STATEMENT OF THE OBJECT, AND AN APPEAL IN BEHALF OF THE CIVIL ORPHAN ASYLUMS.

THE MADRAS CIVIL ORPHAN ASYLUMS were founded ninety-nine years ago for the gratuitous education, board and lodging of the orphans of Europeans and their descendants, who are not eligible for admission into the Military Asylums in the Presidency. They have thus stood the test of time, and continue to retain public confidence.

It is no easy task to feed, clothe, and educate one hundred and fifty orphans. It is a still more difficult matter to successfully launch out in life these children, educated up to the Lower Secondary Standard, to make their way through the ever-increasing crowd of better educated competitors.

The necessity, character and scope of the work done in these Institutions are well known to the general public in Madras, and the help received is practically confined to the residents in this city. But all orphans throughout the Presidency are eligible for admission. This fact, it may be assumed, is generally known throughout the Mofussil, from the applications which are made from various stations for the admission of orphans; but the Directors regret that the claim *resulting from this fact*, upon persons residing in the Mofussil, for some contribution towards the support of these Institutions, does not appear to be so generally recognized.

These Institutions are managed in an admirable manner by a particularly strong Directorate, who are elected by the subscribers.

The Bishop of the Diocese is the President, the Archdeacon is the Vice-President, and the rest of the Clergy of the Church of England are *ex-officio* Patrons of these Institutions. Though the religious instruction imparted here is in accordance with the tenets of the Church of England, destitute orphans of all denominations are admitted.

The Directors, therefore, earnestly request the Clergy in the Presidency and Mofussil, either to make regular periodical collections in their Churches in behalf of the Asylums, or else to circulate this appeal, together with the accompanying report, among the European and Eurasian residents at their stations, who are particularly invited to come forward and contribute, according to their means, towards the support of Institutions which provide such efficient relief for the destitute and distressed members of their own community.

REPORT OF THE Madras Civil Orphan Asylums AND St. MARY'S CHURCH CHARITY SCHOOL FOR 1906.

The Directors have the pleasure to place before the subscribers and friends of these Institutions a brief report of the operations of the Asylums during the year ended December 31st 1906.

Directorate.

The following changes occurred on the Directorate :—

Mr. D. A. McCready, Government Director, resigned, owing to ill health, and Colonel W. H. Lowry was appointed in his stead.

The Hon'ble Mr. A. E. Castle Stuart and Mr. J. M. Young resigned their seats on the Direction.

Education.

There were some changes in connection with the Teaching Staff, particulars of which will be found in the Garrison Chaplain's Report. Appendix A.

Finance.

RECEIPTS. The receipts during the year amounted to Rs. 39,098, being Rs. 8,300 more than the income during 1905. This increase was mainly due to enhanced grants from Government under the provisions of the new Code. The Directors desire to express their thanks to Government for the substantial aid afforded, which enables them not only to improve the pay and prospects of the Teaching Staff and thus promote the efficiency of the School, but also to add a little to the comfort of the Orphans entrusted to their care.

A sum of Rs. 631-2-0 was bequeathed to the Asylums by the late Mr. C. E. McKenzie of Bangalore. It was resolved to add this amount to the invested funds, and Government paper of the value of Rs. 600 was purchased.

The Directors are pleased to note a marked increase in the amount of subscriptions and donations received during the year. The financial support, and the assistance given in other directions, are evidences of the growing interest taken by the general public of the Presidency town and the Mofussil in these well-known Institutions, which for nearly a century have done so much to relieve the destitute and distressed members of the European and Eurasian community.

EXPENDITURE. The total expenditure during the year under report was Rs. 36,039. Compared with the previous year, there was a general increase under all heads.

The average number of children maintained during the year was 168, and the cost per head, inclusive of all charges, Rs. 17-0-8.

