Secondary School, Ootacamund.

Approving tentatively for one year the proposals of the Director of Public Instruction for the establishment at Ootacamund of a secondary school for the education of the children of the more respectable native inhabitants of the town.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

Read—the following paper :—

Letter—from the Hon'ble Mr. T. T. LOGAN, B.A., Acting Director of Public Instruction.
To—the Secretary to Government, Educational Department.
Dated—Madras, the 9th March 1907.
No.—Ref. on Cur. 3603 of 1905.

With reference to the correspondence ending with G.O., No. 464, Educational, dated 2nd July 1906, I have the honour to submit the following proposals for the establishment at Ootacamund of an incomplete secondary school with classes Infant to 4 and forms 1 to 3 for the benefit of the children of the more respectable native inhabitants of the town as provided for in the scheme relating to the management of the trust property known as the Breeks' Memorial school.

2. In the order quoted above Government have expressed their preparedness to relieve the Municipal Council of the financial responsibility of the school by paying them a subsidy from Provincial funds equal to the net cost of its maintenance, if the Council on their part will take up the management of the school. The Council, it will be observed from the enclosed copies of their resolution and of the report of the Sub-Committee, have agreed to take over the management of the school but raise the objection that, if it is thrown open to all classes of natives, the better sort among them for whom it is intended may not send their children to it. This objection does not appear to rest upon sufficient grounds, especially as the levy of fees at 10 per cent. higher than the standard rates will keep out the "undesirables."

3. There will be eight classes in the school and under Educational rule 28 there should be eight regular teachers excluding the headmaster. As the school is intended for the more respectable native inhabitants of the town and as the fees proposed to be levied will keep out the children of poorer parents I expect that the strength of each class will be extremely small and a regular teacher for each class may therefore be unnecessary. But Educational rule 28 makes no exception in such cases. A drawing master and a gymnastic instructor are also to be provided for; but pandits are unnecessary for the present. Again under Educational rule 23 the headmaster should be a licentiate in teaching and the other teachers should hold trained teachers' certificates of a grade not lower than the secondary. It is also necessary to prescribe a liberal scale of salaries as living on the hills is much more expensive than on the plains. The following scale seems suitable and may be approved and recommended to the Council for adoption :—

	RS.
Headmaster	75—5—100
First Assistant	50—2—60
Second Assistant	45—1—50
Third do.	40—1—45
Fourth do.	35—1—40
Fifth do.	30—1—35
Sixth do.	30—1—35
Seventh do.	30—1—35
Eighth do.	25—1—30
Drawing Master	25—1—30
Gymnastic Instructor	20—1—25
Peon	10—0—10
Total	415—495

4. The monthly cost of the maintenance of the school will thus range from Rs. 425 to Rs. 505, including a sum of Rs. 10 for contingencies, sweeping, scavenging, etc. There is besides the rent allowance, say, about Rs. 50 a month, which will have to be paid until a building is provided by Government and an initial outlay of about Rs. 500 for furniture and gymnastic apparatus and Rs. 250 for library and class books and maps.

5. As to the payment of the net cost from Provincial funds it may be done either at the end of each year after a scrutiny of the accounts or half-yearly advance may be made, the checking and final adjustment of accounts being reserved to the end of the year.

6. If the school be opened from 1st April next a sum of Rs. 6,000 will have to be provided for the purpose in the budget for next year. As however no provision has been proposed in the budget now before Government I request that the amount entered under "Contributions" to Municipalities may be raised by Rs. 6,000.

ENCLOSURES.

(1)

Extract from the Proceedings of the Ootacamund Municipal Council, dated 1st September 1906.

Read Proceedings of the Education Sub-Committee, dated the 15th August 1906, on letter of the Inspector of Schools, Sixth Circle, dated the 31st July 1906, forwarding copy of G.O., No. 464, Educational, dated 2nd July 1906, regarding the opening of a new secondary school with standards Infant to 4 and forms 1 to 3, etc., and enquiring if the Municipal Council agrees to the proposals and will take up the management of the school.

Resolution No. 1.—The Council accepts the report of the Sub-Committee which will be forwarded to Government through the Inspector of Schools.

(2)

Proceedings of the Municipal Sub-Committee, dated 15th August 1906.

