RESOLUTION.

THE Government of India have recently had under consideration the question of affording assistance to European and Eurasian scholars in India who may desire to prosecute their studies beyond the standard of high school education. The need of domiciled Europeans and Eurasians for separate school education is already recognized and provided for but if, after completing their school course, students of these classes wish for a University education they have to adapt themselves as best they can to the Indian University system, which is primarily intended for the benefit of natives of this country, and to which the existing scheme of European education in India does not lead up. Moreover, on general grounds the Government of India think it desirable to give some inducement to Europeans and Eurasians in India to pursue their studies up to a high standard and to offer them some prizes to look forward to in their own line of education.

2. After consulting local Governments on the question, the Government of India have now obtained the sanction of the Secretary of State to the grant of one scholarship annually, tenable at an English University, for members of the domiciled European and Eurasian community in India, on the understanding that candidates belonging to these classes will no longer be regarded as eligible for the two University state scholarships at present granted to natives of India. The Governor General in Council is accordingly pleased to announce that the scholarship will be granted on the following terms and conditions.

3. One scholarship of the value of £200 a year, the cost of which will be defrayed from Imperial revenues, will be awarded annually to a European or Eurasian candidate who is a native of India within the meaning of Statute 33 Vict., Cap. 3, section 6, and whose parents are not resident in India for temporary purposes only.

The following procedure will be observed in the selection of candidates for the scholarship:—

(i) Each local Government will be invited to nominate annually a candidate who has been for the preceding two years a pupil of a recognized school or college in India and who has passed the European High School examination or who is a graduate of one of the Indian Universities. The candidate must be not more than 22 years of age, of good physique and active habits, and must produce medical evidence of good health. Nominations should be submitted by the 31st March of each year, but as a special case the date up to which the recommendations of local Governments will be received during the current year is extended to the 1st June.

(ii) The Government of India will select from among the candidates nominated by local Governments the one who appears to them to be best fitted to hold the scholarship. In making the selection due regard will be paid to the claims of each province to participate in its turn in the scheme.

4. The scholarship will entitle the holder to an allowance not exceeding £200 per annum payable from the date of his arrival in England, and will be tenable for three or four years, as circumstances may require, at any University in the United Kingdom or, with the special sanction of the Government of India, at a foreign University. The candidate to whom the scholarship is awarded will be required to proceed to England within a reasonable period from the date of his selection, and to reside there for a period of three or four years, as the case may be, unless compelled to return sooner by ill health. He will be provided with a free second class passage to England and also with a free return passage if he completes the full period of residence or is compelled by sickness to return within that period.

5. The scholar will, on arrival in England, be required to bind himself by a written engagement to submit to the following rules and to such other regulations as may from time to time be framed by His Majesty's Secretary of State for the guidance of scholars in England:—

- (a) Every scholar shall, on reaching England, at once present himself to the Secretary, Judicial and Public Department, at the India Office, and report his arrival in writing.
- (b) Every scholar shall, without any unnecessary delay, inform the Secretary of State to which University or College he is about to proceed, and shall at once take steps to enter himself thereat.
- (c) Every scholar shall, at the end of each term of residence at a University, submit to the Secretary of State a certificate from the proper University or College authority, showing that his residence, conduct and progress in study have been satisfactory during the term.
- (d) Every scholar shall at all times obey such instructions as he may receive from the Secretary of State.
- (e) Subject to a due compliance with the above conditions, the allowance, at the rate of £200 a year for three years, or four years, if so determined, will be paid quarterly, in advance, by the India Office, commencing from the date of the scholar's reporting his arrival in England.
- (f) Every scholar will forfeit his scholarship who, not being disabled by illness or prevented by any other cause which the Secretary of State may consider sufficient, fails to complete the required terms of residence at a University or who is guilty of misconduct, persistent idleness or disregard of the orders of the Secretary of State. If the scholarship be forfeited, the scholar will lose his claim to a free return passage to India, and will further become liable to refund the cost of his free passage to England.
- (g) The scholar will be under the supervision and charge of the Political A. D. C. to the Secretary of State through whom the necessary orders will be given, and to whom all reports and other communications respecting him should be sent.

ORDER.—Ordered, that a copy of this resolution be forwarded to all local Governments and Administrations for information.

Ordered, also, that a copy be forwarded to the Registrar of the Calcutta, Madras, Bombay, Punjab and Allahabad Universities.

Ordered, further, that a copy be forwarded to the ^{Finance} ~~Foreign~~ Department for information and that the Resolution be published in the supplement to the *Gazette of India*.