The Directors regret to have to report that the Asylums sustained a loss of about Rs. 5,000 through the failure of Messrs. Arbuthnot and Co. At the time the firm suspended payment, there was to the credit of the Asylums Rs. 838-7-4 in the General Account, Rs. 3,214-9-11 in No. 2 Account, and Rs. 1,583-0-9 in fixed deposits for the Teachers' Retiring Fund. The final adjustment showed that a sum of Rs. 683-4-0 was charged as commission on surrender of Securities, leaving a balance of Rs. 4,952-14-0 which has been carried to Suspense Account. [The Official Assignee maintains that Surrender Fee is a legitimate charge and cannot be refunded].

The Asylums' accounts and securities have been transferred to the Bank of Madras, and it was through the courteous help of the Bank that the Directors were able to tide over the temporary difficulty caused by the above mentioned loss.

The total value of the Securities now held by the Asylums is Rs. 2,73,300 producing an annual income of Rs. 11,257-8-0. A list of the securities is appended to the Report.

The following is a comparative statement of the receipts and expenditure for the last two years:—

General.

Cricket and Football received every attention, Inter Company Matches being organised. The greatest keenness is shewn by the boys in Physical culture, and many of them attend the voluntary Gymnastic class, with good results. The Male Asylum Gardens have been specially attended to. Vegetable and Flower gardens, sown with seed given by Mr. Geo. Hodson, Bangalore, are looking well after the rains.

Swimming is still a very popular pastime; the number of boys unable to swim is very small and many of the senior lads are expert swimmers.

Competition between the Companies in respect to the condition of their cutlery and table utensils has been very keen. The boys entered heartily into the scheme, 'C' Company winning the prize for 1906.

The boys were inspected in Drill by Colonel W. H. Lowry, who awarded the Silver Medal and Company Prize to 'C' Company and added another prize for the second Company.

A Recreation Club has been started in the Girls' School, to enable the children to take an interest in games provided for them; at present, Badminton and Croquet are the only games available, but Tennis has been suggested.

The Girls take a keen interest in swimming—many of them being fair swimmers.

Conclusion.

The Directors tender their best thanks to all donors and subscribers towards the funds of this Institution, to the Garrison Chaplain, the Honorary Secretary to the Ladies' Committee, the Honorary Secretary, Treasurer and Auditor, who have ungrudgingly given so much of their valuable time during the year in the furtherance of the welfare of these Asylums.

(By order)

W. D. ST. LEGER,
Honorary Secretary.

APPENDIX A.

The Garrison Chaplain's Report.

On April 24th, 1906, I took over charge from the Rev. Canon Malden, who had given his best time and energy to the religious, educational and moral well-being of the Asylums for the past five years. My first thought was to carry things on as far as possible, as they had previously been worked; and this I have tried to do.

Since I have been in charge, I have had the most willing co-operation of the Honorary Secretary, and the Treasurer; and my thanks are given to both these gentlemen, for the assistance they have given me. The staff have done their work energetically and cheerfully; and the Report of the Institution (in School, in the Dormitories and in the Play-ground), given by the Inspector is largely due to them.

Turning to details, let me draw attention first of all to the staff. Last year Canon Malden noticed two points:—First, the difficulty of obtaining male teachers educated and trained in this country; especially with regard to the salaries we can afford to pay. This difficulty still exists, and the notice of the Honorary Secretary was drawn to it; so he applied for extra grants, under the new Educational Code for European schools. An extra grant for an additional male teacher has been given; advertisements were issued, and only two applications were received, one being quite useless, and the other a Pensioned Army Schoolmaster aged 61; this latter, Mr. J. Renny, was appointed in February. Secondly, Canon Malden called attention to the need for a Superintending Mistress in the Female Asylum. Educational requirements necessitate the Headmistress being young, and well abreast of the times in teaching power. An older Lady was required to superintend the large female establishment; be responsible for the well-being of all; and to mother the girls. A special grant

has been given for such a Lady; but the post is a most responsible one; not lightly to be filled up; and therefore I forbore to advertize; hoping privately to hear of some-one capable for, and willing to undertake, the post. This I was fortunately able to do, and Mrs. A. E. Drinkwater took over charge in February. The past few months have seen the introduction of the new European Code, under which extra Grants have been received; given for a double purpose:—(a) for the better payment of the teachers, and (b) for the efficiency of the school. We have therefore been able to leaven up the salaries of those teachers, who were underpaid; and also to strengthen the staff, and procure teaching materials which were badly wanted.