Read letter, dated the 31st July 1906, from the Inspector of Schools, Sixth Circle, forwarding copy of G.O., No. 464, Educational, dated the 2nd July 1906, regarding the opening of a new secondary school with standards Infant to 4 and forms 1 to 3, etc., and enquiring if the Municipal Council agrees to these proposals and take up the management of the school.

The present cost to the Ootacamund Municipal Council in maintaining the Bazaar school is approximately Rs. 700 annually. The Sub-Committee understand that the Council will be saved this expenditure by accepting the Government's proposals—vide paragraph 2 of the order. The Sub-Committee consider it necessary to point out that this new school will not give the separate accommodation for children of the more respectable native inhabitants which they formerly had in the Breeks' Memorial school and this the Sub-Committee believe will prevent these classes from sending their boys to the proposed school. This opinion was expressed in the Sub-Committee's Proceedings, dated 22nd February 1906, and the Municipal Council endorsed the same in its resolution No. 3, dated 12th March 1906. This being recognized the Sub-Committee consider that the generous proposal of Government may be accepted.

Order—No. 260, Educational, dated 3rd May 1907.

The proposals submitted by the Director of Public Instruction, in consultation with the Ootacamund Municipal Council, for the establishment at Ootacamund of a secondary school with classes Infant to 4 and forms 1 to 3 for the education of the children of the more respectable native inhabitants of the town are approved tentatively for one year. A proposition statement should be submitted by the Municipal Council, Ootacamund, at an early date.

2. Orders will issue in the Public Works Department for the preparation at an early date, in consultation with the Director of Public Instruction, of a plan and estimate for the construction of a building for the accommodation of the school.

NOTES CONNECTED WITH G.O., No. 260, EDUCATIONAL,
DATED 3RD MAY 1907.

[SUBJECT.—Establishment of a school for the children of the better classes of natives at Ootacamund.]

From the Director of Public Instruction, dated 9th March 1907, No. 3603.

Please see G.O., No. 464, Educational, dated 2nd July 1906, and the notes therewith.

2. In paragraph 2 of the above order the Government expressed their preparedness to relieve the Municipal Council of Ootacamund of the financial responsibility for the school to be established for the children of the better classes of natives, by paying a subsidy from Provincial funds equal to the net cost of the school, if the Council on its part would agree to establish a secondary school with classes Infant to IV and Forms I to III. The Government also said that they were prepared to construct a new school-house from Provincial funds and hand it over to the Municipal Council. Pending the construction of the school-house, the new school should, it was said, be held in a rented building and fees should be levied therein at 10 per cent. more than the standard fees laid down in the Educational rules.

3. The Director of Public Instruction now reports that the Municipal Council has agreed to take over the management of the school, but that it raises the objection that, if the school is thrown open to all classes of natives, the better sort among them for whom the school is intended may not send their children to it. The Hon'ble Mr. Logan considers that this objection does not appear to rest upon sufficient

* Under the old rules?

H. D. TAYLOR.

grounds, especially as the levy of fees at 10 per cent. higher than the standard * rates will keep out the "undesirables."

4. The Director accordingly submits proposals for the establishment of the school. It will be an incomplete secondary school, containing, as stated in paragraph 2 of G.O., No. 464, dated 2nd June 1906, classes Infant to IV and Forms I to III. There will thus be eight classes in the school, and in accordance with rule 28 of the new Educational rules the Director of Public Instruction proposes to appoint eight regular teachers excluding the Headmaster. The Director also proposes the appointment of a Drawing master and a Gymnastic Instructor but considers that Pandits are unnecessary for the present. Submitted that these proposals may be accepted.

5. The Director of Public Instruction further states that under rule 23 of the Educational rules the Headmaster should be a Licentiate in Teaching and that the other teachers should hold trained teachers' certificates of a grade not lower than the secondary and that it is also necessary to prescribe a liberal scale of salaries, as living on the hills is much more expensive than on the plains. The Director accordingly proposes the following scale:—

	Rs.
Headmaster	75—5—100
First Assistant	50—2—60
Second do.	45—1—50
Third do.	40—1—45
Fourth do.	35—1—40
Fifth do.	30—1—35
Sixth do.	30—1—35
Seventh do.	25—1—30
Eighth do.	25—1—30
Drawing master	20—1—25
Gymnastic Instructor	10
Poon	
Total ..	415 — 495

The expenditure on account of contingencies, sweeping, scavenging, etc., is estimated at Rs. 10 a month and that on account of rent at Rs. 50 a month. The monthly cost of maintaining the school will thus be Rs. 475 during the first year and may rise to Rs. 555 in the course of five years. It is for consideration whether the above scale may be approved.

