2-1-45

From

G.L. Lobo, Esq., B.A.(Hons.) (Cantab.)
Deputy Director (In charge)
Office of the D.P.I., Madras.

To

The Secretary to Government,
Education & Public Health Department.

Sir,

GRANT - Teaching and stipendiary - New Training schools
to be opened in 1945-1946.

Not Part II 1945-46

I have the honour to state that at the moment there is a
proposal under the consideration of the Government for the
introduction of compulsory education in 1945-46 at a cost of
Rs.20/- lakhs. The expenditure out of this amount will be
mainly on the provision of staff, accommodation and equipment.
The utilisation of any portion of this amount for the training
of teachers has not so far been considered. To start with,
about 4400 teachers will be required to work the compulsory
scheme and these will be mainly untrained teachers. But it is
necessary that trained teachers should be got as quickly as
possible. In order to hasten this process encouragement
should be given for the starting as many aided training
schools as possible; and this can be successfully done only
by aiding these new schools and by giving stipends to students
under training in these new schools even in 1945-46. For
obvious reasons there was no possibility to make provision
for these new schemes in the Part II estimate for 1945-46.
In the absence of specific provision in this regard students
under training in training schools to be opened in 1945-46
cannot be sanctioned stipends.

2. Realising the need for trained teachers the Government
have put down as No.1 priority in the Post War Reconstruction
scheme the output of an increased number of teachers. Any
private agency which comes forward to cooperate in this scheme
should be encouraged by promising stipends for the students
in their training schools in 1945-46 itself and aid for the
schools in the following year, viz., 1946-47. So the
question of sanctioning stipends to new students in Government
and aided training schools in 1945-46 will have to be decided.

3. (a) Besides the proposal for the provision of 20 lakhs
for the introduction of compulsion in 1945-46 referred to in
para 1 above, there is also a proposal under the consideration
of the Government for the provision of another 20 lakhs during
the first five year post war reconstruction plan for increasing
the number of training schools and the output of trained
teachers. I request you to state whether any portion of the
latter amount will be made available during 1945-46 for pay-
ment of stipends to students to be admitted in new training
schools to be opened in 1945-46. In case this is not
possible, I may be informed whether I may divert a portion of
20 lakhs proposed to be sanctioned in 1945-46 for the intro-
duction of compulsion on the payment of stipends to these
students.

(b) If either of these courses is not possible, I recommend
that Government may kindly make provision to the extent of
about Rs.50000/- in the budget estimate for 1945-46 for the
payment of the additional stipends required in the new training
schools or additional sections to be opened in July 1945.

4. An early decision may be given in the matter as
timely announcement will have to be made in this regard to the
managements of new training schools proposed to be opened in
1945-46.

I have the honour to be,
Sir,
Your most obedient serv

Sir,

EXPANSION OF FACILITIES for the training of teachers.

I have the honour to state that it is necessary to increase the supply of teachers on account of the scheme of compulsory Elementary Education to be brought into force in the Presidency. To this end, the number of admissions into the training schools has to be increased. It has been estimated that 4,800/- teachers will be required to instruct the pupils that are likely to be enrolled under the scheme of compulsion. The Government have already permitted an expenditure of Rs.50,000/- on stipends in the next year for additional sections to be opened in aided training schools. I have accordingly permitted the opening of new aided training schools and additional sections in the existing training schools. These will provide about a thousand additional teachers.

Memo No. 46 B3/45-25
24.1.45
(pp 2-3 ante)

2 Provision should be made for more admissions in Government Training schools for men and women. It is not possible now to state the actual number of additional sections or new training schools that should be opened by government. This can be known only in June next when all the applications have been received by the Inspecting officers. As it will be late to wait for this information and then to obtain the sanction of government I request that the Government may be pleased 1) to permit me to open additional sections in the Government Training schools for men and women, wherever necessary, though no provision has been made for this purpose in the budget, and 2). to provide the necessary additional funds later in the year, if necessary. As in the case of aided training schools, I request further that I may be permitted to incur an additional expenditure of Rs.50,000/- for stipends to the candidates admitted in the Government Training schools.

I will submit a report to Government as soon as the admission into the Government Training schools are made.

3. I request the favour of early orders.

for Director of Public Instruction

S i r,

Sub: Expansion of facilities for the training of teachers in the Government Training schools - Opening of additional sections.

Ref: Government Memo No.20149 C-2 Edn., dated 1-6-45 and your Telephone Message dated 30-6-1945.

