Sir,

That the applicant and his parents are born and domiciled in India and belong to Polavaram in the agency tracts of the Godavari District and are Brahmmins by caste.

2 That he completed all the course of Industrial Instruction as far as is available in India in the art of sheet metal working and Enamelling and he is willing to learn the advanced art in the same branch in England for which he has the full consent of his father.

3 That the sufficiency of his knowledge of English to understand the subject, his knowledge of Industrial Chemistry required for the branch and the goodness of his character will be evidenced to your satisfaction by the copy of the certificate and the extract from the covering letter of the Principal enclosed herein for your kind perusal.

4 That he can assure you that he will stick up to the same branch of Industry even after his return from England.

5 That he has just completed the 19th year of his age and will produce a health certificate if he be favoured with a Government of India's Technical Scholarship to enable him to undergo the advanced

advanced course of training in ³England
in the branch he now studied.

That he therefore prays that one
of the said scholarships be bestowed
upon him as his main object of study
is to see that India is supplied with
sufficient sheet-metal and Enamell ware
whose industries India has none at present
and the ware especially that Enamelled
has become so very popular throughout
India that at least a couple of pieces of
the ware are found even in an aboriginal
Koya hut.

He begs to remain,

Sir,

Your most obedient servant

U. B. Adinadharam.

From

John. E. Makewzie D.Sc., Ph.D.,
Principal.

Certified that Mr. V. B. Adinadhiam was
a student of the sheet-metal working and
Enamelling department during the year 1906
and attended with great regularity. His
conduct was good and his progress satis-
factory.

He was most diligent in his work and
obtained at the end of the session a First
Class Certificate, being second in order of
merit. I can strongly recommend him as a
hard working student.

As the furnace has not been working since
you left, I request, that the experiments you
mentioned have not been carried out. x

Messers Witting & Co London do a very large
business in Enamelled sign-plates and they
would I think be able to either take you into
their own factory or enable you to go into
another. So far as I am aware this kind of
Enamelling is not taught in any other
Technical College. Your Certificate will be
sent to you as soon as the certificates are issued.
I enclose a general certificate and hope that
you will find it useful. x x
