D.O. NO.29(1)-C/586

Superintendent,
Archaeological Survey of India,
Southern Circle, Mylapore,
Madras, Dated 18th May 1945.

Dear Mr. Coorey,

Subject: Archaeology - List of protected monuments under the Ancient Monuments Preservation Act - Printing - Orders.

In drawing your kind attention to your Department G.O. MS. No. 115 Edn., dated 21st January 1945, I wonder if it will be possible for you to arrange for enhancing the number of copies to be printed to meet our minimum requirements.

I saw the President of the Hindu Religious Endowments Board yesterday (17-5-45) on the question of protection of the most typical temples in the Board's control and showed him the proof of the list of our protected ancient monuments that is being printed at the Madras Government Press. He said that at least 20 copies would be required for circulation in the 24 districts or so under the control of the Board. I presume that a similar number would be required for the use of the Collectors of the various districts. We have also to leave with the University authorities a few copies. The Director of Public Instruction (the late Sir Meverel Statham) whom I contacted when the list was under preparation, suggested that his educational Inspectorate would, if provided with copies of the list, be able to help the Archaeological Survey in drawing up a list of monuments, temples and the like not noticed in the list.

I believe I have sufficiently convinced both you and Sir Thomas Austin about the very good use that the Hindu Religious Endowments Board and the Education Department can make of the list under consideration, the former in the direction of bringing in more temples

for protection, and the latter other monuments and antiquities for the same purpose. It has also been my experience that some of the District Collectors evince interest in the subject of Archaeology, and this may be utilised to our advantage before they retire or get transferred, for which the list will be handy.

Considering these requirements, may I trouble you to revise the number of copies to be printed from 50 to at least 120 (inclusive of the 16 copies proposed for sale).

The letter-press of the list is now in the stage of striking, and it is therefore requested that the matter may receive your urgent attention.

Yours sincerely,

J. Ramachandra

Dear Mr.Ramachandran,

List of protected monuments under the Ancient Monuments Preservation Act - Printing - Increase in the number of copies.

Ref:- Your D.O.No.29(1)-C/586 dated 18-5-45.

I am to say that it is doubtful if the Govt. will agree to print more than the 50 copies sanctioned in G.O.115 Edn., dated 25-1-45. They consider that it will be sufficient if Collectors, Officers of the Education department etc., are supplied with portions relating to the district with which they are concerned. The S.G.P. reports that the list can be printed separately for each district. In the circumstances, I am to ask if it will not be sufficient to print

copies only, Some of the 16 copies ordered to be kept for stock and
the printed district-war ~~may be utilised~~ being for distribution
Collectors etc. If necessary, half a dozen additional
copies may be printed for the purpose.

I am to ask for an early reply as the S.G.P. has been
ked not to strike copies until further orders.

Dear Mr. Coorey,

Subject:- Archaeology - List of protected monuments under the Ancient Monuments Preservation Act - Printing - Orders.

This is in continuation of my D.O.letter No. 29(1)-C/586, dated the 18th May 1945, for which I am awaiting an early reply.

The list under consideration needs a preface, and Dr. Wheeler, the Director General of Archaeology in India, whom I met at Pondicherry recently, has contributed it (copy enclosed for your kind information). I am sending a copy of it to the Superintendent, Government Press, direct for action. I shall be thankful indeed if you can kindly intimate your approval.

Thanking you,

Preface

This list covers monuments protected up to date in 25 districts of the Madras Presidency and in the Province of Coorg under the provisions of the Ancient Monuments Preservation Act of 1904 (as modified up to the 1st January, 1933). The details given are meant to make it useful not only to the general visitor but also to the officials who are concerned directly or indirectly with the monuments. Such are the Revenue authorities of the Government of Madras in charge of the various Districts wherein the monuments are located, the Hindu Religious Endowments Board which controls the management of most of the temples in the Presidency, and the Public Works Department of the local Government, which is at present helping the Archaeological Survey of India as its agent in the conservation of the monuments. It is also believed that with the aid of this schedule the Hindu Religious Endowments Board can help in drawing up a list of typical temples that are worth protecting, while the Department of Education of the local Government can be expected to help the Archaeological Survey of India in its task of drawing up an exhaustive lis of monuments and other antiquarian remains in the Presidenc These outside authorities can also bring to the notice of t Archaeological Department the present condition of the monu protected.

Readily recognising the potential utility of this list. Sir Thomas Austin, K.C.I.E., Adviser to H.E. the Governor of Madras, kindly arranged for its being printed by the Governm of Madras, an act for which our thanks are especially due.

25th May 1945.

Dear Mr.Coorey,

List of protected monuments under the Ancient Monuments Preservation Act - Printing - increase in the number of copies.

I am much obliged to you for your D.O.letter No. 22782-C/45-2-Edn., dated the 6th instant, regarding the printing of the list of Protected Monuments. I am afraid I must reiterate my request preferred in my D.O.letter No. 29(1)-C/586, dated the 18th May 1945. Rao Bahadur T.M.Chinniah Pillay, President of the Hindu Religious Endowments Board definitely wants at-least 20 copies, and this is absolutely necessary considering the advantageous position which the Board occupies not only in the matter of controlling temples but also for drawing up a satisfactory list of possible temples and monuments not noticed already but worth protection.

On receipt of your letter under reply I considered the question of the extra paper and labour involved. I understand that approximately 2 reams of paper costing about Rs 15/- plus extra striking and binding charges (worth about Rs 5 in terms of money) is all that would be required.

