Medical College, Madras.

Furnishing the Government of the Punjab with information regarding the strength of the L.M. and S. and M.B. and C.M. classes of the — during the session 1906–1907 together with a list of the professorial staff and the subjects taught by each.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

Read—the following papers :—

I

Letter—from W. M. Hailey, Esq., Officiating Secretary to Government, the Punjab (Home—Medical and Sanitary).
To—the Secretary to the Government of Madras, Educational Department.
Dated—Lahore, the 6th December 1906.
No.—1068.

In connection with an application to increase the professorial staff of the Medical College at Lahore, in order to bring the teaching up to the standard considered necessary by the Punjab University, I am directed to request that, with the permission of His Excellency the Governor in Council of Madras, the Government of the Punjab may be furnished with information on the following points :—

(1) the number of students studying for the degree of L.M. and L.S. at the Medical College, Madras;

(2) the professorial staff employed, with a list of subjects taught by each. It is requested that professors engaged entirely in professorial work may be shown separately from those officers such as Civil Surgeons, or Chemical analysts, who receive an allowance for teaching in the College ;

(3) how far the professorial staff is allowed to take consulting or ordinary medical practice.

II

Memorandum No. 633, Educational, dated 29th December 1906.

In connection with an application to increase the professorial staff of the Medical College at Lahore, in order to bring the teaching up to the standard considered necessary by the Punjab University, the Government of the Punjab desire to be furnished with information on the following points :—

(1) the number of students studying for the degree of L.M. and S., at the Medical College, Madras ;

(2) the professorial staff employed, with a list of subjects taught by each, professors engaged entirely in professorial work being shown separately from officers such as Civil Surgeons, or Chemical analysts, who receive an allowance for teaching in the College ;

(3) how far the professorial staff is allowed to take consulting or ordinary medical practice.

The Director of Public Instruction is requested to be good enough to furnish a complete statement containing the information required by the Punjab Government.

(By Order.)

C. G. Mackay,
Ag. Asst. Secretary to Government.

To the Director of Public Instruction.

III

Letter—from the Hon'ble Mr. T. T. Logan, B.A., Acting Director of Public Instruction.
To—the Secretary to Government, Educational Department.
Dated—the 28th January 1907.
No.—Ref. on Cur. No. 9487 of 1906.

I have the honour to submit herewith two statements containing information on the points noted in Government Memorandum No. 633, Educational, dated 29th December 1906. As regards the extent to which the professorial staff is allowed to take consulting or ordinary medical practice, the Principal reports that there are no restrictions.

Order—No. 92, Educational, dated 22nd February 1907.

The following letter will be addressed to the Government of the Punjab.

(True Extract.)

H. D. Taylor,
Ag. Secretary to Government.

No. 93.

From

H. D. TAYLOR, Esq., I.C.S.,
Acting Secretary to the Government of Madras,
Educational Department.

To

The SECRETARY to the GOVERNMENT of the PUNJAB,

Dated Fort St. George, the 22nd February 1907.

Sir,

In reply to your letter No. 1068, Medical and Sanitary, dated 6th December 1906, requesting to be furnished with certain information about the strength and staff of the Madras Medical College, I am directed to forward a statement showing the professorial staff of the College with the subjects taught by each. The strength of the L.M. & S. class of the College during the session of 1906–1907 was 91, and that of the M.B. & C.M. class 113, as detailed in the margin.

L.M. & S.	Regular students		70
	Casual students		21
	Total ..		91
M.B. & C.M.	Regular students		103
	Casual students		10
	Total ..		113

2. With reference to your request that the Professors of the Medical College engaged solely in professorial work may be distinguished from those officers, such as, Civil Surgeons who receive an allowance for teaching in the College, I am to state that all the Professors and their Assistants, with the exception of the Assistant to the Professor of Hygiene and Bacteriology, belong to the Medical Department and are in receipt of a consolidated pay or the pay of their medical appointment and a local or teaching allowance for their work in the College. The Professors do the lecturing work in addition to their hospital duties, but the Assistant Professors devote their whole time to lecturing work.

3. With regard to the question whether the members of the professorial staff of the Medical College are allowed to take consulting or ordinary medical practice, I am to state that none of the Professors or their Assistants is debarred as such from

engaging in private practice, but the officers noted in the margin, who have conjoint professorial duties at the College, are not allowed to have private practice, the last three only so long as they draw house-rent. The Principal of the College also is debarred from engaging in private practice, but he is permitted to take consulting practice on the condition that it is *bonâ fide* consulting practice and that it does not take up too much of his time.

