Cur.No.4479 M. from the C.M.C. Guntur, No.979, dated 7th December 1906.

S U B J E C T .

Revision of educational establishments in Municipal Elementary Schools in accordance with the revised Educational rules - Guntur Municipality.

-:-:-:-

The Municipal Council of Guntur maintains 6 elementary Schools. The statement submitted by the Chairman with reference to G.O.No.1144 L., dated 18th September 1906 has been checked and the following points require mention.

(1) The number of teachers to be employed in accordance with Rule 81 of the new Educational Rules in the Muhammadan day Schools at China bazaar and Sangadigunta and the Hindu night School at China bazaar is shown as 2, 2 and 1 respectively. But with reference to the strength of these Schools shown in the statement, the number of teachers should, strictly speaking, be 3, 3 and 2. The excess of strength in each case being however small, the lower scale of staff may be permitted.

(2) A new Secondary School with 4th, 3rd and 2nd Standard which it is proposed to open newly is included in the statement. No information is given about this School either in the Chairman's letter or in the statement. Provision has not also been made in the budget estimate for 1907-08 for this school. As this is stated to be a secondary school it should not have been included in the Chairman's list. This may, it is submitted, be pointed out to the Chairman.

(3) The existing scale of pay for the teachers of the Muhammadan day schools at china bazaar and Sangadigunta, namely Rs.12 and Rs.10 respectively for the two teachers, is in excess of that recommended in Rule 82 of the Educational Rules viz., Rs.10 and Rs.8. It is stated that the Assistant Inspector of Schools recommends that the existing scale of pay may be retained for these teachers as a special case. If this is approved, there seems to be no reason why the pay of the Muhammadan day school at old Gun-tur alone should be reduced from Rs.10 to Rs.8. It is for consideration whether the existing scale of pay may be retained for the teachers for all the

Being Muhammadan Schools existing scale is perhaps better in the case of ~~all~~ all the three schools.

three Muhammadan schools or whether the scale recom-mended in the Educational Rules should be strictly followed.

(4) The net result of adopting the new rules will be an increase of Rs.155 in the cost of manage-ment. If, however, the existing scale of salaries be retained for the teachers of Muhammadan schools, the net cost will be increased to Rs.275 per annum.

(5) The statement does not appear to have been placed before the Municipal Council and the revision proposed in the establishments approved by it. The Chairman may now be asked to place the proposals before the Council and to submit a proposition state-ment for the sanction of Government.

2. For the financial position of the Municipa-lity please see paragraph 5 of the office note on page 2 of the notes with G.O.No.1570 M., dated 30th August 1906. The net expenditure on education during the past 3 years is given below:-

The existing scale in the case of the two Muham-
madan schools which should strictly speaking have
3 masters, may be retained until a third master
is found necessary. That at old Guntur has only 30
boys in 2 standards. Rs.8 is sufficient. A propo-
sition statement may be called for and the excess
noted.