I shall be happy to discuss this further with you to-morrow evening at 5 P.M when we meet at the Madras Museum.

Yours sincerely,

Dear Mr. Coorey,

Sub:-- List of protected monuments under the Ancient Monuments Preservation Act - Printing - Increase in the number of copies.

This is in continuation of my letter No. ~~29)1)~~ 29(1)-C/667 dated 8-6-45.

As orally arranged at yesterday's meeting, I agree to your suggestion to get printed district -war the sixteen copies or more that was originally ordered for stock and sale. My only anxiety is that in addition to the 20 copies to be left with the Hindu Religious Endowments Board, requisite number of copies must also be available for the use of District Collectors, and the District Educational Officers who, as we agreed, may be supplied with portions relating to their respective districts or jurisdictions.

I am also happy to accept your suggestion to get half a dozen additional copies printed of the total list, as the President, H.R.E. Board, the Director of Public Instruction and other concerned heads of departments may have to be supplied with full lists.

Thanking you,

Yours sincerely,

C.No.22782, From the Supdt., Archaeological Survey of India, D.O.No.29(1)-C/586 dated 18-5-45.

Archaeology - List of protected monuments under the Ancient Monuments Preservation Act - Printing - Increase in the number of copies.

In G.O.No.115 Edn., dated 25-1-45 the Govt. sanctioned the printing at the Govt. Press, Madras, of 50 copies of the list of Ancient Monuments prepared by the Supdt., Archaeological Survey of India, Southern Circle. The Supdt. now requests that at least 70 additional copies may be printed for supply as follows:-

President, H.R.E.Board ...	20 copies.
Collectors	20 "
University Authorities & Deptt. of Education (Inspectorate)	30 copies.

2. When the question of printing the list was considered Finance objected to its being done at the cost of this Govt. in the Govt. Press, Madras, as it is a Central Government matter. The objection was dropped later, on condition that the number of copies is limited to the minimum necessary. In the circumstances, it is for orders whether this department should agree to increase the number of copies from 50 to 120. ~~Finance may see.~~ Some of the 16 copies kept for stock and sale may perhaps be split up districtwise and given to the authorities at 'A' above. Some ~~half~~ a dozen additional copies may be printed for the purpose. This may see 'X' will depend on the printing work in hand. Ask SGP by phone whether it will be possible, without much difficulty, to print the lists separately for each District each time and to stitch the copies till further orders.

Issued as T.M. dated 25.5.45.
From the S.Ty.P., dated 26.5.45.

The S.Ty.P. states that the list can be printed separately for each district. A draft D.O. to the Superintendent, Arch. Survey of India, Southern circle is submitted below for approval. Fin may perhaps see.

May be perused and returned to Es & PH. with the following remarks:-

The draft D.O. contemplates the printing of an additional half a dozen copies of the list of protected monuments at the cost of this Govt. in addition to the 50 copies already printed. As stated in para 2 on page 1 above, the cost of printing the list should be legitimately borne by the Govt of India and since we have already borne the printing charges of 50 copies, the draft D.O. may be amplified to make it clear that additional copies, if any required will be printed and supplied by this Govt., if the Govt. of India agree to bear their cost.

A

A also:-
The G.of I. have not sanctioned the providing of this list: and it was ordered to be provided at the Madras Govt. Press as a Special Case. The list is of local importance. The question of recovering the cost from the Govt. of India need not therefore be pursued.

No. 29(1)/ 1121

Archaeological Survey of India,
Southern Circle, Mylapore,
Madras. Dated the 30th Aug. '45.

Dear Mr. Coorey,

Sub: List of protected monuments under the Ancient Monuments Preservation Act - Distribution of.

38747

I forward herewith copies of two letters received from the Collectors of Chingleput and Guntur, from which it will be seen that they require for use more copies (12 in one case and 3 in the other) of the List of Protected Monuments. In your D.O.No. 22782 C/45-2 Edn. dated 6-6-45 you informed me that Government "consider that it will be sufficient if Collectors, officers of the Education Department, etc., are supplied with ~~portions~~ portions relating to the district or districts with which they are concerned", and advised me to send to the Collectors two copies of the list split up according to the districts (vide your D.O No. 22782 C/45-5 Edn. dated 9-7-45). Accordingly I sent them two copies, though I felt that the Collectors would require more copies for distribution to their subordinates (vide my letter to you No. 29(1)-C/586, dated 18-5-45). Under the circumstances I would solicit your advice as to the reply I should send to the Collectors.

Please excuse trouble.

Yours sincerely,

T.N.Ramachandran

Superintendent

C.No.38747, From the Superintendent, Arch. Survey of India, Southern Circle, No.29(1)/1121 dated 30-8-45.

List of protected monuments under the Ancient Monuments Preservation Act - Distribution of.

Please see the D.O. from the Superintendent of Archaeology on p.1 c.f. in which he reports that the Collectors of Chingleput and Guntur require more copies of the list. The printed list for Chingleput and Guntur consist of only 4 pages. It was decided that only the absolute minimum number of copies should be printed as a special case and that two ~~of~~ copies of the list printed district-war should be split up for distribution to Collectors at two each. There are at present only 4/spare copies of the list printed district-war after distribution to Collectors etc. - vide D.O.No.227820/45-5 Edn. dated 9-7-45. It is not therefore possible to comply with the Collectors' request. The Superintendent may perhaps be asked to inform the Collectors that it is not possible to supply

ed to print 40 copi

ore copies and that they may be asked to get relevant extracts
yped from the list pertaining to their districts for supply
o their subordinate Officers.