The Chemical Examiner.
The Superintendent of the Lunatic Asylum.
The Third Surgeon, General Hospital.
The Fourth Physician, General Hospital.
The Resident Medical Officer, General Hospital.

4. I am also to forward, for the information of His Honour the Lieutenant-Governor, a copy of the Madras Medical College Calendar for the year 1905–1906.

I have the honour to be,
Sir,
Your most obedient servant,

H. D. TAYLOR,
Ag. Secretary to Government.

6

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., Nos. 92-93, EDUCATIONAL, DATED 22ND FEBRUARY 1907.

[SUBJECT.—*Information regarding the strength and staff of the Madras Medical College.*]

From the Government of the Punjab, dated 6th December 1906, *No.* 1068.

Previous papers.

G.O., No. 704, *Public, dated* 16*th August* 1904.
" " 655, " " 6*th September* 1906.

The Government of the Punjab desires to be furnished with information on the following points:—

(1) The number of students studying for the L. M. and L. S. degree at the Medical College, Madras.

(2) The professorial staff employed, with a list of subjects taught by each. It is requested that professors engaged solely in professorial work may be shown separately from those officers such as Civil Surgeons who receive an allowance for teaching in the College;

(3) How far the staff is allowed to take consulting or ordinary medical practice.

2. The Medical College Calendar does not furnish definite information on these points and there are no rules similar to those of the Law College and of the College of Engineering defining the duties of the members of the staff. In these circumstances it is submitted that the Director of Public Instruction may be requested u o. to furnish for transmission to the Government of the Punjab a statement giving all the information required by that Government.

T.K.—18-12-06.

What the Punjab Government calls the L. M. and L. S. degree is apparently the Madras L.M. and S. degree. The strength of the L.M. and S. class of the Madras Medical College on 31st March 1906 was 65—page 23 of the Medical College Calendar for 1905-1906.

2. The Professorial staff employed is given on pages 31 and 32 of the Calendar. Each professor teaches his subject and it does not therefore seem that a separate list of subjects taught by each is required.

They may teach different branches to different years. I fancy this is wanted.

C. G. MACKAY—20-12-06.

3. The only Professor who is engaged solely in Professorial work appears to be the Professor of Dental Surgery but he too has hospital work for two or three days a week.

4. The Principal, the Chemical Examiner and Professor of Chemistry, the Superintendent of the Lunatic Asylum and Lecturer on Mental Diseases, the Third Surgeon, General Hospital and Professor of Biology, the Fourth Physician and Professor of Materia Medica and the Resident Medical Officer and Professor of Hygiene and Bacteriology are the only members of the staff who are debarred from private practice including examinations for assurance societies and general consultation, the last three only so long as they draw house-rent—*vide* paragraph 341 of the Civil Medical Code, the Preface of the Civil Medical List and G.O., No. 655, Public, dated 6th September 1906.

5. The Director may, however, be asked to give a complete statement showing all the information required by the Punjab Government.

P. T. THARYAN—19-12-06.

This may be done with reference to the marginal note above.

C. G. MACKAY—20-12-06.

Yes. Please draft reference to Director of Public Instruction accordingly.

H. D. TAYLOR—22-12-06.

A draft order is placed below for approval.

T.K.—22-12-06.

P. T. THARYAN—24-12-06.

Issue.

C. G. MACKAY—27-12-06.

[Memorandum No. 633, Educational, dated 29th December 1906.]

From the Director of Public Instruction, dated 28th January 1907, No. 9487.

The Director of Public Instruction submits two statements, one showing the strength of the L. M. and S., and M. B., and C. M. classes of the Medical College during the session of 1906-1907, and the other showing the Professors and their Assistants with the subjects taught by them. The Director of Public Instruction states that there are no restrictions about the professorial staff's taking consulting or ordinary medical practice.

2. The Director has not, however, shown the "professors engaged solely in "professorial work separately from officers such as Civil Surgeons or the Chemical "Analysts who receive an allowance for teaching in the College" as required in Memorandum No. 633, dated 29th December 1906. All the Professors of the College seem to belong to the Medical Department and all of them have hospital work to do in addition to lecturing at the Medical College; they are in receipt of either a consolidated pay or the pay of their medical appointment and a local allowance for teaching in the College—*vide* G.O., No. 655, Public, dated 6th September 1906.

