Letter—from the Hon'ble Mr. T. T. LOGAN, B.A., Acting Director of Public Instruction.

To—the Secretary to Government, Educational Department.

Dated—the 26th April 1907.

No.—Ref. on Cur. 1831.

I have the honour to point out that I am informed by some inspecting officers that the present Fee Regulations (chapter VI of the Madras Educational Rules), are likely to have a disastrous effect on the attendance of a large number of elementary schools under public management. It has been represented to me that the fees now prescribed for elementary schools with fourth standards are in some cases higher than the fees levied before publication of the rules and that the practice allowed under the former rules of reducing or remitting fees in very backward localities or in places where the season has been bad or prices high is no longer possible without special sanction of Government.

It is possible that Government will not be disposed to alter the present rules without further trial of their effects. At the same time it would be most undesirable that attendance in these schools should suffer on account of Fee Regulations at a time when the question of free elementary education is under consideration. I recommend, therefore, that rule 84 (ii) of the Madras Educational Rules should be amended to read as follows :—

“In schools . . . . . fees should ordinarily be levied at the following monthly rates. . . . . But these rates may be modified by the managing bodies concerned with reference to local circumstances after consultation with the Inspector of Schools of the Circle ”

If this amendment is not approved, I request that I may at least be given discretion to exempt certain schools or classes of schools from these Fee Regulations, without a reference to Government, where such exemption seems to me desirable in the interests of education.

## Order—No. 332, Educational, dated 31st May 1907.

The recommendation of the Director of Public Instruction is accepted. Rule 84 (ii) of the Educational Rules will then run as follows as now amended :—

“In schools containing a fourth standard, fees shall ordinarily be levied at the following monthly rates :—

|                   |    |    |    |    |    | Boys. |    |    | Girls. |    |    |

“ Provided that the foregoing rates may be modified by the managing bodies concerned with reference to local circumstances after consultation with the Inspector of Schools of the Circle.

“ Provided also that fees at half the rates prescribed above may be levied from Muhammadan and Uriya boys and that Panchamas and pupils belonging to the castes or classes which have been declared by the Government to be backward may be admitted into schools intended for them without payment of fees.

NOTES CONNECTED WITH G.O., No. 332, EDUCATIONAL, DATED  
31st MAY 1907.

*Previous papers.*

G.O., No. 509, Educational, dated 31st July 1906.  
 „ „ 186 „ „ 28th March 1907.

*From the Director of Public Instruction, dated 26th April 1907, No. 1831.*

Before the 1st January 1907, the levy of fees in what were known as Vernacular schools was optional. These schools are now classed as elementary schools and from the 1st January 1907 the new rules in regard to the levy of fees in elementary schools came into force—*vide* paragraph 12 of G.O., No. 509, Educational, dated 31st July 1906.

2. Under the new rules the levy of fees in elementary schools under private management is optional. But in elementary schools under public management a system of fees has been introduced: in schools with only the infant standard and standards I to III no compulsory scale of fees has been laid down—*vide* rule 84 (i); but in schools with a fourth standard a compulsory scale of fees has been laid down—*vide* rule 84 (ii).

3. The Director of Public Instruction (the Hon'ble Mr. Logan) now reports that it has been represented to him that the fees now prescribed for elementary schools with the fourth standard are in some cases higher than the fees levied before the publication of the new Educational Rules, and that the practice allowed under the former rules of reducing or remitting fees in very backward localities or in places where the parents are poor, cannot be continued. Educational authorities can hardly decide this point.

special sanction of Government. Hence the Director is informed by some inspecting officers that the present Fee Regulations are likely to have a disastrous effect on the attendance of a large number of elementary schools under public management.

4. The Director thinks it is possible that Government will not be disposed to alter the present rules without further trial of their effects, but at the same time he considers that it would be most undesirable that attendance in these schools should suffer on account of the Fee Regulations at a time when the question of free elementary education is under consideration. He recommends therefore that rule 84 (ii) of the Madras Educational Rules may be amended.

runs—

"In schools containing a fourth standard fees shall be levied at the following monthly rates :—

"In schools containing a fourth standard fees should ordinarily be levied at the following monthly rates:—

| " 7th do.         | .. | .. | .. | .. | .. |       |    |    |        |    |    |

"But these rates may be modified by the managing bodies concerned with reference to local circumstances after consultation with the Inspector of Schools of the Circle."

7. If the above amendment is not accepted by Government, the Director requests that he may at least be given discretion to exempt certain schools or classes of schools from the Fee Regulations, without making a reference to Government, where such exemption seems to him desirable in the interests of education.

8. It is for consideration whether the amendment of rule 84 (ii) proposed by the Director of Public Instruction may be accepted, or whether he may be given discretionary power to exempt any schools or classes of schools from the operation of rule 84 (ii).

T. KANAKASUNDARAM PILLAI—11-5-07.

As at A.

