To

The Chief Secretary
Government of Madras
Madras.

Sir,

I received information from the Secretary to the Govt. of India, Dept. of Education, Health and Lands, Simla, that, Provincial Governments have been asked to establish Provincial Students' Advisory Bureaux with a view to provide advice and guidance to students who desire to proceed overseas for study at their own expense. I, being one of those who

wish to go abroad, desire to undergo
a course of study, specialising in
Accountancy and Auditing, at either
the Society of Incorporated Accountants &
Auditors or the Institute of Chartered
Accountants.

Hence I request you to be
kind enough to furnish me with
the necessary particulars regarding
the same on receipt of which I
shall submit my application
as prescribed by the Government
of India.

Thanking you in anticipation,

Yours sincerely,
K. M. V. asan

Sir,

In an article on the Government Scheme for technical studies in foreign countries published in the "Hindu" of the 15th of March 1945, the Government of India contemplates to give facilities for studies, who desire to undertake technical studies abroad at their own expenses briefly called "Non-sponsored" studies and also undertake to make arrangements for the residence and supervision of the studies; and as I am anxious to avail myself of this opportunity, I should be glad if you will kindly send me, if you have got any forms, so that I may comply with the formalities required in this respect.

Yours obediently,

K. Sreenivasa Rao

LETTER/Ref. No. 13005C/45-182 dated 23.4.45

To
The Joint Secretary to the Govt. of India,
Deptt. of Edn., Health and Lands,
NEW DELHI.

(with enclosures)

Technical Education - "Non-sponsored" students
to be sent to other countries.

I am directed to forward copy of an advertisement which was published on the 10th April 1945 for the selection of "sponsored" students in respect of such quota as may be assigned to the Madras Province, together with a copy of the form of application prescribed for the purpose.

2. In Mr. M.V. Subramanian's letter No. 2131-C/45-5-Edn., dated the 9th March 1945, the Government of India were informed that the Provincial Selection Committee would also handle enquiries and applications from students of the "non-sponsored" type. Paragraph 22 of the Government of India's brochure - "Information for Students desiring to proceed overseas for advanced studies (1945)" - appears to contemplate that students belonging to a Province which has not set up a Students' Advisory Board should submit their applications direct to the Government of India in the form prescribed in Annexure B to the brochure. There have been enquiries from about half-a-dozen students of this Province who are prepared to undertake courses of studies at their own expense. I am directed to ask whether these students should be directed to the Government of India ~~and~~ ^{or} whether the Provincial Selection Committee referred to above may receive applications from them. In the latter event, this Government will consider the question of issuing a separate short advertisement announcing

No. 629/45-1.

Government House, Guindy,
April 20th 1945.

18564

Dear Mr Kudva,

Overseas Training.

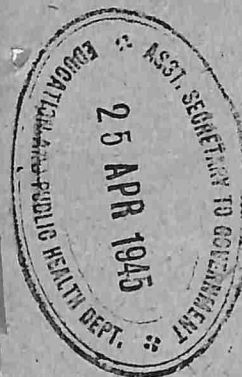

In a recent letter, His Excellency the Viceroy wrote as follows:--

"Sargent, in a letter from Education, Health & Lands Dept No. F. 85-14/44-E dated 11th January, conveyed the suggestion of the Government of India to all Provincial Govts that they should set up (a) Selection Committees to consider the applications of 'sponsored' students wishing to undertake courses of study abroad, and (b) Advisory Bureaux for advising non-sponsored students proceeding abroad, in most cases at their own expense, about the educational qualifications needed for admission to foreign institutions, the cost of the course proposed, health questions, etc. It was added in the letter that there should be no objection to the Advisory Committees for sponsored students being combined with these Bureaux provided that the selection of students for 1945-46 was not delayed.

"So far as we know here, your Govt have not yet set up an Advisory Bureau of the kind recommended. I should be very grateful if you would look into the matter and see what can be done about it.

"I have ascertained that the scheme has been prepared in the light of definite information about the courses available in various Universities. This information was collected by Sargent during his recent visits to the United Kingdom and the United States of America.

"It is perhaps arguable that facilities should not be given for students to go abroad for technical training so long as officers are needed for the Indian Army, but I understand that the military authorities themselves attach

12
2.
"importance to this technical education and will release men at an early stage for such a purpose. Meanwhile it is considered essential to let some graduates go overseas to acquire further technical education and be available as early as possible in the post-war development period. Such men will probably be needed not only in Government services but also in new and expanded industries."

Could you please let me know the position urgently to enable His Excellency to reply.

*Yours sincerely
A. R. R.*

Sub: Selection of Students for undergoing
Technical and Science courses in other countries at
their (Students') own expense.

Respected Sir,

I shall be highly obliged
if you kindly furnish me with the following
information.

I am a student who appeared for
the B.Sc., degree examination held in March 45
the results of which may be announced on
15th of May '45 or just afterwards. I kindly
let me know whether I am eligible to
apply for Selection of Students for undergoing
Technical and Science courses in other countries
at my own expense, immediately after
the announcement of my result.

I request you, also to provide
me with a book-let, if any, giving
information of conditions necessary with
regards to students who will proceed

ense and suggesting that they too might send in

23 to other countries at their own expense.
If there is no such printed book-let you
may kindly ~~send~~ furnish the information
by written post.

I request you good selves to be kind
enough to provide me this information as
early as possible.

