GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper:—

Letter—from G. B. H. FELL, Esq., Deputy Secretary to the Government of India, Home Department (Education).
To—the Secretary to the Government of Madras, Educational Department.
Dated—Calcutta, the 13th February 1907.
No.—113.

I am directed to forward, for the information of the Governor in Council and for favour of communication to the University of Madras for future guidance, a copy of a despatch* from the Secretary of State in which he requests that letters notifying the selection of gentlemen for the two Government scholarships tenable in England, which are annually granted to natives of India, should contain particulars of their parentage and place of origin, as well as a summary of their university career in India.

ENCLOSURE.

Despatch—from His Majesty's Secretary of State for India.
To—His Excellency the Right Honourable the Governor-General of India in Council.
Dated—India Office, London, the 14th December 1906.
No.—194-Public.

My attention has been called to the fact that little or no information is communicated by Your Excellency's Government to this office concerning the previous careers of gentlemen selected for the two Government scholarships tenable in England which are annually granted to natives of India.

2. It seems to me to be desirable that every letter notifying to this office the selection of a scholar should contain particulars of his parentage and place of origin, as well as a summary of his university career in India, and I request that, in future, action may be taken accordingly.

3. These orders should be communicated to the Governments of Madras and Bombay for their guidance, although it is already their practice to supply information of this nature in reporting the selection of a scholar.

Order—No. 93A, Educational, dated 25th February 1907.

In continuation of G.O., No. 454, Educational, dated 27th June 1906, and G.O., No. 535, Educational, dated 11th August 1906, the Syndicate of the Madras University will be requested to be good enough to arrange that for the future on every occasion when a candidate is recommended for a Government of India scholarship, particulars as to his parentage and place of origin, as well as a summary of his university career accompany the recommendation.

[SUBJECT.—*Information regarding the Government of India Scholars.*]

From the Government of India, dated 13th February 1907, No. 113.

Advance copies of the letter and its enclosure have been circulated. The letter may now be communicated to the University of Madras as desired by the Government of India.

Orders are solicited whether the despatch may be communicated to the University or only the substance of it.

Communicate only the substance.

The revised draft placed below is submitted for approval.

K. RANGASWAMI AIYANGAR—22-2-07.

It is the usual custom to communicate only the substance of India's letters. I find now that the form in G.O., No. 535, Educational, dated 11th August 1906, provides for what India has drawn attention to. It seems therefore unnecessary to issue a resumé. In these circumstances, may the correspondence be communicated?

C. A. SOUTER—22-2-07.

The draft may issue. The form in G.O., No. 535, dated 11th August 1906, does not seem to provide for details of the University career, and something more of the candidate's history seems necessary than mere name of father and residence.

It is the usual custom to communicate only the Substance of India's letters. If I find now that the form in go. N. 535 301-7 11.8.06 provides for what India has drawn attention to. It seems therefore unnecessary to issue a resumption in these cases may the correspondence be communicated?
