honour to state that the marginally-noted items amounting to Rs. 11,895 are absolutely necessary.

Rs. 4,265 has been provided in the revised estimate of this year under teaching grants and capitation allowance; the revised estimate has been framed taking credit for Rs. 6,620 sanctioned by Government with the current budget.

Assuming that the provision made in the revised estimate for aid under the new system is adequate, it will be sufficient in order that the opening balance of the budget of 1907-1908, may not be disturbed to calculate the contribution necessary from Government for this purpose and for primary education in general as Rs. 6,620 and the total amount required will then be Rs. 18,515; of the total provision of Rs. 20,300 in the Government order, Rs. 1,785, can therefore be surrendered.

It is assumed that the Rs. 10,000 lump grant is not in addition to Rs. 6,620 provided in the sanctioned budget.

Under G.O., No. 738, Educational, dated 14th November 1906, the special grant of six lakhs in aid of primary education for 1906-1907 was distributed as follows among the several District Boards:—

	RS.
(1) For maintenance of Schools newly opened	77,355
(2) Furnishing and equipping schools newly opened	1,27,452
(3) Completion of buildings commenced in 1905-1906	76,984
(4) For new buildings	2,48,976
(5) Maintenance of existing schools	8,875
(6) Lump grant	65,358
Total	6,00,000

2. Subsequently in telegram No. 3, dated 28th January 1907, Presidents of District Boards were requested to report whether any portion of the grants distributed under G.O., No. 738, Educational, dated 14th November 1906, was not required for expenditure in 1906-1907 and could be surrendered. From the replies received it appears that the following amounts can be surrendered out of the allotments referred to in the preceding paragraph:—

Districts.	Maintenance of new schools.	Furnishing and equipping new schools.	New buildings.	Lump grant.	Total.

3. The surrender of Rs. 8,400 proposed by the District Board of Anantapur from the lump grant of Rs. 10,000 made to it cannot however be accepted, as this grant was intended to be a contribution for general educational purposes owing to the inability of the Board to support existing institutions which it would otherwise have been necessary to close. The remaining surrenders amounting to Rs. 18,228 are accepted. Out of this amount a sum of Rs. 13,000 will be placed at the disposal of the Director of Public Instruction for payment of additional subsidies to private schools through the agency of District Boards and the balance of Rs. 5,228 will be resumed by the Financial Department.

4. Further orders will issue in the Financial Department placing an additional sum of Rs. 11,500 at the disposal of the Director for payment to Municipal Councils.

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., No. 178, EDUCATIONAL, DATED
25TH MARCH 1907.

[SUBJECT.—Surrenders from the six lakhs grant in aid of primary education in
1906-1907.]

File of replies from Presidents of District Boards to telegram No. 3, dated
28th January 1907.

LOCAL AND MUNICIPAL DEPARTMENT.

In their Proceedings, No. 738, Educational, dated 14th November 1906, the Government distributed as follows among the several District Boards, the special grant of six lakhs in aid of primary education for 1906-1907 :—

	RS.
(1) For maintenance of schools newly opened	77,355
(2) Furnishing and equipping schools newly opened	1,27,452
(3) Completion of buildings commenced in 1905-1906	76,984
(4) For new buildings	2,43,976
(5) Maintenance of existing schools	8,875
(6) Lump grant	65,358
Total	6,00,000

2. In view of the changes brought about by the new Grant-in-Aid Code as regards the sources—Provincial or Local—from which teaching grants should be paid to the several classes of schools, the Director of Public Instruction in paragraph 3 of his letter No. 34, dated 4th January 1907, suggested that an additional allotment of Rs. 40,000 required for contribution from Provincial to Local might be met from the lump grant of Rs. 65,358 referred to in the preceding paragraph. Upon this, the following telegram was despatched to all Presidents of District Boards on the 28th January 1907 :—

“Reference G.O., No. 738, Educational, dated 14th November 1906. Please wire under each head whether any portion of allotments therein made is not required for expenditure in the current year and can be surrendered.”