6. Besides the above recurring charge the Director estimates an initial outlay of Rs. 750—Rs. 500 for furniture and gymnastic apparatus and Rs. 250 for library and class books and maps.

7. The Director of Public Instruction states that no provision has been made for the maintenance of this school in the Municipal budget now before Government and requests that the amount entered under "Contributions" to Municipalities may be raised by Rs. 6,000. This is a matter for consideration in the Local and Municipal Department.

T.K.—19-3-07.

Please put up the Ootacamund Municipal budget for 1907-1908 (original) and also G.O., No. 227, Educational, dated 8th April 1905.

K. RANGASWAMI AIYANGAR—21-3-07.

A copy of G.O., No. 220 M., dated 2nd February 1901, is put up; the original is not available. G.O., No. 227, Educational, dated 8th April 1905, is a confidential one.

T.K.—22-3-07.

Under the scheme for the management of the trust property known as the Brecks' Memorial School, settled in the notification under the Charitable Endowments Act, 1890, issued under G.O., No. 346, Educational, dated 22nd May 1905, "pro-
vision shall be made by the said Director of Public Instruction for the education of the children of the more respectable native inhabitants of Ootacamund at or in another school or schools in Ootacamund, such education being not less in grade than that at present provided in the Brecks' Memorial School."

2. In G.O., No. 60, Educational, dated 2nd February 1906, the Director of Public Instruction was asked to formulate proposals in communication with the Municipal Council of Ootacamund for the provision of education for the children of the more respectable native inhabitants of the town as required by the above scheme.

3. The Director (Dr. A. G. Bourne) proposed that a new Municipal school should be opened by the Municipal Council of Ootacamund with standards Infant to IV and Forms I to III, and that the Bazaar Municipal school should be amalgamated with it; but as the Council pleaded inability to provide funds for such a school, the Government undertook to relieve the Council of the financial responsibility for a school, if the Council agreed to establish one with standards Infant to IV and Forms I to III. The Government also undertook to construct a new school-house at the cost of Provincial funds and hand it over to the Municipal Council, a suitable building being rented, pending its construction. The Director of Public Instruction was requested to ascertain whether the Municipal Council agreed to the foregoing proposals and, if it did, to settle the details as to the management of the school and to submit them for the approval of Government.

4. The Municipal Council has agreed to take over the management of the proposed school and accepts the conditions specified in paragraph 2 of G.O., No. 464, Educational, dated 2nd July 1906.

5. It is submitted that the proposals now submitted by the Director of Public Instruction may be accepted and the paper transferred to Local and Municipal u.o. for the issue of the necessary orders, as the school will be a Municipal school.

K. RANGASWAMI AIYANGAR—25-3-07.

C. A. SOUTER—26-3-07.

This is an application for raising the budget provision "contribution by Provincial" by Rs. 6,000 and was received on 10th March. It is placed on my table to-day in a very urgent case after the Financial statement has been finally settled, and of course too late for any action to be taken in respect of provision of additional funds, so far as next year's budget is concerned. The cost, such as may be approved, will have to be met by reappropriation. The extreme urgency therefore no longer exists.

2. The Director's letter overlooks the income that is likely to be derived from fees, at least he does not state what that income is likely to be. The Government only contribute the *net* cost after deducting receipts from fees. What that will amount to is perhaps somewhat problematical at present, and the Director of Public Instruction has possibly placed his estimate for 1907-1908 at Rs. 6,000 so as to include initial expenditure.

But it has elementary classes.

G. S. F[ORRES].

3. As this will not be an elementary school the cost cannot be ear-marked against the special grant of Rs. 6 lakhs.

4. The Director of Public Instruction's proposals as to scale of establishment, etc., may be adopted tentatively for one year. The salaries are certainly on a liberal scale, but the conditions of Ootacamund are peculiar.

5. Public Works Department may be asked to prepare an estimate for the building at a very early date in consultation with Director of Public Instruction.