31333

p 10 infra

With reference to the above Government Memo. I have the honour to submit proposals as detailed in the annexure to this letter for the opening of additional sections in the existing training schools for men and women. I have examined the proposals so far received from the inspecting officers and recommended in the annexure cases where the opening of additional sections is possible at once with the existing accommodation. In certain schools it appears necessary to construct buildings or temporary sheds and I have called for detailed proposals in regard to such cases. I shall submit further proposals in respect of other schools as soon as they are received from the inspecting officers and examined by me. In the meantime I request that the Government may be pleased to sanction urgently 1) the opening of additional sections in the training schools mentioned in the annexure as shown in column 7 and 2) the employment of staff as shown in column 8 and 9 and the expenditure on equipment shown in column 10.

2. It is reported that there are 239 applicants for admission to higher elementary training classes in North Arcot district. There are only two Government training schools for masters in the district viz., Government Training school at Ranipet and Government Muhammadan Training school at Arcot. It is not possible to admit more than 80 applicants in the Government Training school, Ranipet for want of adcommodation. The Government training school for Muhammadan masters at Arcot is a higher elementary training school for Muslims. There are only 4 pupils in the senior training section while only one has applied for admission to the junior section in the current year. Having regard to the very small number in the Muhammadan training school at Arcot and to the need for more teachers for the general schools in the district, I recommend the temporary closure of the Government training school for Muhammadan Masters at Arcot by transferring the senior pupil-teachers to the Government training school for Muhammadan Masters at Madras. I have issued orders accordingly. I request that my action may be approved. I recommend the opening of two higher elementary sections for Non-Muslims in the building of the Government Training school for Muhammadan Masters at Arcot. With the addition of one L.T. Assistant in the current year and 1 secondary grade teacher next year, the existing staff of the Muhammadan Training school at Arcot will be sufficient for the proposed additional sections. The post of Religious Instructor on the staff may be held in abeyance. The additional cost of the proposal in 1945-46 will be as follows:-

1945-46:-

1000

1 L.T. Assistant	70 x 8	..	560
Equipment		..	1,000
Stipends	80 x 8 x 8	..	5,120

			6,680 or Rs.6,700
			----- =====

The opening of the general training school in Arcot has not b
shown in

3. As in the case of the Government training school for Muhammadans at Arcot, the Government training school for Muhammadans at Bellary does not have sufficient strength. There are only 4 students in the senior section and only two have applied for admission this year. I recommend that the Government Training school for Muhammadan Masters at Bellary may be closed temporarily and that the students may be transferred to the Government training school for Muhammadans at Guntur. I have issued orders accordingly. I request that my action may be approved. The staff sanctioned for the school will be kept in abeyance.

4. I request the favour of orders very urgently,

for Director of Public Instruction.

EDUCATION AND PUBLIC HEALTH DEPT.

R.C. 11 A/45 dated 11-7-1945.

Sir,

31761

Sub: Expansion of facilities for the training of teachers - Opening of additional Training sections in the Government Training Schools for Women at Palghat and Calicut.

In continuation of my letter Rc.No.11 A/45 dated 9-7-45 I have the honour to submit the following proposal for the opening of one additional Higher Elementary Training section in each of the Government Training Schools for Women at Palghat and Calicut.

(i) Government Training School for Women, Palghat. ---

There are 335 applicants for admission to the Junior Higher Elementary Grade Training Section in this Training School as against the existing provision for the admission of 45 students in one section. The Inspectress reports that one additional section can be accommodated in the school in the current year and that a shed should be constructed for the senior section next year in view of non-availability of private buildings in the vicinity. As the need for additional facilities for training in the school is urgent, I recommend sanction for the opening of one additional Higher Elementary Grade Training section in the school in the current year. Admissions will be made to the additional section annually. The cost for opening the additional section will be as follows --

Cost in 1945-46:- Recurring.

Staff -	1 L.T. Assistant	Rs.70 x 8	: 560
Stipends -	40 x 8 x 8		2560

			3120 (3120)
			or Rs.3,100

Non-recurring.

Equipment: Furniture etc.	Rs.800/-

Extra Cost in 1946-47:-

Recurring: -	Staff: 1 Secy.Grade Assistant	Rs.30 x 8	: Rs. 240
	Stipends. 40 x 8 x 8	.. ..	2560

			Rs. 2800

Non-recurring:-

Equipment:	Furniture etc. for senior section. ..	Rs. 800
Construction of a shed.	..	2500

		Rs.3300

(ii) Government Training School for Women, Calicut.--

There are 425 applicants for admission to the Junior Higher Elementary Training Class in the Government Training School for Women, Calicut. There are at present 2 sections in the school to which admissions are made annually and a third section to which admissions are made in alternate years. The third section referred to above is a senior section in the current year and fresh admission will be made to it in the usual course only next year. The ~~Inspe~~ Inspectress proposes annual admissions to the above section from

p.t.o.

