The waterproof clothing is essential for the watchmen in view of the fact that they have to go round the Farm at all times at night irrespective of the weather conditions. The great coat, while only keeping them warm, will not protect them against rain. Also if the great coat gets wet it will not be possible to use it again, unless it is completely dry and will wear out too soon if used as rain coat. Therefore I request that the waterproof clothing may also be included.

3. Sanction is also accorded to the supply of an umbrella to each of the two watchmen in place of a water-proof coat with turban cover proposed by the D.A. The period of wear for the umbrella will be 12 years. (6)

4. The Govt. consider that the supply of a great coat is unnecessary as the watchmen are to be provided with ~~an umbrella~~ ^{a cumby} each.

G.O. No. 1539, 27th April 1939

Public Health Board—Constituted.

READ—the following paper:—

From the Director of Public Health, dated 11th March 1939. No. 9229-A-1-Hyg.

Order—No. 1539, P.H., dated 27th April 1939.

His Excellency the Governor of Madras is hereby pleased to direct that, under the powers vested in him by section 4 (1) of the Madras Public Health Act, 1939, the Madras Public Health Board shall be constituted with effect from 9th May 1939.

2. The first meeting of the Board shall be held in the Committee Room, Fort St. George, on the 9th May 1939 at 10 a.m. to consider the framing of regulations under section 5 (2) of the Public Health Act and any other business that may be brought forward at that meeting.

3. In exercise of the powers vested in him under section 4 (1) (c) of the Madras Public Health Act, His Excellency the Governor of Madras is hereby pleased to nominate the following persons, who are members of the Madras Legislature, to be members of the Public Health Board:—

(1) Sri N. M. R. Subbaraman, M.L.A.

(2) Mrs. Rukmani Lakshminathi M.L.A.

Finance (Dep A)
The scale of warm clothing supplied to the temporary peon at the Agricultural Research Station and that proposed for 2 watchmen of the same station compare as shown below:

	Peon 8.5.44	watchman
Blue Serge Suit	1	1
Cumby	1	1
Umbrella	1	nil
Great Coat	—	1
Waterproof Coat with turban cover	—	1

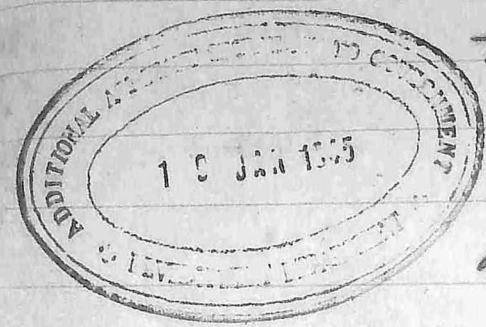

Blue serge suit and cumby for each of the 2 watchmen may be agreed to. When cumby is supplied, great coat seems unnecessary as both serve the same purpose of protection from cold. Waterproof coat & turban cover are also unnecessary, as an umbrella would seem sufficient.

Subject to the above remarks, the draft order may be accepted.