3. From the replies to this telegram it appears that the following amounts can be surrendered :—

Districts.	Maintenance of new schools.	Furnishing and equipping new schools.	Completion of buildings.	New buildings.	Maintenance of existing schools.	Lump grant.	Total.
	RS.	RS.		RS.		RS.	RS.

Koraput	..	..	..	..	..	..	..
Total	150	4,490	..	12,230	..	9,758	26,628

4. Without waiting for the replies from Presidents, the allotment of Rs. 40,000 referred to in paragraph 2 above was sanctioned by Government by reappropriation from the head 45. (Civil Works—Public Works Department—*vide* G.O., No. 88, Financial, dated 2nd February 1907. It is submitted that the fact that surrenders amounting to Rs. 26,628 are now available from the six lakhs grant may be communicated to the Financial Department u.o. for such action as they may consider necessary.

N. CHENGAL RAO—1-3-07.

The lump grants were intended for expenditure on elementary education generally in view of the impecunious condition of some of the Boards. The Presidents of the Anantapur and Koraput District Boards should not have apparently surrendered portions of such grants given to them.

Page 3 of K.W. to Nilgiri District Board Budget Review for 1907-1908.
Page 4 of K.W. to Kurnool District Board Budget Review for 1907-1908.
Page 3 of K.W. to Anantapur District Board Budget Review for 1907-1908 and paragraph 3 of the order.

The Guntur District Board wants an additional allotment of Rs. 1,900.

May the total surrender be limited to Rs. 26,628—9,758—1,900 or Rupees 14,970?

P. T. THARYAN—2-3-07.

We cannot give additional allotments at this stage. As to the lump grants Anantapur cannot surrender anything. In another note it was clearly shown that Anantapur was spending on education a good deal more than the Rs. 10,000 *plus* other grants and subsidies. Surrenders from these lump grants should only be accepted to the extent to which expenditure on *education* by or through Local Boards, has fallen short of the total allotment for subsidy *plus* special grants. Please put up the statement referred to.

H. D. TAYLOR—3-3-07.

From the tabular statement on page 9 of K.W. No. 88, Financial, dated 2nd February 1907, and paragraph 1 of the office-note, dated 30th January 1907, on page 10 of the same notes, it will be seen that the actual expenditure on education in 1906-1907 in Anantapur will be more than the total subsidies and Provincial grants for education in that year, and that in Koraput the lump contribution (Rs. 1,358) from the six lakhs grants will be in excess of requirements under education by Rs. (12,838—11,520) 1,318.

N. CHENGAL RAO—6-3-07.

P. T. THARYAN—6-3-07.

The Rs. 1,358 given to Koraput in excess of its requirements should be withdrawn, but the surrender from Anantapur of Rs. 8,400 under this head cannot be accepted. The surrender of Rs. 18,228 may be accepted and placed at the disposal of Financial in part adjustment of the additional allotment for subsidies of Rs. 40,000. Please draft for acceptance of Financial.

H. D. TAYLOR—7-3-07.

A draft order is submitted for approval, subject to the acceptance of the Financial Department.

N. CHENGAL RAO—8-3-07.

P. T. THARYAN—9-3-07.

This had better go in the first instance very urgently to Director of Public Instruction u.o. in order to ascertain whether his present allotment for elementary education for the current year are sufficient, and if not, whether he would wish, with the approval of Financial, to reappropriate to other purposes any portion of the grants now surrendered.

H. D. TAYLOR—9-3-07.

To the Director of Public Instruction.

The assignments of teaching grants to elementary schools have been completed and I find that taking into account excess of subsidy in some boards and shortage in others, Rs. 11,000 will be required to pay assignments in full, Rs. 6,500 to District Boards and Rs. 4,500 to Municipal Councils. I should like to reappropriate those sums. A detailed statement showing the various boards and councils affected will be submitted on Monday.