In the staff itself there have been a few changes.

Mr. Daniels, Gymnastic Instructor and Sergeant, resigned, and Mr. Horne was appointed in his place.

Corpl. Knight of the 2nd Suffolks, Bandmaster, went away with his Regiment, and Bandmaster Conolly of the Madras Railway Volunteers was appointed.

Miss Tims left to be married, and Miss C. Turnbull succeeded her.

Miss Anderson, after many years both in this and the Military Female Orphan Asylum, resigned for family reasons; and Miss Hogg has been appointed to replace her.

Miss E. Tims, Pupil Teacher, has also resigned so as to continue her own studies; and her work is carried on by two of the senior girls.

Last year there was a large exodus of the elder girls; and this year a large number of the elder boys have left. The majority of them have been employed at once on salaries which are sufficient to keep them; but two or three have not been able to secure such pay at once; and the Directors in those cases, have made it up to a sufficient sum to cover their boarding expenses.

The Inspector of European Schools paid his Annual Inspection visit early in December. The following is his General Report:—

“The school has made very satisfactory advance from a scholastic point of view since my last inspection, and I think there are grounds for anticipating further steady improvement.

The domestic arrangements are very good. The children sleep in the same rooms as are used in the day time for school rooms; however the rooms are very large and airy and they change their clothes for sleeping.

Excellent features of the Institution are—the Museum, mostly of natural history specimens collected by the boys—the garden in which the boys work—and the swimming bath.”

This is an excellent report; and indeed could not be better. Besides the Annual Inspection, the usual School Examinations have been held in May and December in all subjects.

In the Diocesan Prayer Book Examination, all the children taught were sent in. 12 children appeared for the Intermediate, three of whom obtained certificates of Merit, and nine Pass certificates; 13 appeared for the Elementary, of whom one obtained the bronze medal being second in the whole Diocese; one a Book Prize, being 5th; five received certificates of Merit; five Pass certificates; and one failed.

In December, Rev. H. Pegg, Incumbent of Christ Church, again helped in examining the school in Religion; and Rev. C. E. Sell, Chaplain of South George Town, also assisted. Appended, is Mr. Pegg's valuable Report, pointing out certain deficiencies in the teaching, which are being attended to.

Prayers are read in the School Chapel by the Headmaster every Morning and Evening; whilst on Saturdays I always hold Evensong myself, giving the children a simple address. On Sunday morning, I hold a Catechism Service, except on the 3rd Sunday of the month, when there is a celebration of the Holy Communion. One remarkable feature of the Male Asylum, is the attention which is given to outdoor sports; cricket, hockey, football, swimming, drill and gymnastics. The result of this is seen at once in the robust frames of the

boys. Thus we are trying to educate them spirit, soul and body; and the boys who have been turned out this year, will I feel sure, do credit to their school. I should like to see more energy on the female side in the same direction. I am sure that there is great scope for improvement and development among the girls. They are good girls, learn their lessons well, and are diligent in their sewing; but they are lax in out-door games. I think that what they want is an energetic young lady, who will interest herself in them, and join with them in their games.

May God's Blessing be on the good and useful work which is being carried on in His Name.

WALTER G. BARRY,
Garrison Chaplain.

Report on Examination in Bible Knowledge. Xmas 1906.