Yours sincerely

Press Note No. 61 423/57

Technical education - Candidates who are
desirous of undergoing studies in other
countries at their own expense.

The following Press Note is issued:-

PRESS NOTE.

The Madras Government are taking
steps to select a certain number of students to be sent
at Government expense for undergoing in other countries
advanced courses in technical and science subjects.
The Government of India scheme under which the selection
are to be made provides also for the grant of advice
and facilities to such students as are prepared to
proceed overseas for study, at their own expense.
The Government of India have suggested that applications
from such students should be dealt with by the Students
Advisory Bureaux formed by the Provinces. As it has
not been practicable to establish a Bureau of this kind

in this Province at present, the Government have decided, in consultation with the Government of India, that applications from students ^{who desire to go abroad at their own expense,} of this type should be addressed to the Secretary, Selection Board, Overseas Students, c/o. Department of Education, Health and Lands, Government of India, Simla. The necessary forms of application may be obtained from that authority.

Sir,

I passed the B.Sc. (Hons) and H.Sc. (in applied physics) degree examinations of the Andhra University in second class. My special subjects in the H.Sc. class are (1) Applied Electricity (2) Applied optics (3) Applied Mechanics and (4) Wireless Engineering. I wish to proceed to overseas for further Technical education at my own expense. I request you to let me know what facilities will be given to me by the Government of India

in my journey and also in the foreign country. I wish to know what subjects for study you recommend to me. I will be very much obliged to you if you give me complete details of the course of study and the training I can receive; the approximate reasonable expenditure that I will have to meet with. As there is no last date of application for proceeding overseas for the study of technical subjects for the Private students; in the book containing the information about the same, I hope I can send the application at any time. I wish to know the prospects which I will have after finishing the course of study. I will be glad to know if you can provide facilities for undergoing apprenticeship in India preliminary to

the training I can receive in the foreign country. I will be very much obliged to you if you can furnish me with any further information relating to the subject such as place you recommend for the course of study, the period of study; the time when I can start etc. I enclose herewith an addressed envelope for an early reply.

Thanking you.

PRESS NOTE No. 64.
Dated Fort St. George, dated the
4th June 1945.

Technical education - Candidates who are desirous of undergoing studies in other countries at their own expense.

In a Press Note dated the 23rd May 1945 the Madras Government have stated that candidates who desire to go abroad for technical education at their own expense may obtain forms of application from the Secretary, Selection Board, Overseas students, c/o. Department of Education, Health and Lands, Government of India, Simla. The Government of India have subsequently made it clear that the forms of application are attached to the Government of India brochure "Information for students desiring to proceed Overseas".

2. As regards "non-sponsored" students, besides the four enquiries in C.F., two more candidates have seen me: one from Calicut (Govind Dinaker Prabhu), a B.Sc. (Metallurgy) of the Benares University, wished to specialise further in his subject, and another in Propaganda-films. Our idea was that in view of the impracticability at present of setting up a Provincial Students' Advisory Bureau of the type suggested by the G. of I., the Provincial Selection Committee referred

16

C.21549. From the G. of I., telegram dated 8-5-45.

The G. of I.'s telegram at C.F.13-17 is not quite clear. In any event, this Govt. have no expert machinery to advise private/candidates. The G. of I. have apparently such a machinery. Perhaps a Press Note may be issued by this Govt. saying that "non-sponsored" students, i.e., students who are prepared to meet the expenses of their education overseas from their own resources, may apply to the Secretary, Selection Board, Overseas Students, c/o. Department of Education, Health and Lands, Government of India, Simla. It is a point for consideration whether such applications should be required to be sent through the Collector concerned and the Collector required to make an endorsement as at "P" on the previous page.

A draft Press Note is placed below for consideration.

17.5.45

To my reading the telegram seems to say they would prefer applications coming through this Government if we have an advisory machinery, and that this advisory machinery may be by selection committee or otherwise. We have this selection committee and, in fact, our proposal was that we should use that for the purpose. In other words, the G. of I. are in agreement with our proposal. Why not proceed accordingly?

M.V.S., 18-5-1945.

There is no objection to the course at "P" above being followed. It may then probably be necessary to have a separate staff in the Secretariat, with something in the nature of expert knowledge. The paragraphs about private students are 17 to 23 in the G. of I.'s brochure. If an advertisement is to be issued, it may be decided what material should be put into it and in what respects the form of the application devised for "sponsored" students should be modified to meet the requirements of the "non-sponsored" ones.

18.5.45

2-
o above might also handle enquiries from "non-sponsored" students, too.
he G.of.I. were also informed accordingly in the letter dated 9-3-1945.
e have ^{had} no definite information of the G. of I.'s reaction to that
uggestion. Para 22 of the G. of I.'s brochure, ^{later} since received,
however, contemplates that where there is no Provincial Students'
advisory Board functioning, applications from "non-sponsored"
students should be made direct to the G. of I. Besides the points
to be made sure of ^(acc: to the brochure) in respect of the "non-sponsored" candidates,
the most important condition to be ascertained is that the intend-
ing candidate is in sufficient affluent circumstances to afford
the expenses involved. From that standpoint, it may be desirable
to require applicants of this type to send their applications
through the Collector of the district who may be required specifically
to make his endorsement as to the candidate's ^{general suitability &} financial circumstances
and the general respectability of the family. Before considering
the question whether this Govt. should issue a special advertisement
in regard to "non-sponsored" students, the G. of I. may be asked.
Draft letter is for approval.