3. The Assistant Professors, with the exception of the Assistant to the Professor of Hygiene and Bacteriology (Dr. Chandrasekhar), who is an Educational Officer, also belong to the Medical Department and are in receipt of their grade pay and a teaching allowance. They are employed exclusively on teaching work and have no hospital work to do—*vide* G.O., No. 704, Public, dated 16th August 1904.

4. The Director of Public Instruction states that no restrictions are placed on the consulting or ordinary medical practice of the Professors of the College. But as pointed out in paragraph 4 of the office-note of the 19th December 1906, the following officers appear to be debarred from private practice:—

Paragraph 341 of the Civil Medical Code and also Government Order No. 655, Public, dated 6th September 1906.

(1) Principal, Medical College.

(2) The Chemical Examiner and Professor of Chemistry.

(3) Superintendent, Lunatic Asylum, and Lecturer on Mental Diseases.

(4) The Third Surgeon, General Hospital, and Professor of Biology.

(5) The Fourth Physician, General Hospital, and Professor of Materia Medica.

(6) The Resident Medical Officer, General Hospital, and Professor of Hygiene and Bacteriology.

5. Except in the case of the Principal, the restrictions above specified appear to have been imposed on the officers concerned in their capacity as Medical Officers and not as Professors of the College. This fact may be explained to the Government of the Punjab. There does not appear to be any restriction as regards private practice in the case of Assistant Professors.

6. A draft is placed below for approval. If approved, it may be sent to the Public Department for acceptance and for verification of the facts given therein.

No. 93.

From

H. D. TAYLOR, Esq., I.C.S.,

Acting Secretary to the Government of Madras,

Educational Department.

To

THE SECRETARY TO THE GOVERNMENT OF THE PUNJAB,

Dated Fort St. George, the 22nd February 1907.

SIR,

In reply to your letter No. 1068, Medical and Sanitary, dated 6th December 1906, requesting to be furnished with certain information about the strength and staff of the Madras Medical College, I am directed to forward a statement showing the professorial staff of the College with the subjects taught by each. The strength of the L.M. & S. class of the College during the session of 1906-1907 was 91, and that of the M.B. & C.M. class 113, as detailed in the margin.

L.M. & S.	Regular students	.. ..	70
	Casual students	.. ..	21
	Total	..	91
M.B. & C.M.	Regular students	.. ..	103
	Casual students	.. ..	10
	Total	..	113

2. With reference to your request that the Professors of the Medical College engaged solely in professorial work may be distinguished from those officers, such as, Civil Surgeons who receive an allowance for teaching in the College, I am to state that all the Professors and their Assistants, with the exception of the Assistant to the Professor of Hygiene and Bacteriology, belong to the Medical Department and are in receipt of a consolidated pay or the pay of their medical appointment and a local or teaching allowance for their work in the College. The Professors do the lecturing work in addition to their hospital duties, but the Assistant Professors devote their whole time to lecturing work.

3. With regard to the question whether the members of the professorial staff of the Medical College are allowed to take consulting or ordinary medical practice, I am to state that none of the Professors or their Assistants is debarred as such from

engaging in private practice, but the officers noted in the margin, who have conjoint professorial duties at the College, are not allowed to have private practice, the last three only so long as they draw house-rent. The Principal of the College also is debarred from engaging in private practice, but he is permitted to take consulting practice on the condition that it is *bonâ fide* consulting practice and that it does not take up too much of his time.

The Chemical Examiner.
The Superintendent of the Lunatic Asylum.
The Third Surgeon, General Hospital.
The Fourth Physician, General Hospital.
The Resident Medical Officer, General Hospital.

4. I am also to forward, for the information of His Honour the Lieutenant-Governor, a copy of the Madras Medical College Calendar for the year 1905–1906.

I have the honour to be,
Sir,
Your most obedient servant,

H. D. TAYLOR,
Ag. Secretary to Government.

Station Madras , *Dated the* 28th January 1907

From (Name) The Hon'ble Mr. T.T. LOGAN, B.A.,

(Designation) Ag. Director of Public Instruction.

To The Secretary to the Government of Madras,
Educational Department.

Sir,

I have the honour to submit herewith two statements containing information on the points noted in Government Memorandum No. 633, Educational, dated 29th December 1906. As regards the extent to which the professorial staff is allowed to take consulting or ordinary medical practice, the Principal reports that there are no restrictions.