12

the current year and requests permission to make admissions to this section in the current year. She states that she would provide accommodation for the proposed additional section in the school in the current year and that a shed might be constructed in the school next year. I recommend that the Government may be pleased to accept the proposal of the Inspectress. The cost of the proposal is shown below.

Cost in 1945-46:

Recurring:	Staff: 1 L.T. Assistant 70 x 8 :	Rs. 560
	Stipends. 40 x 8 x 8 ..	2560
	Rs.	3120 or 3100/-

Non-recurring: Equipment: Furniture etc. Rs. 800/-

Extra cost in 1946-47:

Non-recurring: Construction of a shed Rs. 2500/-

I request the favour of very urgent orders.

I have the honour to be,
Sir,

cf

Grant - Stipendiary - Training schools or additional sections in existing Schools - Opening of - Expenditure in 1945-46

The proposal relating to the introduction of compulsory elementary ~~adult~~ education is treated as a Part II scheme for 1945-46 Vide the Part II note at flag (I)$^{\alpha}$. The D.P.I. has not given an idea as to how many new training schools or additional Sections in existing schools are proposed to be opened in July 1945. The additional provision asked for is ~~only~~ Rs. 50,000 and it ~~will~~ may not be difficult to meet this amount from the provision of Rs. 20 lakhs proposed to be included in the next years budget for introducing compulsory elementary education; It ~~would appear~~ seems that it is too late to consider the question of increasing the provision in the next year's budget for the payment of stipendiary grants.

α Removed

from 3 (b) on p 1 cf

This will be under a different unit of appropriation with the training of teachers

2. The reply to the question at 'P' in para 3 (a) of the Director's letter, may be in the affirmative.

p.1 cf

Finance may see.

5/1 5-1-45

A on p. 1 c. 7

The simpler course is to tell the D. P. I. to operate on the sanctioned appropriation for the training of teachers and to apply to the Govt. in the course of 1945-46 for addl. funds, shd: it be found that

ASSISTANT SECRETARY
9 - JAN 1945
FINANCE DEPARTMENT

1549

The course suggested by E and P.H. at M on pp.1-2 above is open to the following objections:

(a) The proposal for an additional grant of Rs 50,000 p.a. required for payment of additional stipends in ~~the~~ new training schools in existing schools or additional sections to be opened in July 1945 should ordinarily be treated as a Part II scheme for 1945-6. It is now too late to treat it as a Part II scheme.

~~Thro B.E. III~~

Further, the expenditure is on a 'New Service' ⓧ requiring orders in full circulation and H.E.'s authorisation to the necessary estimate of expenditure in due course.

ⓧ as the expr. is long

(b) The grant of Rs 50,000 now asked for is of a recurring nature. As ~~x~~ the recurring expenditure exceeds Rs 25,000 the prior sanction of the Governor-General under the Section 93 situation will be necessary.

2. It will, therefore, be better to adopt the suggestion of the D.P.I. to divert a portion of Rs 20 lakhs proposed to be sanctioned in 1945-6 for the introduction of compulsory elementary education towards the payment of stipends to ~~new~~ students in the training schools next year. There seems to be no objection to adopting this course as the payment of stipends to teachers undergoing training is a necessary part of the main scheme of introduction of compulsory training next year. If this suggestion is accepted, it is not necessary to follow

FINANCE DEPARTMENT

Finance (Exp.A).

When the D.P.I. applied in December, 1944 for an additional grant of Rs 50,000 for the payment of additional stipends in aided training schools during 1945-6, it was proposed by this Department that this additional amount may be diverted from the lump-sum provision of Rs 20 lakhs provided in the Budget for 1945-6 for the introduction of ~~the~~ compulsory elementary education in this Province. Orders were accordingly issued to the D.P.I. in E.P.H. Memo. on pages 2-3 C.F. ~~Now~~ The present proposal of the D.P.I on page 4 C.F. is ~~for the~~ that a similar amount (Rs 50,000) may be sanctioned for providing additional stipends in the Govt. Training schools during the current year, and it is proposed to sanction the amount as in the draft memo put up below. It is submitted that the present proposal is open to the same objections as the previous proposal of the D.P.I in respect of aided schools - see para 1 of this Department's note on page 2 above. Finance may accordingly suggest that the additional amount required in the present case may also be diverted from the lump-sum ~~of provision~~ of Rs 20 lakhs provided in the current year's budget for the introduction of compulsory elementary education. With these remarks, the file may be returned to E.P.H for revising the draft memo. accordingly.