T. T. LOGAN—9-3-07.

The file may now go to Financial. With the consent of that department Rupees 18,228 may be resumed out of the grants placed at the disposal of the District Boards out of the special grant of 6 lakhs made in G.O., No. 738, Educational, dated 14th November 1906, and a further allotment out of the sum so resumed of Rs. 11,000 placed at the Director of Public Instruction's disposal for payment of subsidy to Local Boards and Municipal Councils.

These will leave a net sum of Rs. 7,228 to set against the grant of Rs. 40,000 made under G.O., No. 88, Financial, dated 2nd February 1907. Rs. 18,228 may be shown as the portion of the 6 lakhs grant paid for subsidies in aid of elementary education, and Rs. 32,772 will be the additional allotment from Provincial for the same purpose.

H. D. TAYLOR—11-3-07.

To the Financial Department.

FINANCIAL DEPARTMENT.

The proposals in the Local and Municipal Department note, dated 11th March 1907, may, it is submitted, be accepted. It is too late to communicate the resumption to the Government of India with a view to effect an alteration in the total revised estimate for 1906-1907.

T. HARI RAO—11-3-07.

The net result is that of the grant of 40 lakh sanctioned by G.O., No. 88, Financial, dated 2nd February 1907; 07 lakh is not required.

C. M. SCHMIDT—12-3-07.

H. BRADLEY—12-3-07.

To the Local and Municipal Department.

LOCAL AND MUNICIPAL DEPARTMENT.

Please revise the draft accordingly.

H. D. TAYLOR—13-3-07.

The alteration made in paragraph 3 of the draft order is submitted for approval.

N. CHENGAL RAO—13-3-07.

Of the additional sum of Rs. 11,000 required for the Director of Public Instruction Rs. 4,500 is for payment to Municipalities and this has to be transferred by Financial from ADJUSTING HEADS to 22. EDUCATION—GRANTS-IN-AID—TO MUNICIPAL FUNDS. The alteration in the draft has therefore to be accepted in Financial and further orders have to issue in that department.

This seems so; but we need not go into details of distribution of the Rs. 6,500. We did not in the case of Rs. 33,000 last year.

H. D. TAYLOR.

P. T. THARYAN—13-3-07.

To the Financial Department u.o. for acceptance.

H. D. TAYLOR—13-3-07.

FINANCIAL DEPARTMENT.

Under G.O., No. 185, Financial, dated the 8th March 1906, the sum of Rs. 4,500 mentioned in paragraph 4 of the draft order will have to come out of the grant under heads other than contributions.

But we can say at once if it is necessary now. Please examine further.

C. M. SCHMIDT—14-3-07.

2. On receipt of the Local and Municipal Department order the allotment may be made if the latest revised estimates under 22. EDUCATION should show the same to be necessary.

3. The draft order may, it is submitted, be accepted.

T. HARI RAO—13-3-07.

The following statement shows the position under the head 22. EDUCATION—PROVINCIAL, in 1906-1907, according to the Accountant-General's revised estimates based on ten months' actuals:—

2. Please see the letter from the Director of Public Instruction, No. 34, dated 11th March 1907, in the linked case.

As noted therein there is a grant of 11.77 lakhs against the latest estimate of 11.69 lakhs for grants to Local Boards, and as for subsidies to Municipalities the latest estimate stands at 59 lakh, and the Director has proposed to reappropriate a sum of 64 lakh to the head Contribution to Municipal funds.

There seems to be no necessity for the additional allotments of Rs. 6,500 and of Rs. 4,500 for subsidies to Local and Municipal bodies, respectively, proposed in the draft order.

3. If, however, the Educational Department should consider that an additional allotment of Rs. 4,500 should be made for subsidies to Municipalities, the statement in paragraph 1 above shows that the Director can find savings on the total grant under 22. EDUCATION to reappropriate towards the charge.

Ask the Director of Public Instruction to make this clear. The 6 lakhs grant was not intended for Municipalities as it is shown in the local section.