I have the honour to be,

Sir,

Your most obedient servant,

For Director of Public Instruction.

EDUCATIONAL DEPARTMENT.

C. No. 2065 From the Govt of the Punjab. No. 1068, dated 6-12-1906.

SUBJECT. Information regarding the Strength and Staff of the Medical College.

The Govt of the Punjab desires to be furnished with information on the following points:—

(1) the no. of students studying for the L.M. and L.S. degree at the Medical College, Madras.

(2) the professorial staff employed, with a list of subjects taught by each. It is requested that professors engaged solely in professorial work may be shown separately from those officers such as civil Surgeons who receive an allowance for teaching in the College.

(3) how far the staff is allowed to take consulting or ordinary medical practice.

2. The Medical College Calendar does not furnish definite information on these points and there are no rules similar to those of the Law College and of the College of Engineering defining the duties of the members of the staff. In these circumstances it is submitted that the D.P.I. may be requested U.O. to furnish for transmission to the Govt of the Punjab a statement giving all the information required by that Govt.

7.H.
14/12/06

What the Punjab Govt calls the L.M. & L.S. degree is apparently the Madras L.M.&S degree. The strength of the L.M.&S class of the Madras Medical College on 31st March 1906 was

Secret

8 - 2

18 - 2 P

65. page 23 of the Medical College Calendar for 1905-06.

2. The Professorial staff employed is given on pages 31 & 32 of the Calendar. Each Professor teaches his subject & it does not therefore seem that a separate list of subjects taught by each is required.

3. The only Professor who is engaged solely in Professorial work appears to be the Professor of Dental Surgery but he too has attends hospital work for two or three days a week.

4. Except the Principal, the Chemical Examiner & Professor of Chemistry, the Superintendent of the Lunatic Asylum & Lecturer on Mental diseases, the Third Surgeon General Hospital & Professor of Biology, the Fourth Physician & Professor of materia medica and the Resident Medical officer and Professor of Hygiene & Bacteriology are the only members of the staff who are debarred from private practice including examinations for Assurance Societies & general consultations - the last three only so long as they draw house rent. vide para 341 of the Civil Medical Code, the Preface of the Civil Medical List & G.O. No 655 Public dt 6th September 1906.

5. The Director may however be asked to give a complete statement showing all the information required by the Punjab Govt.

[Memorandum No.633 Edl., dated 29th December 1906.]

From the Director of Public Instruction, No.9487 dated 28th January 1907.

Page 3 of current file, ~~In reply to memo No.633 Edl., dated 29th December 1906,~~ the Director of Public Instruction submits two statements, one showing the strength of the L. M & S., and M.B., & C.M., classes of the Medical College during the session of 1906-07 and the other showing the Professors and their Assistants with the subjects taught by them. The Director of Public Instruction states that there are no restrictions about the professorial staff's taking consulting or ordinary medical practice.

Page 4 of current file.

2. The Director has not, however, shown the "professors engaged solely in professorial work "separately from officers such as Civil Surgeons or chemical "analysts who receive an allowance for teaching in "the College" as required in Memo No.633, dated 29th December 1906. All the Professors of the College seem to belong to the Medical Department and all of them have hospital work to do in addition to lecturing at the Medical College; they are in receipt of either a consolidated pay or the pay of their medical appointment and a local allowance for teaching in the College - Vide G.O.No.655 Public, dated 6th September 1906.

Page 3 of current file.

C.

3. The Assistant Professors, with the exception of the Assistant to the Professor of Hygiene and Bacteriology, (Dr.Chandrasekhar) who is an Educational Officer, also belong to the Medical Department and are in receipt of their grade pay and a teaching allowance. They are employed exclusively on teaching work and have no hospital work to do - Vide G.O. No.704 Public, dated 16th August 1904.

4. ~~The statement of~~ The Director of Public Instruction, Rates that no restrictions are placed on the consulting or ordinary medical practice of the Professors of the College. ~~does not appear to be correct~~, But as pointed out in para.4 of the office note of the 19th December 1906, the following officers appear to be debarred from private practice.

