Circular Memorandum No. 22359-(A) B.G.-1 dated 16th May 1945.

Charges in England - Revised Estimate for 1945-6 and 21 MAY 1945
the Budget Estimate for 1946-7 - Instructions for the preparation and dates of submission of estimates.

In preparing the revised estimate of charges in England for 1945-6 and the forecast for 1946-7, the detailed instructions contained in Chapter IV of the Budget Manual and the following special points should be noted:-

(a) When an officer is on deputation or on leave in England, sterling overseas pay is drawn along with pay or leave salary and shown under the head "Leave salaries and deputation pay". Provision should accordingly be made under "Sterling Overseas Pay" only for those officers who are expected to be in India.

(b) The estimates of expenditure arrived at in sterling should be rounded off to the nearest multiple of £ 15.

2. Dates of submission of estimates.- Owing to the longer time still taken by mails to reach England, the dates for the submission of estimates of charges in England have to be advanced so that they may reach England in time. The estimating officers for the several heads of account under "Charges in England" should send the revised estimate for 1945-6 and the budget estimate for 1946-7 by the dates prescribed in Chapter IV of the Budget Manual.

3. The estimating officers should send the estimates for Charges in England other than Pensions so as to reach the administrative departments of the Secretariat concerned not later than the

-2-

5th July 1945 and the estimates for pensions prepared by the Accountant General should be sent to the Finance Department not later than the 15th July 1945.

4. The Departments of the Secretariat (or the heads of departments as the case may be) should send the Stores estimates and the forecast to the High Commissioner by the 31st July 1945.

5. The estimates of Charges in England other than those for Stores received by the administrative departments of the Secretariat should be scrutinised by them and forwarded to the Finance Department not later than the 15th July 1945.

6. An estimate of charges, if any, to be incurred in England in 1946-7 on account of leave salaries of officers debitable to the Secretary of State's budget should be sent so as to reach the Finance Department not later than 1st November 1945.
