I am directed by the Adjutant-General to forward you the following note on

"Resettlement in civil life"  
so that senior officers on the Staff and Officers Commanding Units may be in the picture as regards what has been, and is being, done in this most important matter. --

X  
14. Emergency Commissioned Officers.

The resettlement of this class especially the Indian Emergency Commissioned Officers, will in itself be a major problem.

Quite a number of these officers (more particularly the British) will be wanted back by their Civil Employers as soon as they are able to obtain their release from Army Service, and doubtless many requests will be received in advance of the termination of hostilities and when the end appears in sight. Such releases will have to be carefully and strictly controlled as otherwise many officers, who have rendered excellent service in the various branches of the Armed Forces, and who wish to resume their civil occupations, may lose good chances of civil employment through being forcibly retained in Army Service.

A very carefully compiled "Priority list for Demobilization" will have to be prepared under which releases will be permitted. Such a Priority List will doubtless be prepared to a very great extent with regard to those skilled in essential trades required for reconstruction.

X X X X  
Special consideration in the Priority Lists should be given to those whose university careers have been definitely interrupted owing to their joining up.

It is hoped that the Universities themselves will offer special facilities for the resumption of studies.

It is also for consideration as to whether a policy should not be adopted whereby Government should provide facilities for the completion of interrupted education, for those who desire it after release from the Forces.

It is obvious that applications for such assistance must be checked with care, so that only those who genuinely have suffered by interruption should be assisted to complete their education and that assistance is not given merely because a man was a student, and would like the benefit of Government education allowance to support him for a period.

A solution would be for fees to be paid direct to Universities.

A class which appears specially worthy of consideration for assistance as regards further education are licentiated of Medicine, given Emergency Commissions in the Indian Army Medical Corps, and who after the war, are recommended for permanent commissions provide they graduate.

Such officers are deserving of pecuniary assistance by Government and to be given special facilities by Universities.

Dear Lt. Col. McRobert

I am to forward an extract from a confidential circular (No. 47063/Demob., dated 1-4-1943) from the Demobilisation and Reconstruction Directorate, Simla, in

One of the suggestions made by the Demobilisation and Reconstruction Directorate is that where emergency commissioned officers had suffered interruption of studies by reason of their having volunteered for duty in the Defence Department, they should be given after demobilisation financial assistance for completing interrupted studies, if they so desire. I am to ask that this suggestion be examined and that proposals put up for Govt.'s consideration indicating the nature and extent of the assistance which it would be reasonable to grant and the conditions if any which should govern such grant.

Dear Mr. Ramunni Memon,

Please see your D.O. No. 14586 dated 24-4-44 enclosing a copy of Subramanian's D.O. to Sir Meverel, No. 14586-C-3 dated 17-6-43 regarding Emergency Commissioned officers who suffer interruption of University studies - Financial assistance for completing studies after the War.

2 The Madras Government in their order No. Ms. 1956, E.P.H. dated 18-12-41 and the Universities of Madras, Andhra and Annamalai have already announced the grant of concessions, including financial, to College students who render War Service. The several concessions granted by the Universities referred to above are found in the enclosed annexures.

3 While the Madras Government have offered full fee (tuition) concession, the Madras University is prepared to waive the payment of fees for the University examinations, the Andhra University is prepared to continue any studentship or other concessions that may be held by the students and the Annamalai University is prepared to consider sympathetically applications for help in the shape of books and fees.

4 The children and dependents of soldiers studying in Colleges are at present exempted from the payment of tuition fees and are also paid an allowance for the purchase of books. In his D.O. No. 57 W/44 dated 20-3-44, Sir Meverel has written to Mr. Subramanian that these children and dependents should be exempted from the payment of special fees and examination fees also. I suggest that these additional concessions, if sanctioned, be extended to the soldiers who rejoin colleges after the close of the war.

P.T.O.

30  
To sum up, I am of the considered opinion that these soldiers should be made eligible for all educational financial concessions similar to those sanctioned from time to time to their children and dependents.

Yours sincerely,

*M. S. S.*

Enclosures

Sir,

With reference to G.O. No. 1061 Education and Public Health Department, dated the 16th July 1945, I have the honour, by direction, to request you to be so good as to furnish me with a more detailed statement of the exact implication under paragraph 3 of the above G.O.

WAR - Persons whose college studies were interrupted by accepting Commissions in Defence Forces - Educational concessions for resuming studies on demobilisation.

Please see the D.P.I's reply on page 29-30 c.f.

V/21

In G.O.No.1956 Edn. dated 18-12-1941 the Government have announced that they will be prepared to grant certain concessions to students in colleges who render war service. The three Universities in the Province have also agreed to grant certain concessions to students who render war service. The Director recommends that all the educational concessions sanctioned to the children and dependants of 'soldiers' from time to time may also be made available to these "soldiers". The recommendation may be supported in this department. The file may be sent to Public (War) and Finance for remarks.