Para 341 of the Civil Medical Code & also Govt. Resolution No. 655 Public dt. 6th September 1906

(1) Principal, Medical College.
(2) The Chemical Examiner and Professor of Chemistry.
(3) Superintendent, Lunatic Asylum, and Lecturer on Mental Diseases.
(4) The Third Surgeon, General Hospital, and Professor of Biology
(5) The Fourth Physician, General Hospital, and Professor of materia medica.
(6) The Resident Medical Officer, ex officio and Professor of Hygiene and Bacteriology.

5. Except in the case of the Principal, the restrictions above specified appear to have been imposed ~~placed~~ on the officers concerned in their capacity as Medical Officers and not as Professors of the College. This fact may be explained to the Government of the Punjab. There does not appear to be any restriction as regards private practice in the case of Assistant Professors.

Cur.No.2065 from the Govt. of the Punjab. No.1068, dated 6th December 1906.

Memo. to the D. P. I. Madras. No.633, dated 29th December 1906.

Cur.No. 216 from the D. P. I. Madras. No.9487, dated 28th January 1907.

ORDER: P.S. 92 & 22-2-7

The following letter will be ~~despatched~~ addressed to the Government of the Punjab.

LETTER: 93 & 22-2-7

To

The Secretary to the Government

of the P U N J A B.

(With a statement & copy of the Medical College Calendar)

Sir,

In reply to your letter No.1068, Medical and Sanitary, dated 6th December 1906, requesting to be furnished with certain information about the strength and staff of the Madras Medical College, I am directed to forward a statement showing

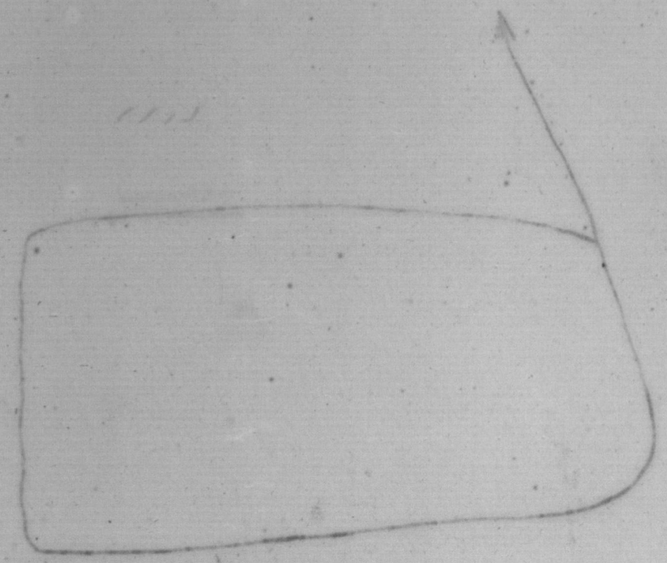

the

the professorial staff of the college with the subjects taught by each. The strength of the L. M. & S., class of the College during the session of 1906-07 was 91, and that of the M.B. & C.M., class 113, as detailed in the margin:-

L. M. & S.	Regular students	70.
	Casual students	21
	Total	91
M. B. & C. M.	Regular students	103
	Casual students	10
	Total	113

2. With reference to your request that the Professors of the Medical College engaged solely in professorial work may be distinguished from those officers, such as, Civil Surgeons who receive an allowance for teaching in the College, I am to state that all the Professors and their Assistants with the exception of the Assistant to the Professor of Hygiene and Bacteriology, belong to the Medical Department and are in receipt of a consolidated pay or the pay of their medical appointment and a local or teaching allowance for their work in the College. The Professors do the lecturing work in addition to their hospital duties, but the Assistant Professors devote their whole time to lecturing work.

3. With regard to the question whether the members of the professorial staff

staff of the Medical College are allowed to take consulting or ordinary medical practice, I am to state that none of the Professors or their Assistants is debarred as such from engaging in private practice, but that the Medical Officers noted in the margin, who have conjoint professorial duties at the College, are not allowed to have private practice, the last three only so long as they draw house-rent. The Principal of the College also is debarred from engaging in private practice, but he is permitted to take consulting practice on the condition that it is bona fide consulting practice and that it does not take up too much of his time.

The Chemical Examiner.
The Superintendent of the Lunatic Asylum.
The Third Surgeon, General Hospital
The Fourth Physician -do-
The Resident Medical Officer -do-

Para 341 of the Civil Medical Code. also para 321 of Manual of office Rules.

4. I am also to forward for the information of His Honour the Lieutenant Governor, a copy of the Madras Medical College Calendar for the year 1905-06.