C. A. SOUTER—13-5-07.

The proposal to vest discretion in the Director of Public Instruction as at A may be approved. The concession will apply only to schools under *private* management and not to Municipal or Board schools. The Director of Public Instruction may be trusted to see that any modification in the scale does not lead to unfair competition.

But I do not think that the Director of Public Instruction should exercise this power, without reference to Government, merely in cases in which the season is alleged to be bad. Educational officers cannot judge on this point.

H. D. TAYLOR—14-5-07.

Submitted with respect that the statement at B does not seem correct. In schools under private management the levy of fees is optional. The Director of

Yes.

H. D. TAYLOR.

Public Instruction refers to rule 84 (ii) and this, under the heading of the chapter, applies only to schools under public management.

C. A. SOUTER—15-5-07.

Under section 122 (i), District Municipalities Act, the Municipal Council shall comply with the Educational Rules in regard to fees; and under section 119 they can, with the sanction of Government, exempt schools for special classes in whole or in part from payment of fees.

If the power is to be delegated in these cases to the Director of Public Instruction, formal orders should issue under section 288 of the District Municipalities Act.

2. There is no similar provision in the Local Boards Act.

The power might perhaps be given to the Director of Public Instruction in respect of Government schools, and in the case of Board schools he might be given the power on the recommendation of local bodies; but these exemptions should not, I think, be temporary or vary with the season.

H. D. TAYLOR—16-5-07.

The rules, which are now 84 (i) and 84 (ii), were discussed at great length in the K.W. to G.O., No. 509, Educational, dated 31st July 1906, pages 36—40 and 116—117.

On the whole I am prepared to accept the Director of Public Instruction's amendment of rule 84 (ii). The amendment perhaps better run—

[84] (ii). In schools . . . fourth standard fees shall ordinarily be levied . . . rate:—

"Proviso (a).—The foregoing rates may be modified by . . . Circle.

"Proviso (b).—Fees at half the rates prescribed above may be levied from "Muhammadan . . ."

In the case of Government schools the Inspector of the Circle subject to the general control of the Director of Public Instruction, may similarly modify the rates.

of reducing or remitting fees in very backward localities or in places where the season has been bad or prices high is no longer possible without the special sanction of Government. Hence the Director is informed by some inspecting officers that the present Fee Regulations are likely to have a disastrous effect on the attendance of a large number of elementary schools under Public Management.

The Director thinks it is possible that Government will not be disposed to alter the present rules without further trial of their effects but at the same time he considers that it would be most undesirable that attendance in these schools should suffer on account of the Fee Regulations at a time when the question of free elementary education is under consideration. He recommends therefore that Rule 84(ii) of the Madras Educational Rules may be amended.

" But these rates may be modified by the managing bodies concerned with reference to local circumstances after consultation with the Inspector of Schools of the Circle."

7. If the above amendment is not accepted by Government, the Director requests that he may at least be given discretion to exempt certain schools or classes of schools from the Fee Regulations, without making a reference to Government, where such exemption seems to him desirable in the interests of education.

8. It is for consideration whether the amendment of Rule 34(ii) proposed by the Director of Public Instruction may be accepted or <sup>whether</sup> he may be given discretionary power to exempt any schools or classes of schools from the operation of Rule 34(ii).

A useful note! No reference whatever is made to the discussion of the rule in the 7th. 11-5-07

See. As at A.  
Chs

The D.D.'s reference is  
to schools under  
Public Manag. B  
§ 7.

6 4  
The proposal to vest discretion in D.P.D. as at A  
may be approved. The criterion will apply  
only to schools under private Management  
and not to Municipal or Board Schools. The D.P.D.  
may be invited to see that any modification  
in the scale does not lead to unfair  
competition.

But I don't think that D.P.D. should exercise  
this power, without reference to Govt.  
merely in cases in which the reason is  
alleged to be bad. Educational officers  
cannot judge on this point.

Sec.

Sube with respect that the statement  
at B does not seem correct. In schools  
under private management the levy  
of fees is optional. The D.P.D. refers  
to rule 64 (ii) & this, under the heading  
of the Chapter, applies only to schools  
under Public management.

a sum of school for special classes, in whole or in part for payment of fees.

1. If the power is to be delegated in these cases to D.P.D., formal order should issue under sec 288 of the D. P. Act.

2. There is no similar provision in the Local Board Act.

The power might perhaps be given to the D.P.D. in respect of Govt. schools, and in the case of Board schools, he might be given the power or the recommendation of Local Bodies. - but these exceptions should not be temporary or vary with the season.

The rules which are now 82(i) & 82(ii) were discussed at great length in the Rev. to p. 31/7/06 No 509 Q pp 36-40 & 116-117.

On the whole I am prepared to accept the D.P.D.'s amendment of rule 84(ii) - "~~fees shall ordinarily be levied~~ - But these rates be the amt. perhaps better run [84(ii)] in schools... & ~~that~~ fees shall ordinarily be levied... rates:-