H. D. TAYLOR—17-3-07.

On page 3 *supra*, the Director of Public Instruction says that the assignments of teaching grants to Elementary schools have been completed, and that taking into account the excess of subsidy in some Boards and the shortage in others he finds that a further sum of Rs 11,000 will be required to pay the assignments in full, that is, Rs. 6,500 to District Boards and Rs. 4,500 to Municipal Councils. It is, however, not clear whether this additional allotment of Rs. 11,000 which the Director now requires is exclusive of the additional expenditure of Rs. 10,090 for subsidy to District Boards and of Rs. 2,630 for subsidy to Municipalities reported in his letter No. 34, dated 11th March 1907, in one of the linked files.

2. In another of the linked files the Director of Public Instruction submits with his letter, dated 19th February 1907, a reappropriation statement for the transfer of a sum of Rs. 12,000 for grants to Municipal funds. But such a large sum does not appear to be necessary and it is observed that the additional amount actually required for grants to Municipalities is only Rs. 8,876 or Rs. 9,000 in round figures.

3. It is submitted that these three files may be sent unofficially to the Director of Public Instruction and he may be asked to reconsider the whole matter and to state definitely at a very early date the additional amount which, in the light of the information now available, should be reappropriated for payment of subsidies to Local Boards and Municipalities.

T.K.—18-3-07.

K. RANGASWAMI AYYANGAR—18-3-07.

C. A. SOUTER—18-3-07.

Yes, please. We have got rather mixed up with these successive applications which seem to require some further elucidation.

H. D. TAYLOR—18-3-07.

To the Director of Public Instruction.

The figures proposed in the official letter of the 11th instant are in modification of those mentioned in the unofficial reply of the 9th and are not in addition to them. The increase in the figure for District Boards from Rs. 6,500 in the unofficial to Rs. 10,090 in the official letter, is due to (1) the inclusion of Rs. 2,500 as building grant to the Guntur District Board which was not mentioned in the unofficial as it was a secondary and not an elementary education charge and (2) the excess amount required by the Tanjore District Board having been under estimated in the unofficial reply: on the figures being more carefully scrutinized, it was found that the Board's own allotment for teaching grants was smaller than we had supposed, Rs. 1,000 being reserved for Panchama scholarships. As for the reduction in the Municipal figures—from Rs. 4,500 to Rs. 2,630—in the unofficial, we calculated on an additional sum of Rs. 1,510 being required for Srirangam; but on further scrutiny it was found that the Municipal Council would have funds of their own to pay the excess and this amount was omitted in the official letter. The remainder of the difference is due to the omission of a number of trifling sums. The figures proposed in the official letter of the 11th instant are those which are actually required.

2. The exact additional amount now required for payment of subsidies to Municipalities is Rs. 11,500 and not Rs. 12,000 which we have applied for. The additional amount of Rs. 8,876 mentioned in the Submitted that it does not include. The sum given in the note was the net extra amount. Government office-note does not include the sum of Rs. 2,630 applied for in the official letter of the 11th instant. Including this, it will be Rs. 11,506 (8,876 plus 2,630) or Rs. 11,500 in round figures.

Sir,

With reference to telegram from Government
dated 28th instant, I have the honour to state that
the marginally noted items amounting to Rs 11895
are absolutely necessary.

Rs 4265 has been provided in the revised

Sanctioned by Government with the current budget. 15

Assuming that the provision made in the revised estimate for aid under the new system is adequate, it will be sufficient in order that the opening balance of the budget of 1907-08, may not be disturbed, to calculate the contribution necessary from Govt. for this purpose and for primary education in general as Rs 6620 and the total amount required will then be Rs 18515; of the total provision of Rs 20300 in the G.O. Rs 1785 can therefore be surrendered. It is assumed that the Rs 10000 lumpsum is not in addition to Rs 6620 provided in the sanctioned budget.

