MEMORANDUM :- No. 4194-1M

Read the following :-

From the Chairman, Municipal Council, Vizagapatam,
No. 4106, dated 19th October 1906.

From the Director of Public Instruction, Madras,
N. Ref. on C. No. 8161 of 1906, dated 28th November 1906.

In the statement submitted with the Chairman's
letter read above, it is proposed to employ only one teacher
on Rs. 8 in the Muhammadan Night School in the Fort, which
contains five standards with 30 pupils. But in accordance
with the scale recommended in Rules 81 and 82 of the New
Educational Rules, there should be two teachers on Rs. 10
and Rs. 8 respectively for this school. The necessary
correction should be made and a proposition statement
submitted for the sanction of Government.

2. The question whether any portion of the increase
in the net expenditure on Education consequent on the above
reorganization can be contributed from Provincial funds will
be considered in the Educational Department.

3. The particulars as to the expenditure on menial
servants, house rent and contingencies of the elementary
schools should not have been embodied in the statement
submitted by the Municipal Council.

SUBJECT.

Revision of Educational establishments in the
Elementary schools in the Vizagapatam Municipality
in accordance with the new Educational Rules.

The Municipal Council of Vizagapatam maintains
the following four schools which may fall under
the class of "Elementary" schools in accordance
with the new Educational Rules.

- (i) Muhammadan Boys' School, Fort.
- (ii) Muhammadan Boys' School, Chengal Rao Peta
- (iii) Muhammadan Boys' Night School, Fort.
- (iv) Fisherman Street School.

2. In the statement submitted by the Municipal
Council with reference to G.O., No. 1144 L., dated
18th September 1906, the charges incurred on the
menial establishment, rent for school buildings
and other contingencies have been included. As
these items of expenditure will not be affected
by the new Educational rules, they may be left
out of account. The financial effect of adopting
the new scale of staff of teachers in the above
mentioned four schools ^{is} shown in the following

Table.

table.

Name of School	No. of Standards	Strength	Existing Scale of Establishment Rs.	Scale of Establishment to be employed in accordance with the new rules. Rs.	Increase or decrease in cost. Rs.
Muhammadan Boys School	5	81	12, 10, 6, 5	15, 12, 10, 8	+ 144
Do. Chungal Rao Peta	5	60	10, 6	12, 10, 8	+ 168
Do. Night School	5	30	6	10, 8	+ 144
Fisherman Street School	1	30	10	8	- 24
					Total Increase + 432

The net increase in the expenditure on establishment alone is thus Rs 432 per annum. But the Municipal Council has shown only one teacher on Rs.8 for the Muhammadan Night School instead of two on Rs.10 and 8 respectively in accordance with rules 81 and 82 of the Educational rules, the strength of the school being 30 in five standards. If in view of the fact that the strength is only slightly above the maximum of 25 pupils for a single teacher, the Municipal Council's proposal to employ one teacher for this school be accepted, the increase in expenditure on establishment will be reduced to Rs.312 per annum. ~~To this will have to be added~~ to Rs.312/- per annum. To this will have to be added the probable capitation allowance of Rs.50 to the teachers of the fisherman street school. The total expenditure will then be Rs362. But the Council expects a saving of Rs.180 in result stipends and an additional fee income of Rs.50. If these two amounts are deducted, the net increase in the expenditure on education by the adoption of the New Educational Rules will be Rs.132/- per annum (Rs.362 - Rs.230).

One master cannot teach five standards efficiently.
H.D.T.

2. The question now is whether the Municipal Council

The intention was that any additional expenditure on this account should be debited to the six lakhs grant.

P.T.T.
3-2-07

Council can bear this additional expenditure from its own funds or whether a subsidy from Provincial funds should be given to meet it. The financial position of the Municipality and the net expenditure incurred on Primary and Secondary education by the Municipal Council during the last three years are noted below:-

year	ordinary Receipts	ordinary Expenditure	Surplus or Deficit	Net expenditure on Education			Percentage of net expenditure on Education to total receipts from taxation
	Rs.	Rs.	Rs.	Primary	Secondary	Total	
1903-04	78,464	77,479	+985	3,187	1,587	4,774	9.8
1904-05	82,140	81,572	+568	3,511	1,848	5,359	10.4
1905-06	73,517	68,370	+5,147	3,359	1,864	5,223	9.9
Average	78,040	75,807	+2,233	3,352	1,766	5,118	10.03

4. The small expenditure of Rs.132/- per annum may be met from the average surplus and the net expenditure incurred on education by the Municipal Council in the past was also only about 10 per cent. of the receipts from taxation. But the Municipal Council states that it is not now in a position to say whether it can incur the additional expenditure until the revised scheme of support under the new Grant-in-Aid code to the other Elementary schools in the Municipality is before it. orders are solicited.

V.S.
1-2-07

The Council may be asked to submit a proposition statement, it being informed that Government will consider whether the additional cost can be contributed from Provincial Funds.

5. It is not at present possible to make any
definite promise of aid to recoup the extra expendi-
ture caused. All that can be said is that the
question of a grant will be considered. We can
only consider this when we have complete information
from all Boards and Municipalities.