I examined the school in general Bible knowledge on December 12th, 1906. The text book used is "The Bible in a year" by the Rev. Canon Malden. The Book is evidently taught thoroughly, and any question directly dealt with in it is readily answered by the children. But I might say that the idea of the book appears to be somewhat missed, that is, to give the children an intelligent grasp of the whole Bible, as distinct from any particular part of it. The lessons seem to be taught in water-tight compartments and the children are not able to co-ordinate knowledge which is otherwise most thoroughly imparted. A question which involves the putting together of two facts from different parts of the book only confuses them. What appears to be needed is constant recapitulation, and care in supplying the connecting links between the lessons.

The New Testament is not known so well as the Old. This may be accounted for by the New Testament lessons possibly being hurried through towards the end of the year.

A paper set for the higher forms was on the whole well done, though characterized by the same faults as those noted above.

17th December 1906.

HERBERT PEGG.

APPENDIX B.

Annual Medical Report of the Civil Orphan Asylums, Madras, for the year 1906.

I.—GENERAL HEALTH.

The health on the whole has been good. Chicken Pox in a mild epidemic form prevailed in February and March and Respiratory Affections were more common during the rainy months.

There were 288 admissions into Hospital against 414 in 1905 and 159 in 1904. The diseases treated in their order of frequency were Fevers 93, Skin diseases 73, Respiratory Affections 29, Eye Affections 22, Local Injuries 20, Chicken Pox 15, Digestive disorders 12 and other complaints 24.

II.—DEATHS.—Nil.

III.—DIETS.

No changes in dieting. Fish was temporarily stopped during the prevalence of Cholera. The articles supplied on the whole were good.

IV.—CONSERVANCY AND BATHING.—Efficient.

V.—EPIDEMICS.

Fifteen cases of Chicken Pox and one of Measles were admitted, against 70 and 85 respectively the previous year.

VI.—HOSPITAL BUILDINGS.

With the exception of petty repairs nothing has been done to the main building. The boys' contagious sheds are under repair and nearing completion. The girls' contagious shed, under consideration of construction last year, was built and handed over for

use in April. The following articles of furniture were supplied for both sheds, *viz.*, 6 benches, 3 teapots and 3 suspending lanterns.

VII.—Cost of Medicines. Rs. 186-2-8.

VIII.—The Nurse has worked well and given satisfaction.

IX.—STAFF.

Civil Apothecary F. W. Harris was in Sub-charge till 15th April and Civil Apothecary H. Wale since then. They have both worked very well and taken a great interest in the children.

X.—GENERAL REMARKS.

To save pollution of drinking water by the children in Hospital two galvanised receptacles with taps were supplied and also some crockery.

One in-patient and one out-patient were sent to the General Hospital for special observation and treatment. The girl was re-admitted and discharged, cured.

Four children were sent to the Government Ophthalmic Hospital to have their eyes examined. They were all admitted and kept under observation and treatment. One of these underwent an operation and three were prescribed glasses.

The percentage of cases sent to the General Hospital was 59.

The average daily stay in Hospital was 6.35 against 10.64 the previous year. Owing to the arduous duties of the Nurse and her stay of four years in the appointment, the Directors were pleased to increase her salary from Rs. 25 to 30. As no suitable quarters were provided for the residence of the Subordinate Medical Officer, a carriage allowance of Rs. 30 was sanctioned with effect from 1st January 1907.

R. H. ELLIOT,
Major, I. M. S.,
In Medical Charge, C. O. A.

Please see para. 1. of Schedule II on page 7 of
 GO 212 D. D. 5th April 04. The C.O.A. are
 permitted to use the land & buildings of the
 old M. F. O.A., which are held in trust by the
 Treasure of Charitable Endowts. There appears
 to be some difficulty in getting the full
 complement of girls, as parent prefers to

wait for the clause of admision to the
Lawrence Ogden

2 The present grant to Lowell entirely
independent of this trust - depends
neither on the amount of private subscriptions
reaching R 3000 in each year.
The receipts from private subscriptions
for 1906 amounted to R 3924. 8. 11.