Without waiting for the replies from Presidents, the allotment of Rs. 40,000 referred to in paragraph 2 above was sanctioned by Government by reappropriation from the head 45 - Civil Works - Public Works Department - vide G.O. The lump grants were intended for expenditure of ^{Elementary} Education generally, in view of the unpeculiar condition of some of the Boards. The Presidents of the Anantapur & Koppal District Boards should not have apparently surrendered portions of such grants given to them.

The Guntur District Board wants an additional allotment of Rs 1900.

May the total surrender be limited to Rs 26628 - 9758 - 1900 or Rs 14,970?

By
2/3/7

We cannot give additional allotment at this stage. As to the lump grants Anantapur cannot surrender anything. As the note it was clearly shown that Anantapur was spending on Education a good deal more than the Rs 10000 + other grant & subsidies surrendered from these lump grants.

2. Please see the letter from the D.P.D. No 34 D 114 dated 1907 in the linked case.

As noted therein there is a grant of 11.77 lakhs against ~~11.19~~ 11.69 lakhs for the latest estimate of grants to local boards, and as for subsidies to municipalities the latest estimate stands at 59 lakh and the Director has proposed to reappropriate a sum of 64 lakhs to the head Contribution to municipal funds.

There seems to be no necessity for the additional allotments of Rs 6,500 & of Rs 4,500 for subsidies to local and municipal bodies respectively proposed in the draft order.

3. If however the ^{Educational Dept} ~~Director~~ should consider that an additional allotment of Rs 4,500 should be made for subsidies to municipalities, the statement in para. 1 above shows that the ^{Director} can find savings on the total grant under 22 Education to reappropriate towards the charge.

On page 5 supra, the D.P.I. says that the assignments of teaching grants to Elementary schools have been completed and that taking into account the excess of subsidy in some boards and the shortage in others he finds that a further sum of Rs 11,000 will be required to pay the assignments in full, that is, Rs 6,500 to Dt. Boards and Rs 4,500 to Municipal Councils. It is, however, not clear whether this additional allotment of Rs 11,000 which the Director now requires, ~~is exclusive of~~ ~~is included in~~ ~~is~~ ~~the~~ additional expenditure of Rs 10,090 for subsidy to Dt. Boards and of Rs 2,630 for subsidy to Municipalities reported in his letter no. 34 dated 11th March 1904 in the linked file no. 1.

2. In the linked file no 2 below the D.P.I. submits with his letter dated 19th Feb-1907 a reappropriation statement for the transfer of a sum of Rs 12,000 for grants to municipal funds. But such a large sum does not appear to be necessary and it is observed that the additional amount actually required for grants to municipalities is only Rs 8,876 or Rs 9,000 in round figures. It is submitted that these three files may be sent up to the D.P.I. and ~~D.P.I.~~ he ~~D.P.I.~~ may be asked to reconsider the whole matter and to state definitely ^{at a very early date} the additional amount which, in the light of the information now available, should be reappropriated.

U.O. no 46 of 20th March 1907

The figures proposed in the official letter of the 11th instant are in modification of those mentioned in the U.O. reply of the 9th^{and} are not in addition to them. The increase in the figure for district boards from Rs. 6500 in the U.O. to Rs. 10090 in the official letter - is due to (1) the inclusion of Rs. 2500 as building grant to the Guntur district board which was not mentioned in the U.O. as it was a secondary and not an elementary education charge and (2) the excess amount required by the Tanjore district board having been underestimated in the U.O.

reply: on the figures being more carefully scrutinized, it was found that the Board's own allotment for teaching grants was smaller than we had supposed, Rs. 1000 being reserved for Panchama scholarships. As for the reduction in the municipal figures - from Rs. 4500 to Rs. 2630 - in the U.O. we calculated on an additional sum of Rs. 1510 being required for Srirangam: but on further scrutiny it was found that the Municipal Council would have funds of their own to pay the excess and this amount was omitted in the official letter. The remainder of the difference is due to the omission of a number of trifling sums. The figures proposed in the official letter of the 11th instant are those which are actually required.

Including this, it will be 11506 (8876 plus 2630) or Rs. 11500 in round figures.
