From
A.G. Anderson Esq.,
Superintendent,
Government Press, Madras.

To
The Deputy Secretary to Government
Education & Public Health Dept.,
Fort St. George, Madras.

No. SBC. 16th dated 16th November 1944.

Sir,

I have the honour to state that due to the difficulty of getting spare parts for machines of which there are a very large number in the Press, I am obliged to make them as far as feasible in the Press Mechanical workshops. Manufacture of spare parts involves time and the Mechanical department which has long been under-staffed is not able to cope with this additional work. In recent months, the pressure on this department has increased to such an extent that unless additional staff is sanctioned I feel breakdowns will soon outstrip repairs causing dislocation and delay. I therefore request Government to sanction the following temporary staff for the duration of war or until the situation in respect of spare parts supplies improves.

2. I am contemplating reorganizing the Electrical and Mechanical departments but the present emergency cannot wait until such a scheme is prepared. I am putting up the present proposals separately but have taken care to see that they will fit in with the proposals to be embodied in scheme under contemplation. The following additional staff may be sanctioned with officiating promotion declared admissible to these posts under F.R.30.

Additional staff - Mechanical Department.

- 1 Blacksmith on Rs 28-55/-
- 1 Turner on Rs 28-55/-
- 1 Fitter on Rs 28-55/-
- 1 Maistry on Rs 50-70/-.

C no. 60658 For the Gen. Manager Messrs. No. 2263/III D.C. 1.4.45

1. Please see the reply for the reply on 1.9.45. A tabular statement showing the scale of pay recommended by the S.G.P. & the scale of wages prevailing in P.W.D. Workshops, Corporation & M.S.M. Ry is attached at Flag (P). It will be seen that the scale proposed by the S.G.P. for the posts in P.W.D. does not seem to be excessive. For more details the S.G.P. proposal is to be accepted. *Make accepted*

7/10/45
8/11/45
E.P.H. & Co. no. 54849 F 45-5
9.1.45
Finance (E.I)
The proposal of the S.G.P. is to employ the staff detailed below with offg. promotion declared admissible under F.R. 30 in the Mechanical Dept. of the Govt.

- Press:-
1 Blacksmith.
1 Turner.
1 Fitter.
1 Fitter Maistry.

E. & P.H. Dept. support the proposal of the S.G.P.

The additional staff is asked for on the ground that the manufacture of spare parts involve time and that the Mechanical Dept. which has long been understaffed is not able to cope with this additional work. The S.G.P. also states that the pressure on this Dept. has increased to such an extent that unless additional staff is sanctioned the breakdowns will soon outstrip repairs causing dislocation and delay. The S.G.P. also contemplates the reorganisation of the Electric Mechanical Dept.

The S.G.P. proposes a scale of pay of Rs 28-55 for blacksmith, turner and fitter and Rs 55-70 to the Fitter Maistry. Attention is solicited to the tabular statement at flag (P) showing the scale pay recommended by the S.G.P. and the prevailing scales of wages in the P.W.D. Workshops, Corporation and M.S.M. Railway. Normally such technical labourers as are on non-pensionable establishment whose pay is debited to contingencies can be employed by Heads Depts. provided that the rate of pay does not exceed Rs 28 a month. The S.G.P. recommends time scales of pay for this staff and proposes to employ them for the duration of war or until the situation in respect of spare part supplies improves. It would therefore appear that minimum rates of pay may be sanctioned for these posts. *(Rs 28 for inferior posts (A) to (C) & Rs 55 for them (D) to (F) For orders whether this Dept. may recommend accordingly. The proposal is to be accepted accordingly.)*

Period of sanction. In view of the H.E.'s remarks on short sanction this Dept. may perhaps suggest that these posts may be sanctioned till 31-3-46 in the first instance. If minimum rates pay are allowed the extra cost will be Rs 2124 p.a. A-1 may see as the cost exceeds Rs 1,500 p.a.

3x28 = 84
1x55 = 55
4x45 = 180
177x12 = 2124