D23

SECRETARY, EDN. AND P. H. DEPT.
25 JUL 1945
GOVERNMENT OF MADRAS

Sir,

On behalf of the local Muslim League, I beg permission to submit the following appeal for your kind consideration and favourable orders.

At Arcot there was a Muslim Training School since 1916. Now this School is held in abeyance from the current school year in obedience to the orders of the Director of Public Instruction Madras. This appeal is submitted to your honour for favour of reconsideration of the abeyance order on the facts represented in this appeal.

Holding in abeyance of the Govt. Muslim Training School, Arcot will result in dearth of Muslim Trained teachers in near future in South India because in course of a decade nearly 50% of the no. of teachers working in aided or public schools will be decided to retire or quit services owing to superannuation. When there are no trained teachers to work in Muslim schools either the schools will have to be closed or the Hindu teachers will have to work in Muslim schools. This will mean the death blow to the growth of Urdu mother language which is the Lingua Franca of India.

For the past 29 years this school has been working here in the historical town which was once the capital of the Carnatic Nawabs. It is first place in India, where the British flag was hoisted by Lord Clive in 1751 & this paved the way for the future British domination of India. To keep the name of the place alive and green in the minds of Muslim rural folk the training school for Muhammadans, Arcot was till now wielding a great influence. Arcot is a healthy place and the Training School is located a mile away from the town proper & as such the Training School environment is free from Town temptations and flatteries found in similar big towns. Compared with other towns, Arcot is a cheaper place in all respects. This economic problem could not be lost sight of by any one who bestow a little consideration for the cause of Muslim Education in spite of their backwardness and poverty.

The Muslims are now coming forward in the field of Education and all this is due to their good Elementary Education which they have received in their young days. To wean the Muslim Community from the supply of Urdu knowing Muslim Trained teachers will be a very hard blow to the cause of the Education of the Muslim Community. Instead of encouraging the Muslim Education and its expansion & growth the abeyance orders of the Director will sap the foundation and deprive the Muslims of Trained Urdu knowing Muslim Teachers.

A trial for atleast 3 years from 1945 to 1947 could have been made and guillotine used after trial. One light is lighted from another. When the lamp is put out, the whole house will be dark. The Education authorities concerned are expected to keep the lamp of Education alight instead of putting out and thus leave the poor Muslim Community to grope in darkness.

The no. of trainees at present is very low. In course o
time, there is hope & possibility of increasing the number soon af
the victory of the British Arms in the Near East and the subjuga
and annihilation of Japan the pigmy rival of the Allies.

Most of the Muslim young men who are now recruited for war purposes will certainly join the Training schools to serve the Community.

This is the only Training school which supplies Trained Urdu teachers in South India. Urdu Language and Urdu knowing Muslim Teachers will be a thing of the past in case the present abeyance orders of the Director of Public Instruction Madras are executed. Further the policy of the Government is to promote Elementary Education in general and Muslim Elementary Education in particular will be frustrated in case the orders of the Director are brought into execution.

Therefore the Muslims most humbly appeal to you and pray for kind intervention, enquiry and decision in their favour and for the retention of the school.

I beg to remain

Sir,

Sub: Revival of the Govt. Muhammadan Training School, Bellary during 1946-47 - orders requested.

The Govt. Muhammadan Training School, Bellary was temporarily closed during 1945-46 for want of strength (vide G.O.No.Ms.1074, Education & Public Health, dated 17-7-45) and the pupil teachers in the school were transferred to the Govt. Muhammadan Training School for Masters at Guntur.

This year, however, 15 applications have been so far received and some more are expected. Moreover the Islamiah Training School at Kurnool, an aided institution has not been staffed with qualified persons and its general condition can not be considered satisfactory. It is reported that it is likely it may be closed. Should this happen there would not be any training institution for muslims in the entire division.

Owing to the introduction of compulsion which is to be extended year after year there is an urgent demand for trained teachers. Thus a need for the revival of the Govt. Muhammadan Training School at Bellary.

I request that early orders may kindly be passed sanctioning the revival of the Govt. Muhammadan Training School at Bellary during 1946-47. The staff already sanctioned but kept in abeyance may be revived.

I have the honour to be,
Sir,
Your most obedient servant,

for Director of Public Instruction.
