GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following papers :—

I

G.O., No. 741, Educational, dated 16th December 1904.

ABSTRACT.—Sanctioning, with remarks, a grant not exceeding one-third of the actual expenditure towards the cost of a building for the proposed American Evangelical Lutheran Mission Primary school at Guntūr.

II

Letter—from the Hon'ble Mr. T. T. LOGAN, B.A., Acting Director of Public Instruction.

To—the Secretary to Government, Educational Department.

Dated—Madras, the 12th March 1907.

No.—Ref. on Cur. No. 1002.

With reference to G.O., No. 741, Educational, dated 16th December 1904,

1. Plan and estimate.
2. Manager's certificate of actual expenditure.
3. Comparative statement.
4. Letter from the Superintending Engineer, II Circle, No. 788, dated 27th February 1907.

sanctioning a grant not exceeding one-third towards the cost of a building for the American Evangelical Lutheran Mission Primary school at Guntūr, I have the honour to submit the marginally-noted papers, and to recommend that the sanction of Government may be

obtained for the payment of a grant of Rs. 1,500.

2. The original estimate for the construction of the building was for Rs. 2,000. The Manager, however, considered it necessary to add all round a verandah 8 feet wide, and the total cost is now reported to be Rs. 4,550. The Public Works department authorities who inspected the building at my request certify to the effect that the actual valuation of the building as now constructed may be taken at Rs. 4,500, and that the work has been done well as far as could be judged by its present appearance.

3. The school has been properly organized. At present it is being used as the practising section of the American Evangelical Lutheran Mission Training College at Guntūr as a temporary measure.

4. As the year is drawing to a close, I request the favour of very early orders.

Order—No. 174, Educational, dated 23rd March 1907.

The Director of Public Instruction will be permitted to make a payment of Rs. 600 on account of the cost of a building for the American Evangelical Lutheran Mission Primary school at Guntūr subject to a further scrutiny of the vouchers and certificates of actual expenditure.

2. If any grant over and above that promised in G.O., No. 741, Educational, dated 16th December 1904, is to be given it should form the subject of a separate communication. The attention of the Director of Public Instruction is invited to rule 51 (ii) of the Grant-in-Aid Code.

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., No. 174, EDUCATIONAL, DATED
23RD MARCH 1907.

[SUBJECT.—*Requesting sanction to the payment of a grant of Rs. 1,500 for the American Evangelical Lutheran Mission Primary School at Guntūr.*]

Previous paper.

G.O., No. 741, Educational, dated 16th December 1904.

From the Director of Public Instruction, dated 12th March 1907, No. 1002.

The Director of Public Instruction recommends that a grant of Rs. 1,500 may be sanctioned towards the cost of a building for the American Evangelical Lutheran Mission Primary school at Guntūr. In G.O., No. 741, Educational, dated 16th December 1904, the Government stated that they were prepared to sanction a grant not exceeding one-third of the actual expenditure from private sources towards the cost of a building for the proposed American Evangelical Lutheran Mission Primary school at Guntūr, on condition—

- (1) that the building was completed to the satisfaction of Government; and
- (2) that the school was properly organised.

2. The Director now states that the original estimate was only for Rs. 2,000, but the addition of a verandah 8 feet wide all round has made the amount of the present estimate run up to Rs. 4,550. The Superintending Engineer, II Circle, who inspected the building at the Director's request, states that the actual valuation of the building as now constructed may be taken as Rs. 4,500 and adds that the work *appears to have been done well as far as can be judged from its present appearance.*

3. From paragraph 3 of the Director's letter it is observed that "the school has been properly organised". This satisfies the second condition for payment of the grant required in G.O., No. 741, Educational, dated 16th December 1904, referred to in paragraph 1 *supra*.

4. The amount of grant that may be given to the school under article 51 (1) of the Grant-in-Aid Code is Rs. 1,500, that is, one-third of Rs. 4,500, the cost of the building as estimated by the Superintending Engineer. But the certificate of the Superintending Engineer that "the work appears to have been done well as far as "can be judged in its present appearance" does not appear to be convincing. Seeing, however, that the completion of the building to the satisfaction of Government is one of the conditions that ought to be fulfilled before any grant is claimed, it is for orders whether the grant of Rs. 1,500 recommended by the Director of Public Instruction may be sanctioned without further details.

Vide paragraph 2 of G.O., No. 741, Educational, dated 16th December 1904.

P.R.—21-3-07.

Article 53 (1) of the revised Grant-in-Aid Code says—

"Before the grant is paid, it shall be certified in the prescribed form (Appendix N) by "the Engineer or other responsible officer deputed to examine the building that the work has "been completed in accordance with approved plan and estimate or that the building is worth the "amount on which the grant is claimed."

2. The original estimate of the school building was Rs. 2,000. The Superintending Engineer estimates the cost of the building as now constructed at Rs. 4,500 and says "the work appears to have been done well as far as can be judged in its 'present appearance'". The increase in the cost of the school building as compared with the original estimate is stated by the Director of Public Instruction to be due to the construction of additional verandahs. It is submitted that the grant of Rupees 1,500 recommended by the Director of Public Instruction may be sanctioned.

