Sub: Printing of War Review etc. at a private Press.
Ref: Government Memorandum No.7476 F-1 Edn., dated 23rd February 1945.

With reference to the above, I have the honour to state that owing to unprecedented pressure of work in the Government Press created by war conditions in many directions I was forced to examine in detail the adequacy of establishment to maintain efficiency in the interest of public service and to this end I am preparing my proposals to Government for a general revision of temporary establishment which will be submitted to Government separately.

2. This Press has been taking up many jobs as and when sanctioned by Government and other offices authorised to order printing and there was absolutely no question of additional establishment for each job and the call for any suggestion of reduction in establishment when any one job is taken away from the Press does not therefore arise. The additional work thrown on the Press tending to peak production is being cleared by maintaining pressure on labour and working extra hours.

3. The discontinuance of the War Review is after all one among

among many other items and the present instructions too are very vague. It is not known whether the entire printing of the War Review with its counterparts in Indian languages are to be transferred to a private press or only special issues in English as require pictures and special lay-outs. Irrespective of the extent of the ultimate decision on the scope of the contemplated change it would not have any appreciable effect to relieve pressure in other directions for which I am proposing a general revision.

4. If by the change over it is contemplated to take over the entire distribution of this review with its counterparts there would be case for modification of that portion of the temporary establishment under despatchers and this could be proposed only on receipt of definite orders on the subject.

Extracts of notes from Public (S.C.) File regarding the printing of the War Review and other publications of the N.W.F. at the Renaissance Printers, instead of at the Govt. Press.

Finance Dept.

Please see the previous notes of this Dept on pp. 33-34 above, the subsequent notes and the draft D.O. below to Capt. Harvey. The questions at issue have been decided and no further remarks seen called for in this Dept.

The ~~change~~ over of printing from the Govt. Press to Renaissance printers does not involve 'new service' as it is only changing the method of printing. Nor does it appear that the extra cost will be over Rs. 25,000/- p.a. and the sanction of the Govr. Genl. under Section 93 situation does not seem necessary.

As a consequence of the change it should be possible to effect some reduction in expenditure in the Govt. Press. The S.G.P.'s attention may be drawn to the matter.

It is not clear from D.O. no. S. 1153 A. 12/44.

d 20.2.45 whether it is the intention of the Govt. that the entire printing of the War Review with its counterparts in the vernacular languages is to be transferred to a private press or only special issues in English as require pictures & special lay-outs. Attention is invited to 'A' on p. 93 cf. of (2). Evidently, the intention is that the entire printing of the War Review with its counterparts in the vernaculars, should be given out to the Renaissance Printers. If yes, the D.W.P. may be specifically consulted on this point.

The decision of Govt. to Capt. Harvee 14/3/45 & the S.G.P. is at p. 96 cf. of S. 7. (2) R

The decision appears to be that (1) the entire printing of the War Review with its vernacular counterparts, and (2) the printing of all other publications requiring pictures of special layout, should be done at the Renaissance Press. A-1's minute on p. 38 (2) R

Please see the S.G.P.'s reply to our Memo no 7476 F-4 E.d. d 9.4.45 on pp 5-6 CP. In para 2 of his letter no 2/40-Min p 3 CP d 9.3.45, the S.G.P. has stated that the Press has been taking up many jobs as and when sanctioned by Govt. and other officers and there was absolutely no question of additional establishment for each job and the call for any suggestion of reduction in establishment when one job is taken away from the Press does not therefore arise. In para 4 of his letter he has stated that if the ^{entire} distribution of War Reviews with Councils parts are taken away from the Govt Press, then there would be a case for modification of position of the temporary establishment under consideration.
