Copy of R.C.No.30/45-46 dated 26-5-1945 of the Adviser to Government on Manual Training, Teachers' College Saidapet to the Principal, Teachers' College, Saidapet.

Ref: Your R.C.No.307 D/44 dated 9-10-44, communicating Pros. R.C.No.1105 A/44 dated 28-9-44 of the Director of Public Instruction, Madras.

The post of the Asst. to the Adviser to Govt. on Manual Training was sanctioned for two years from July 1st 1943 in G.O.1737 Edn. & Public Health dated 4-12-42 communicated in the Director's Pros. Dis.No.4567/42 dated 11-12-42; by June 30th 1945 the period of two years will be over. The continuance of the post is strongly recommended; its need is shown below:

2. (a) The number of institutions in this Presidency having Manual Training, Prevocational Training and Handicrafts increases and is now over 2000, vide this office annual report on Manual Training etc. for 1943-44, and this office is concerned with their inspections scrutiny of their indents, suggestions and advice.

(b) This office in its R.C.No.289/44-45, d/ 28-10-44 recommended the training of a large number of Deputy Inspectors in Handicrafts at the Teachers' College, Saidapet to afford technical knowledge to these inspectors to assist them in inspecting Prevocational classes in Elementary Schools.

(c) It may also be necessary to open training classes for Instructors in Machine Drawing etc. for the proposed new S.S.L.C. scheme of studies.

(d) After the war more development of Manual Training & Prevocational Training Classes and inspections etc. may be necessary.

3. At the Post War Reconstruction Committee (Technical Education) meetings in Madras, I recommended the following training classes be opened for demobilised soldiers, the men so trained to be available as Instructors in Prevocational Training classes in our schools.

1) Training classes in Horticulture, Poultry farming & Bee-keeping at the Agricultural College, Coimbatore. (Our present classes are more horticultural than agricultural in character).

11) Training classes in certain other technical subjects in selected Industrial schools. Training classes for Instructors in Weaving and Coir work have already been opened.

4. Attention is kindly invited to my recommendations contained in this office R.C.No.813 /44-45 dated 12-9-44, to the Director of Public Instruction, Madras through the Principal, Teachers' College, Saidapet, which are re-iterated, i.e. that the post be sanctioned for a further period of two years from July 1st 1945 and that the pay of the post, from July 1st 1945, be that sanctioned for Selection Grade of Senior Deputy Inspectors of Schools, i.e. Rs.140-15/2-200.

5. The Adviser is often on inspection duties in the Presidency and the work of the incumbent is the supervision of office work; special training classes for instructors; Manual Training Classes of the L.T., Secondary Grade, and the High School classes in Engraving, Weaving, Woodcarving and Woodwork; and will also include later the supervision of the training of Deputy Inspectors of Schools in Handicrafts and work regarding further expansion as noted above.

6. It will be seen the work is arduous, responsible and worthy of the grade of pay again recommended by me, i.e. Rs.140-15/2-200.

full term of the temporary period viz., three months. Evidently the then District Educational Officer appointed the humble Memorialist not in a stop-gap arrangement and he felt that there would be no need to replace the humble Memorialist as there would be no Service Commission candidate. He did not, therefore, invoke the provision of Rule 4(a)(1) of the General Rules for Subordinate Services when he appointed the humble memorialist. He had also satisfied himself of the communal rotation rules. The humble Memorialist had also subsequently remitted Rs.10/- as fee for selection.

The humble Memorialist had thus officiated as a regular probationer in the Secondary Grade Teachers' Cadre.

The humble memorialist prays that the Government may be pleased to review his case in the light of the circumstances specified above and in consideration of hixx the very backward
