M a d r a s.

To the Secretary to the Government of Madras,
Educational Department

Sir,

With reference to G.O. No. 583 Educational dated 20th September 1904 sanctioning under certain conditions a grant of Rs 10,000/- in aid of the building constructed for St. Ebba's Girls' School at the Sullivan's gardens I have the honour to state that the Manager has reported that although it has been found by the Committee impossible to fulfil all the conditions required in the order quoted above the ventilation in the dormitory has been greatly improved. I recommend that another inspection by the Sanitary Commissioner may be ordered in order to determine whether the whole or at any rate a portion of the grant may now be sanctioned in view of the very large expenditure incurred by the management on the building and of the efforts made by them to meet-so far as seemed to them possible-the requirements of Government.

2 The Manager reports that a latrine on a European model is not provided for the school servants; and begs that

this may not be insisted on.

3 A copy of the Manager's letter of the 17th November 1906 and the plans and estimates received with the above quoted G.O. are submitted for reference . There has been some delay in dealing with the matter owing to correspondence relating to the return of the plans required for reference.

I have the honour to be,

S i r ,

Your most obedient servant,

Arthur Mayhew 22-4-7

For Director of Public Instruction.

Copy of a letter from G.H. Smith Esquire Secretary M.D.C. and S.P.G. Sullivan's Gardens, Madras dated 17th November 1906 No. 780.

With reference to your Proceedings /No. 5237of 02/ dated 3rd May 1906 I have been directed by my committee to point out that the ventilation in the dormitory of St. Ebba's School has been greatly improved and to inquire whether under the circumstances another inspection by the Sanitary Officer can be arranged for with a view to the sanction of the application for a building grant.

The Committee supposes that the Educational authorities will not insist upon a latrine on a European model being provided for the school servants; such a requirement being nowhere laid down in the Educational Rules.