3. A draft order is placed below for approval.

K. RANGASWAMI AIYANGAR—21-3-07.

C. A. SOUTER—21-3-07.

I do not think that the grant should be paid merely on the Public Works Department certificate. Under article 51 (iii), Grant-in-Aid Code, "before making 'the payment the Director will require the management to furnish vouchers or certificates showing the actual amount expended by them in completing the work'". It does not at all follow that the cost of constructing a building by a private individual will be anything like the amount which it would cost Public Works Department to construct it, according to which standard the Public Works Department officer necessarily fixes his valuation. The promise

G.O., No. 741, Educational, dated 16th December 1904.

in the present case was made before this condition was actually embodied in the Code and in subsequent orders it has been usual to specify the maximum amount of the grant. The addition of the verandah in this case, which increased the cost from Rs. 2,000 to Rs. 4,550, does not appear to have been undertaken with the prior sanction of Government.

2. The Director wants to make payment now so as to utilize his current balance. I submit that this is an insufficient reason for not insisting on proper conformation with the rules.

3. The maximum grant admissible under the original order of sanction was Rs. 666-13-4. The Director of Public Instruction may be permitted to make a payment of Rs. 600 on account, subject to a further scrutiny of the vouchers and certificates of actual expenditure.

4. If any grants over and above that promised in G.O., No. 741, Educational, dated 16th December 1904, is to be given, it should form the subject of a separate communication: but it is altogether opposed to rule to give a grant for works constructed without prior approval.

H. D. TAYLOR—21-3-07.

I agree.

N.V.S.

C. No. 609 From the S. P. I. No. 1002, dated 12.3.1907.

SUBJECT. Requesting sanction to the payment of a grant of Rs. 1500 for the A. E. L. M. primary school at Juntur.

Page 1 of current.

The Director of Public Instruction recommends that a grant of Rs. 1500 may be sanctioned towards the cost of a building for the American Evangelical Lutheran Mission primary school at Juntur.

T. In G.O. 741 Etdy 16th December 1904, the Government stated that they were prepared to sanction a grant not exceeding one-third of the actual expenditure from private sources towards the cost of a building for the proposed A. E. L. M. primary school at Juntur, on condition

(1) that the building was completed to the satisfaction of Government; and

(2) that the school was properly organised.

Page 1 of current.

2. The Director now states that the original estimate was only for Rs. 2,000, but the addition of a verandah 8 ft wide all round has made the amount of the present estimate run up to Rs. 4,500. The Superintending Engineer, I Circle, who inspected the building at the Director's request, states that the actual valuation of the building as now constructed may be taken as Rs. 4,500 and adds that the work appears to have been done well as far as can be judged from its present appearance.

Page 6 of current.

3. From paragraph 3 of the Director's letter - page 2 of current - it is observed that "the school has been properly organised." This satisfies the second condition for payment of the grant required in G.O. 741 Etdy 16.12.04 referred to in para 1 supra.

4. The amount of grant that may be given to the school under

vide page 6 of c.f.

V. de para. 2 of 80. 741
Vol. 5 16th December 1901.

under Article 51 (1) of the Grant-in-aid Code is Rs 1,500, that is, $\frac{1}{3}$ of Rs 4,500, the Cost of the building as estimated by the Superintending Engineer. But the certificate of the Superintending Engineer that the work appears to have been done well as far as can be judged in its "present appearance" does not appear to be ^{convincing} acceptable. Being however that the completion of the building, to the satisfaction of Government is one of the conditions that ought to be fulfilled before any grant is claimed, it is for orders whether the grant of Rs 1,500 recommended by the Director of Public Instruction may be sanctioned without further details.

21/3/07

Article 53 (1) of the revised Grant-in-aid Code says

"Before the grant is paid, it shall be certified in the prescribed form (Appendix N) by the Engineer or other responsible officer deputed to examine the building that the work has been completed in accordance with approved plan & estimate or that the building is worth the amount on which the grant is claimed. The original estimate of the school building was Rs 2,000. The Sup^r Engineer estimates the cost of the building as now constructed at Rs 4,500 and says "the work appears to have been done well as far as can be judged in its present appearance". The increase in the Cost of the school building as compared with the original estimated is stated by the D.P.I. to be due to the Construction

I do not think that the grant ~~can~~ should be paid merely on the PWD certificate -
Under Art 67. (iii) G. Act Code, "Before making the payment the Builder will require the management to furnish vouchers or certificates showing the actual amount expended by them in completing the work". It does not at all follow that the cost of constructing a ~~private~~ building by a private individual will be anything like the amount which it would cost PWD to construct it, ~~and~~ ^{therefore} according to which the PWD officer necessarily fixes his valuation. The proviso in the present case was made before this condition was actually embodied in the Code -
in subsequent orders it has been usual to specify the maximum amount of the grant. The addition of the

10741 16.17.04

T

veranda in this case, which increased the cost from Rs 2000 to Rs 4550 does not appear to have been undertaken with the prior sanction of Govt.

2. The Director wants to make payment for so as to utilise his current balance. Doubtful that this is an insufficient reason for not insisting on proper conformation with the rules.

3. The maximum grant admissible under the original order of sanction was

T. Rs 600. The BPS may be permitted to make a payment of Rs 600 on account, subject to a further scrutiny of the accounts & certification of actual expenditure.

T. 4. If any grants over and above that promised in P.O. 74123 of 16th Dec. 54 is to be given it should form the subject of a separate communication: but it is all together opposed to the rule to give a grant for work constructed without prior approval.