A.G.M.9-5-1944.

B.M.10-5-44.

D.P.I's recommendation would mean that where Emergency Commissioned Officers are 'soldiers' as defined at 'E' they should have the same set of concessions as are given to children of soldiers. That would go beyond V/21 in extending full fee concession to persons whose terms of service include liability to service overseas (whereas V/21 gives it only to those who actually served out of India with a mobilised unit) and in giving such persons allowances for books also. This may be accepted and V/21 may be modified to that extent; the other concessions in V/21 will continue. It is also implied that Emergency Commissioned officers who will not come under the definition of 'soldier' at 'E' will continue to get the concessions to which they are eligible under V/21; that position may be accepted.

This department may agree to the suggestions of E.& P.H. Secretary and the file passed on to the Finance Dept.

It may be pointed out that Emergency Commissioned

The point may be considered, if any specific request is made by the University in the matter. Finance may see.

After some papers to be attached with G.O.No.1061 Edn 16.7.45

Officers must be prepared to serve anywhere in India or Overseas and that they are subject to the provisions of the Indian Army Act.

This would mean that all Emergency Commissioned Officers will come within the same definition of 'soldier' in flag 'E'. Public may agree with E. & P.H. that such Emergency Commissioned Officers be given the same sets of concessions as are given to children of soldiers.

Finance (Accts.A) Dept.

(Previous Finance notes on 3 p. 10).

This file deals with the concessions to Emergency Commissioned Officers who have suffered interruption of University studies by reason of their having volunteered for duty in the Defence Department. It is proposed that they should be given, after demobilisation, financial assistance for completing such interrupted studies, if they so desire.

2. In G.O.No.1956 P.H. dated 18-12-41 Govt. have granted the following concessions to students who render war service and who wish to rejoin the college on return from war service:-

(1) a lien on their places in the college in which they studied;

(2) the extension of the benefits of full fee concessions and half fee concessions to deserving candidates who have rendered war service;

(3) the continuance of any scholarship or fee concession the students had held in Government colleges.

The D.P.I. now proposes that all the educational concessions sanctioned to children and dependants of soldiers from time to time may also be made available to these demobilised Emergency Commissioned Officers. These concessions are exemption from payment of tuition fees and allowance for the purchase of books.

The cost of extending the above concessions to these

officers is not known. The previous Finance Secretary has noted that the Central Government should bear the cost of such assistance. E. & P.H. will no doubt take orders of Government on this point.

Have the Central Government agreed to bear the cost of any or similar concession before?

V.V., 21-6-44.

It is understood from E.&P.H. that the Govt. of India have refused to bear any portion of the cost involved in the grant of concessions to children of soldiers who take part in the present war, sanctioned in G.O.No.272, Edn., dated 16-2-44. The original of the G.O. is not available as it is put up in another file in E.&P.H. Dept.

The cost of any concessions will then have to be borne from Provincial revenues.

V.V., 24-6-44. A.R.M., 26-6-44.

Education and P.H. Department.

The proposal is to extend the educational concessions in the consolidated order, since issued (G.O.No. 610-Edn., dated 20-4-1945), to emergency commissioned officers, who <sup>will be</sup> released on demobilisation and who propose to complete University studies, where such studies had suffered interruption owing to enrolment. The case of emergency commissioned officers who are discharged before demobilisation on medical or other grounds is not in issue here as they do not appear to come within the scope of the circular letter at C.F.1.

The case may now be submitted for orders in circulation.

These are extracts from a bigger file which dealt with this and other points. For facilitating disposal, separate files have been formed, as directed by Secy. This is one such.

The proposal at A above may be accepted. It applies only to those whose studies have been interrupted

Please see the orders on the previous page. A  
draft order is subd.

There may arise cases of students in  
University colleges having to be granted these  
concessions. Finance Secretary has suggested

that the Universities should first be invited to grant the con-  
cessions and the question of granting compensation, if any, to  
them for the consequent loss of fee income should be considered  
only after seeing the Universities' response to such invitation.  
Following that suggestion, a draft letter to the Registrars of  
the 3 Universities is submitted.

2. In the L.F. it is proposed to  
address the G. of I. in regard to the provision of educational  
concessions for students who are enrolled either while they  
are yet in school stage or ~~immediately~~ <sup>after</sup> completion of the high  
school course, for resuming studies after demobilisation. As  
a reference is going, the opportunity is taken to incorporate  
in it also cases of the type at "B" on p. 3 ante, to avoid  
leaving a hiatus.
