From

C.K. Vijayaraghavan Esq., I.C.S.,
Commissioner of Labour, Madras.

To

The Secretary to Government,
Public Works Department, Madras.

Sir,

Sub:-War-Educational concessions-Children and relatives of
soldiers participating in the present war-Grant of.

In G.O. No. 272, Education and Public Health Department, dated 16-2-1942, the Government ordered that the heads of departments who have schools etc., under their control should arrange for the grant of the educational concessions mentioned in the Government Order in those schools. The Director of Public Instruction, Madras who was also consulted in the matter stated that the expenditure in connection with the children reading in the Labour Schools should be met from the budget of the Labour Department. No fee is levied in the Labour Schools. The children of the Eligible Communities are supplied with books, slates, etc., free. They are also granted exemption from payment of examination fee. As a result of G.O. No. 272, Education and Public Health Department, dated 16-2-42, the allowance and exemption from payment of fees are given to the children and relatives of soldiers who take part in the present war, and who do not belong to the eligible communities. The expenditure is being debited to the budget of the Labour Department under '47-Miscellaneous Departments-a. Labour-D. Communities eligible for help by the Labour Department-Education-5. Equipment for schools. An expenditure of Rs. 74-13-0 was incurred last year. The probable expenditure for the current year is Rs. 130/- As the funds of the Labour Department are intended for the benefit of the communities eligible for help by the Department, I request that the Government may be pleased to issue instructions whether there is any objection.

Please see the ref. from the Commissioner of Labour at p/p 1-2 and the point raised by him is ~~He wants to know~~ whether the Govt. have any objection to debit the expenditure incurred on pupils not belonging to eligible Communities studying in the Labour Schools, to the Budget of the Labour Dept. In para 2 of G.O. 272 ^{P.W.D. 8/16.2.1942} the D. P. I. has been requested to arrange for the disbursement of the allowance for books etc through departmental officers in the case of all institutions, Govt., Board and Municipal and aided. In view of this, it seems

proper that the expenditure should be borne by the ^{Education} E. & P. H. Dept. The funds of the Labour dept are intended only for the benefit of the communities eligible for help by that dept. E. & P. H. and Fin may see for advice remarks.

This dept may agree with the above. This file may be passed to the Finance Dept. 28/2 PC put up the order of Gov. 272

I think we canvassed this general point also in case last year - which arose, I believe, over the question of admitting non-eligible-classes students to these Labour institutions: the point being whether expenditure on such students should not be debited to the Education budget. Please put that case and examine further.

M.V.S., 12-3-1945.

The G.O. referred to by Secretary is No.1056-P.W., dated 14-6-1943. The suggestions there were that a limit might be laid down up to which ^{new-eligible} pupils might be admitted into 'labour' schools and that the Education department might also pay a contribution to the Labour department. ^{for pupils so admitted} The suggestions were not accepted by Government. They were in respect of caste pupils receiving instruction in 'labour' schools. They were sought to be justified by the Labour department on the ground that the funds of the Labour department were primarily meant for the benefit of the 'eligible' communities. The same consideration is urged here also. It is not clear, however, that the decision in respect of providing these special concessions for non-Scheduled Caste soldiers' children reading in 'labour' schools should follow the decision on the other two suggestions mentioned above.

The principle involved is the same - if we may determine in position that is B. at p. 2 and 3, the Comm. of Labour may be informed that there is no objection to the expenditure being debited to the budget of the Labour Dept.

The inter-provincial plan at A in the previous page in para 2 of 2.2.2 Ed. 16.2.42 does not appear to be quite correct in first part of the para makes the D. P. 9. responsible for disbursement of contributions in the case of institutions controlled by him. The last sentence of his para places most responsibility on the head of the Dept. concerned in respect of other schools & colleges. The ^{special} para in respect of Labour schools is that the National Defence funds are primarily intended for the 'eligible' communities & not for others. From this standpoint the view of the P.W.D. to debit to the budget in respect of the allowance to be given to children & dependent of soldiers who are not of the 'eligible' communities may be accepted.

23.4.5

Please see this dept's note on p 1 ante and the E+PH Secy's remarks on p. 5 ante which are agreed to in the R name dept. It is submitted that, in G.O. 1056 PWD dated 14.6.43 the Government ordered that the labour schools should continue to be open to all classes of the population and that they should continue to be maintained entirely from the Labour Dept budget irrespective of the proportion of caste pupils in the schools. The intention in this G.O. does not seem to be that the educational concessions granted to the pupils of the eligible communities should be allowed to the caste pupils also because they are studying in the labour schools. If this is accepted, it would appear that it will not be proper that the Labour Dept should bear the expenditure connected with the concessions granted to children and relatives of the soldiers belonging to the non-eligible communities. In the present case the expenditure involved is trivial. But the question now for consideration is whether the expenditure to be borne by the Education Dept for a concession granted to non-eligible communities should be borne by the Labour Dept merely on the ground that they are studying in the labour schools.