H. D. TAYLOR—26-3-07.

To the Financial Department.

FINANCIAL DEPARTMENT.

G.O., No. 464, Educational, dated 2nd July 1906, in which the Government expressed their willingness to bear from Provincial funds the net expenditure of the Municipal Secondary school at Ootacamund, was not sent to this department for acceptance.

2. Contributions to Municipal funds for educational purposes are debitable to the head 22. I. Miscellaneous. The Director of Public Instruction may be asked to find the necessary funds in the present case from his budget. The proposals in the Educational Department note above may, it is submitted, be accepted.

LOCAL AND MUNICIPAL DEPARTMENT.

As the school in question will be a Municipal school, though the net expenditure involved in its maintenance will be contributed by Government, the proposition statement for the employment of the necessary establishment in the new school will apparently have to be submitted by the Municipal Council. It is therefore submitted that the words “by the Municipal Council of Ootacamund” may be inserted between the words “submitted” and “at an early date” in the last line of paragraph 1 of the draft order. There appears otherwise to be no objection to accept the draft order in this department.

Station Madras, Dated the 9 March 1907.

From (Name) The Hon'ble Mr. T.T. Logan, B.A.,

(Designation) Ag: Director of Public Instruction

Madras.

To the Secretary to the Government of Madras,
Educational Department

Sir,

With reference to the correspondence ending with G.O. No. 464 Educational dated 2nd July 1906 I have the honour to submit the following proposals for the establishment at Ootacamund of an incomplete secondary school with classes Infant to 4 and forms 1 to 3 for the benefit of the children of the more respectable native inhabitants of the town as provided for in the scheme relating to the management of the trust property known as the Breek Memorial School.

2 In the order quoted above Government have expressed their preparedness to relieve the Municipal Council of the financial responsibility of the school by paying them a subsidy from Provincial funds equal to the net cost of its maintenance, if the Council on their part will take up the management of the school. The Municipal Council, it will be observed from the enclosed copies of their resolution and of

the report of the Sub-Committee, have agreed to take over the management of the school but raise the objection that, if it is thrown open to all classes of natives, the better sort among them for whom it is intended may not send their children to it. This objection does not appear to rest upon sufficient grounds, especially as the levy of fees at 10 % higher than the standard rates will keep out the "undesirables".

3 There will be 8 classes in the school and under educational rule 28 there should be 8 regular teachers excluding the Headmaster. As the school is intended for the more respectable native inhabitants of the town and as the fees proposed to be levied will keep out the children of poorer parents I expect that the strength of each class will be extremely small and a regular teacher for each class may therefore be unnecessary. But educational rule 28 makes no exception in such cases. A Drawing master and a Gymnastic instructor are also to be provided for; but Pundits are unnecessary for the present. Again under educational rule 23 the Headmaster should be a Licentiate in Teaching and the other teachers should hold trained teachers' certificates of a grade not lower than the Secondary. It is also necessary to prescribe a liberal scale of salaries as living on the hills is much more expensive than on the plains. The following scale seems suitable and may be approved and recommended to the Council for adoption.

Headmaster	Rs. 75-5-100
1st Assistant	" 50-2-60
2nd Assistant	" 45-1-50
3rd Assistant	" 40-1-45
4th Assistant	" 35-1-40
5th Assistant	" 30-1-35
6th Assistant	" 30-1-35
7th Assistant	" 30-1-35
8th Assistant	" 25-1-30
Drawing master	" 25-1-30
Gymnastic Instructor	" 20-1-25
Peon	" 10-0-10
	<u>415 -495</u>

Para 2 of S.O.
464 - W
2-7-07

4 The monthly cost of the maintenance of the school will thus range from Rs 425 to 505, including a sum of Rs 10 for contingencies, sweeping, scavenging &c. There is besides the rent allowance, say about Rs 50 a month, which will have to be paid until a building is provided by Government and an initial outlay of about Rs 500 for furniture and Gymnastic apparatus and Rs 250 for library and class books and maps.

5 As to the payment of the net cost from Provincial funds it may be done either at the end of each year after a scrutiny of the accounts or half-yearly advance may be made, the checking and final adjustment of accounts being reserved to the end of the year.

6 If the school be opened from 1st April next a sum of Rs 6000/- will have to be provided for the purpose in the budget for next year. As however no provision has been proposed in the budget now before Government I request that the amount entered under "Contributions" to Municipalities may be raised by Rs 6000/-.

