. The result is a gain to certain municipalities. It will be seen from the statement that while the distribution of the allotments proposed in columns 1 to 3 would result in an extra expenditure aggregating Rs. 39,910 in the case of certain municipalities over and above the allotments for grants-in-aid of all kinds sanctioned in their budgets, it would, on the other hand, result in savings aggregating Rs. 22,870 in others. I am not sure whether the payment of these savings as contribution to Provincial funds can be insisted upon in the circumstances. If they cannot, the total amount of contributions required is Rs. 62,068. The allotment for the purpose in the sanctioned budget being Rs. 52,000, I have the honour to request that the additional amount required, viz., Rs. 10,068 (Rs. 62,068 — Rs. 52,000) may be sanctioned from any other source and that payment to the municipal councils concerned of the amounts mentioned in column 9 may also be authorized.

5. I request that this matter may be treated as urgent and that early orders may be passed.