For orders.
and Three concessions have been given in G.O. 272 Edn dated 16-2-42. There is no difference of opinion in regard to (1) & (3). 4.

Children of soldiers studying in labour schools will not be required to pay any fees though they do not belong to the scheduled caste. The point for consideration is whether the cost of concessions in item (2) should be borne by the Labour Dept even though such concessions are not admissible.

Other children of the Scheduled Caste (except those children of the soldiers belonging to the communities). Before deciding on this question, it is necessary to know whether the concessions of free books, slates, etc. now enjoyed by children of scheduled caste pupils in labour schools is enjoyed by children of other castes in these schools. Also the value of such concessions.

From do. No. A-3.215/45 dated 19.4.1945

With reference to A' above, it will be seen from the Commissioner's letter in p 2 ante that the pupils of other castes do not enjoy the concessions such as free midday meals, free books, slates, etc. enjoyed by the pupils of the eligible communities in the labour schools. Orders are requested whether the expenditure incurred on the children and relatives of the soldiers belonging to non-eligible communities should be allowed the concessions with reference to para 1 (2) of G.O. 272 Edn of 16.2.45, and the expenditure being debited to the Labour Dept budget - please see in the connection office note on p 6 ante.

M
The G.O. seems to be only in regard to the supply of books, slates, etc. in regard to the class of pupils mentioned at M above. The expenditure on this account is not likely to be appreciable. If a

different procedure is followed in this case, it may lead to complication in accounting not worth the labour involved. This Dept may therefore accept the decision of Ed PH & Fin on p3 ante. (This presumed that the pupils in question are not to be given free midday meals as this is not one of the concessions referred to in Govt 272 Edn. of 16.2.42; ~~however~~ it is possible that this concession also will be asked for later on).

He
24.6.45

It is pointed out that the Dept. is not to be asked to support this. It is also pointed out that the Dept. should not be asked to support this. The position is not clear & rules in Govt. may be asked. Please put up a note explaining the point at issue.

25/6/45

In Govt. 272. Edn. dated 16.2.42 sanction has been given to the grant of the following ^{educational} concessions to the children of soldiers who take part in the present war and are not in affluent circumstances:

- (i) exemption from payment of tuition fees in educational institutions
- (ii) allowance for the purchase of books etc.
- (iii) exemption from payment of fee for admission to the S.S.I.C Public Examination ^{in the case of them} who enjoy fee remissions in secondary schools under (i) above

In Govt. 90. the D.P.I. has been ^{specifically} asked to arrange for the disbursement of the allowance for books, etc. through departmental officers in the case of all institutions, Government, Board and Municipal and aided. With reference to the ^{above 90} children and relations of the soldiers who are studying in the Labour schools are exempted from payment of fees.

and are also supplied books, slates etc. As the funds of the Labour Dept. are intended for the benefit of the eligible communities only, the Govt. has requested the orders of Government whether the expenditure referred to above may be debited to the Labour Dept. budget. There is no restriction in regard to the admission of non-eligible communities in the Labour schools and no fee is levied in Labour schools. The concessions such as, ^{free} books and midday meals which are given to pupils of the eligible communities are not given to the pupils of the non-eligible communities. This Dept. therefore considered that the expenditure on account of item (ii) above in respect of ^{children of} soldiers belonging to non-eligible communities should be met by the Education Dept. and not by the Labour Dept. Ed PH and Finance do not agree to the ~~and~~ consider that, with reference to Govt 1056 PWD dated 14.6.43, the expenditure should be borne by the Labour Dept. following the principle laid down in the GO.

Govt 1056 PWD d. 14.6.43 lays down only that the Labour schools should not be exclusive to eligible communities and that those schools should be maintained entirely from the Labour Dept. budget irrespective of the proportion of caste pupils in the schools. It does not ^{deal with the question of the special concessions enjoyed} specify that the concessions enjoyed by the eligible communities should be allowed to caste pupils admitted into them. As the schools maintained by the Labour Dept. are free elementary schools, no fees are collected from other communities. The concessions relating to books, midday meals etc. are not allowed to the caste pupils. In the circumstances

and in view of A's ^{on p. 8} it seems that the expenditure on account of item (ii) alienation in regard to children of soldiers studying in the labour schools may be borne by the Education Dept. unless it is considered that, the expenditure involved being trivial, it may be debited to the Labour Dept as suggested by the E.P.H.