I have the honour to be,

S i r ,

Your most obedient servant,

H. H. Ananta Chandra

For Director of Public Instruction.

Proceedings of the Municipal Sub-Committee dated the
15th August 1906.

W
Read letter dated the 31st July 1906 from the Inspector
of Schools, Sixth Circle forwarding copy of G.O. No. 464
Educational dated the 2nd July 1906 regarding the opening of a
new secondary School with standards Infant to Fourth and Forms
I to III &c and enquiring if the Municipal Council agrees to
these proposals and take up the management of the school.

The present cost to the Ootacamund Municipal Council
in maintaining the Bazaar School is approximately Rs 700
annually. The Sub-Committee understand that the Council will be
saved this expenditure by accepting the Government's proposals
vide para 2 of the order. The Sub-Committee consider it
necessary to point out that this new school will not give the
separate accommodation for children of the more respectable
native inhabitants which they formerly had in the Breck's
Memorial School and this the Sub-Committee believe will prevent
these classes from sending their boys to the proposed school.
This opinion was expressed in the Sub-Committee's Proceedings
dated 22nd February 1906 and the Municipal Council endorsed
the same in its resolution No. III. dated 12th March 1906.
This being recognized the Sub-Committee consider that the
generous proposal of Government may be accepted.

[Notes consulted with G.O. No. 260 Ed. 07 3-5-07] 13
EDUCATIONAL DEPARTMENT.

C. No. 586 From the D. P. I. No. 3603, dated 9-3-1907.

SUBJECT.

Establishment of a school for the children of the better classes of natives at Ootacamund.

W
W. p. 8
Please see ~~the~~ G.O. no. 464 Educational ^(D 2.7.06) and the notes therewith.

2. In para 2 of the above order the Govt. expressed their preparedness to relieve the Municipal Council of Ootacamund of the financial responsibility for the school to be established for the children of the better classes of natives, by paying a subsidy from Provincial Funds equal to the net cost of the school, if the Council on its part would agree to establish a Secondary school with classes Infant to IV and Forms I to III. The Govt. also said that they were prepared to construct a new school house from Provincial Funds and hand it over to the Municipal Council. Pending the construction of the school house, the new school should, it was said, be held in a rented building and fees should be levied therein at 10 per cent more than the standard fees laid down in the Educational Rules.

3. The D.P.I. now reports that the Municipal Council has agreed to take over the

management of the school, but that it raises the objection that, if the school is thrown open to all classes of natives, the better sort among them for whom the school is intended may not send their children to it. The Honble Mr. Logan considers that this objection does not appear to rest upon sufficient grounds, especially as the levy of fees at 10 percent higher than the standard rates will keep out the "undesirables".

4. The Director accordingly submits proposals for the establishment of the school. It will be an incomplete secondary school, containing, as stated in para 2 of G.O. no. 464 dated 2nd June 1906, classes Infant to IV and Forms I to III. There will thus be 8 classes in the school and in accordance with rule 28 of the new Educational Rules the D.P.I. proposes to appoint 8 regular teachers including the Headmaster. The Director also proposes the appointment of a Drawing master and a Gymnastic Instructor but considers that Pandits are unnecessary for the present. Submitted that these proposals may be accepted.

5. The D.P.I. further states that under rule 23 of the Educational Rules the Headmaster should be a Licentiate

Page 2 of the current file

Under the old rules?

No.

Para 1 on page 1 of Cf.

D.O.

in Teaching and ^{that} the other teachers should hold trained teachers' certificates of a grade not lower than the Secondary and that it is also necessary to prescribe a liberal scale of salaries, as living on the hills is much more expensive than on the plains. The Director accordingly proposes the following scale:—

Headmaster.	Rs 75-5-100
1 st Assistant	„ 50-2-60
2 nd Do.	„ 45-1-50
3 rd Do.	40-1-45
4 th Do.	35-1-40
5 th Do.	30-1-35
6 th Do.	30-1-35
7 th Do.	30-1-35
8 th Do.	25-1-30
Drawing master	25-1-30
Gymnastic Instructor	20-1-25
Peon -	10- - -
Total Rs 415 - - 495	

The expenditure on account of contingencies, sweeping, scavenging &c, is estimated at Rs 10 a month and that on account of rent at Rs 50 a month.

