From the Registrar, Madras University, dated 24th April 1907.

In G.O., No. 454, Educational, dated 27th June 1906, the Syndicate of the Madras University were required to assure themselves, so far as possible, that the candidates selected for the Government of India scholarship had other resources of their own besides their scholarship to enable them to meet other than college expenses at Oxford or Cambridge which are scarcely avoidable.

2. With reference to the above order the Registrar of the Madras University now inquires whether B. Narasinga Rao, who has been selected for the Government of India scholarship which has been placed this year at the disposal of the Madras University, may accept offer of aid from the Tata Education fund to supplement his Government scholarship. He further states that the Secretary, Tata Education Scheme, has intimated him that the holders of the Government of India scholarship from Bombay in 1893 and from the Punjab in 1897 were both Tata scholars.

3. From paragraph 3 of the Registrar's letter it will be seen that the father of B. Narasinga Rao, who is an officer of the Subordinate Civil Medical Service, draws a salary of Rs. 175 a month and owns some landed property in South Canara and that he is prepared to place at his son's disposal sufficient funds to supplement the Government scholarship. B. Narasinga Rao is not thus without private resource of his own to meet the general expenses connected with the life at an English University.

4. In 1889 the Secretary of State declined to allow Mr. F. X. D'Souza, a Government of India scholar, to hold the Gilchrist scholarship in addition to the Government of India scholarship. Please see G.Os., No. 419, Educational, dated 15th July 1889, and No. 548, Educational, dated 7th September 1889.

5. It is for consideration whether, in the face of the Secretary of State's prohibition in Mr. D'Souza's case, B. Narasinga Rao may be permitted to hold the Tata scholarship in addition to the Government of India scholarship.

T. KANAKASUNDARAM PILLAI—26-4-07.

From G.O., No. 451, dated 27th June 1906, it would seem that India want scholars not to be dependent solely on their scholarship. Adopting this principle it would seem rational to allow scholars to benefit by the Tata fund. The case of 1889 need not necessarily be a precedent. G.O., No. 548, dated 7th September 1889, would make the point clear, but from G.O., No. 419, Educational, dated 15th July 1889, it would appear that the reason for the decision was that the two scholarships were tenable in different Universities. If Secretary wishes, the Government Order of 1889 will be awaited to make the matter clear. But perhaps the case may be decided at once on general grounds.

C. A. SOUTER—26-4-07.

The Indian Government scholars are not bound by any conditions or obligations after their term of three years' residence at an English University is complete.

2. Is it known what rules attach to the Tata scholars and what conditions, if any, attach to those scholarships? What is the value and term of those scholarships?

3. Unless the terms of the two scholarships are antagonistic, I do not see why the concession should not be granted.

H. D. TAYLOR—26-4-07.

No information is available in the office about the Tata scholarships. Submitted that the Registrar of Madras University may be telegraphed for information about them.
