*Letter*—from M.R.Ry. G. Srinivasa Row Avargal, b.a., Chairman, Municipal Council, Madura.

*To*—the Secretary to Government, Local and Municipal Department.

*Dated*—the 11th March 1907.

*No.*—S.C. 295 of 1905.

Adverting to G.O., No. 121, Educational, dated 8th March 1907, received by me on 9th March 1907, I have the honour to state that the order is presumably correct in the light of the papers then placed before Government and referred to in paragraph 1 thereof. It is, however, opposed to later events as disclosed by subsequent records and evidenced by a registered deed of transfer, dated 1st August 1891. To avoid delay and save time, I am sending, in original, the papers which make the situation clear with a list (for favour of perusal and return). It may be seen therefrom that the title of the Municipal Council to the site on which the Government Girls' school was permitted to be built subject to the definite condition is beyond doubt and that on being assured of the same, Government was pleased to sanction its transfer to the educational department in G.O., Mis. No. 1773 M., dated 25th November 1890.

2. In connection with my letter disposed of in the order under reference, on the morning of Saturday the 9th instant, the Collector inspected the sites and the house referred to therein and expressed that it would be best to go in for the house which is within a couple of hundred yards to the west of the present building. The Sub-Assistant Inspector of Schools was also present on the occasion and signified his assent thereto.

3. The booked value of the existing building is Rs. 7,204 and there is a provision of Rs. 10,000 made in the market estimate towards acquiring the girls' school buildings. In order that this provision may be utilized in the current year, the sum of Rs. 7,204 may, I think, be transferred to the educational department immediately, whatever amount may ultimately be settled by Government as realisable from the Municipal Council as the value of the school building.

4. I request the favour of early orders to enable me to get the necessary adjustments made before the close of the official year which virtually happens to be, this year, on the 28th instant, the Easter holidays intervening.

### Order—No. 176, Educational, dated 23rd March 1907.

In continuation of G.O., No. 121, Educational, dated 8th March 1907, the Chairman, Municipal Council, Madura, will be informed that the present building of the Government Girls' school cannot be vacated until a final decision has been arrived at regarding the future location of the school and provision made therefor. The Director of Public Instruction has been instructed to report on the subject, and before doing so he will consult the Collector of the district and the Chairman of the Municipality.

2. It does not appear that there is any urgent necessity to spend before the close of the current year the amount allotted for the market in the budget estimate of the Municipality for this year. The amount allotted, if not expended during the current year, will remain in the balance and can be disbursed in the ensuing year with the sanction of Government.

LOCAL AND MUNICIPAL DEPARTMENT.

Please see G.O., No. 121, Educational, dated 8th March 1907, on which the Chairman's present communication is based. From the deed of transfer forwarded by the Chairman it appears that the site of the Government Girls' school, though it was originally Government property and given to the Municipality in 1873 for the specific purpose of constructing a latrine thereon, was regarded in 1891 as the property of the Municipal Council. The Chairman therefore requests that the booked value of Rs. 7,204 of the school building may be adjusted to the credit of the Government, presuming thereby that the cost of providing a fresh site for the school should be met by Government and *not* by the Municipality. This is a question for consideration in the Educational Department in consultation with the Public Works Department. The Chairman's letter may therefore be transferred u.o. to the Educational Department for disposal.

*Vide* paragraph 1 of G.O., No. 121, Educational, dated 8th March 1907. This seems to have been evidently a mistake.
P. T. THARYAN.

2. As regards the Chairman's request that early orders may be passed so that the amount may be adjusted to the credit of Government before the close of the current official year, it has to be pointed out that an allotment of Rs. 12,500 has been provided in the current year's budget for expenditure on the market—*vide* paragraph 2 of G.O., No. 901 M., dated 11th May 1906. With a view to prevent a lapse of this allotment the Chairman wishes to adjust Rs. 7,204 out of this provision. If it lapses, a reallotment can be made for this purpose from the closing balance as revised with reference to the actual opening balance of the next year, or the amount required can be met from the allotment of Rs. 75,000 made in the budget for 1907–1908 for the construction of the market. There seems thus to be no necessity for adjusting the sum of Rs. 7,204 to the credit of Government in advance in the current year before a final decision is arrived at in the matter.