The monthly cost of maintaining the school will thus be Rs 475 ^{during the first year and may} ~~rising by Rs 16 annually~~ ^{in the course of five years.} It is for consideration whether the above scale may be approved.

b. Besides the above recurring

Rs 5,700 p.a.

Rs 6,660 p.a.

by the said Director of Public Instruction
for the education of the children of the
more respectable native inhabitants
of Ootacamund at or in another school
or schools at in Ootacamund, such edu-
cation being not less in grade than that
at present provided in the Breeke's Memorial
School."

Z

2. In G.O. no. 60 Sol., dated 2nd February
1906, the D.P.S. was asked to formulate
proposals in communication with the
Municipal Council of Ootacamund for
the provision of Education for the children
of the more respectable native inhabitants
of the town as required by the above scheme.

3. The Director (Dr. A.G. Bowring)
proposed that a new Municipal School
should be opened by the municipal Council
with standards Infant to Fourth and Forms I to III
of Ootacamund and that the Bazaar
Municipal School should be amalgamated
with it; but as the Council pleaded inability
to provide funds for such a school, the
Govt undertook to relieve the Council
of the financial responsibility for a
school, if the Council agreed to establish
a school one with ~~Class~~ Standards Infant
to Fourth and Forms I to III. ^{The Govt also undertook} to construct
a new school-house at the cost of Provincial
Funds

Funds and hand it over to the Municipal Council, a suitable ~~rented~~ building being rented pending its construction. The D.P.S. was requested to ascertain whether the Municipal Council agreed to the foregoing proposals and if it did, to settle the details as to the Management of the School and to submit them for the approval of Govt.

4. The Municipal Council has agreed to take over the management of the proposed School and accepts the Conditions specified in para. 2 of go. no. 464 Vol. dated 2nd July 1906.

5. It is submitted that the proposals now submitted by the D.P.S. may be accepted and the papers transferred to Local Municipal for the issue of the necessary orders, as the School will be a Municipal School.

W

provision of add. funds, so far as next year's Budget is concerned. The cost, such as may be approved, will have to be met ~~from~~ by reappropriation. The scheme implies therefore no longer exist.

2. The Director's letter overlooks the income that is likely to be derived from fees - at least he does not state what that income is likely to be. The Govt. only contribute the net cost, after deducting receipts from fees. What that will amount to is perhaps somewhat problematical at present, - the D.P.D. has possibly placed his estimate for 1907-8 at R6000 so as to include initial expenditure

3. As this will not be an elementary school the cost cannot be earned against the special fund of R60000.

4. The D.P.D.'s proposal on a scale of staff: etc may be adopted tentatively for one year. The salaries are certainly on a liberal scale, but the conditions of Botswana are peculiar

5. D.P.D. may be asked to prepare an estimate for the building at a very early date in consultation with D.P.D.

But it has

G.O., No. 464 Educational, dated 2-7-06 in which the Govt. expressed their willingness to bear from Provincial funds the net expenditure of the Municipal Secondary School at Ootacamund, was not sent to this department for acceptance.

2. Contributions to Municipal funds for Educational purposes are debitable to the head 22 I Miscellaneous. The Director of Public Instruction may be asked to find the necessary funds in the present case from his budget. The proposals in the Educational department note on page 7 supra may, it is submitted, be accepted.

I agree.
(With reference to the
Secy's remark in para 3 of
his note of 26/3 supra, as
to the six lakh grant, I
think the Educat. Sect. are
~~too~~ prone to take too restricted
a view of the six lakh grant.
That grant may in my
view be applied to the aid
of elementary education
wherever given. No question
however at present arises
on the point.)

C. no. 480

para-2 of ^W 484
27/10/06

As the school in question will be
a munl. school, though the net ex-
penditure involved in its maintenance
will be contributed by Govt., the proposi-
tion statement for the employment
of the necessary establishment in
the new school will apparently have
to be submitted by the Munl. Council.
It is therefore submitted that the words
"by the munl Council of Dobaramund"
to may be inserted ~~after~~ between the
words "submitted" and "at an early
date" in the last line of para. 1 of the
draft order. There appears otherwise
to be no objection to accept the draft
order in this Department.