V. SRINIVASA AIYANGAR—13-3-07.

Please see the Chairman's letter No. 38, dated 23rd October 1890, read with G.O., No. 1773 M., dated 25th November 1890. The original of this will be found on pages 18 and 19 of the current. The site on which the Government Girls' school is built was transferred to the Council for the purpose of constructing a latrine on. The latrine was however demolished soon after it was constructed and the site was unoccupied when it was formally retransferred to Government as if it were Municipal land. The moment, however, the latrine was demolished the site should have been regarded as having revested in Government and its formal retransfer to Government appears to have been a mistake. The Council had no valid title to the site and could not therefore transfer it.

Certainly.
H. D. TAYLOR.

But the Director of Public Instruction was apparently authorised by Government to enter into the agreement and it might be held in law that Government were *estopped* thereby from denying the correct title.
H.D.T.

2. The Chairman's letter is in reply to an Educational Order (No. 121, dated 8th March 1907) and has to be disposed of in that department.

P. T. THARYAN—14-3-07.

These things cannot be done in a hurry as the Chairman wishes. There is no urgent need for expenditure of the allotment this year as the Chairman wishes. If not now spent it will remain in the balance and can be spent next year with the sanction of Government. The present school building cannot be vacated until a new site has been duly approved and accommodation provided.

The question of the Council's *right* to the site, even if the claim of Government can be held to be estopped under the indenture on pages 31–35 of current file, cannot arise until Government voluntarily vacate the site. But that abandonment will take place merely in the Council's interests and to suit its convenience.

2. The plans relating to the construction of the market were sent to the Chairman and are not therefore available in this office. But the site plan of the market now forwarded by the Chairman with the correspondence read above shows the position of the Government girls' school and its adjoining buildings. From paragraph 3 of the Revenue Divisional officer's endorsement it will be seen that the retention of the existing girls' school building will necessitate the removal of—

(ii) two stalls out of 88 vegetable stalls; and

The Collector (Mr. Gillman) is strongly of opinion that the girls' school cannot remain where it is, as it would unduly restrict the size of the market, and that its retention would involve the abolition of some of the grain and condiment stalls, of which the sanctioned design provides no more than are absolutely needed. The Collector further adds that the educational authorities say that the building and the space around the girls' school are inadequate and require extension, that he has, after inspection of all the sites proposed, decided that the best site is the house in North Chitrai street about 50 yards to the west of the present school and that he is asking the Inspectress of Girls' Schools to arrange for its inspection at once, so that necessary steps may be taken for its acquisition. In the light of the above information, it does not appear to be practicable to retain the girls' school in its present place without prejudice to the interests of both the school and the market.

3. The Collector also refers in his endorsement to certain structural alterations proposed by the Municipal Council in the design of the market as approved by the Sanitary Board. This matter will be separately dealt with in Local and Municipal on return of the file from the Educational department after the Government Order is despatched.

**ORDER** No. 176, dated 23.3.1907

In continuation of G.O. No.121 Edl., dated 8th March 1907, the Chairman, Municipal Council, Madura, will be informed that the present building of the Government Girls' school cannot be vacated until ~~a new site has been duly acquired and accommodation provided.~~

a final decision has been arrived at regarding the future location of the school & provision made therefor. The D.P.I. has been instructed to report on the subject, & before doing so he will consult the Collector of the dist & the Chairman of the Mty

Secy's remarks on page 3 of notefile

2. It does not appear that there is any urgent necessity to spend before the close of the current year the amount allotted for the market in the budget estimate of the Municipality for this year. The amount allotted, if not expended during the current year, will remain in the balance and can be ~~spent~~ disbursed in the ensuing year with the sanction of Government.
